PROFESSIONAL DEVELOPMENT OPPORTUNITIES

NC STUDENT SUCCESS CENTER PROFESSIONAL DEVELOPMENT

Greetings,

The NC Student Success Center is happy to announce an excellent line up of professional development opportunities for all faculty and staff at our 58 colleges. We have presenters from a variety of our colleges along with national experts to round out our offerings. Please share this information widely at your college.

Register now for these exciting and informative workshops! You will be sent the Zoom links after registering for the workshops.

Additionally, remember to check out the Student Success Center Moodle site, ncssc-pd.org. We currently offer a six-module onboarding course called **Start Right Now** that has gotten rave reviews. It includes modules on Who We Are, What We Do, Who We Serve, Advising and Financial Aid, Best Practices for Teaching and Learning, and Promoting Diversity, Equity, and Inclusion. All courses are free and available to all colleges, faculty, and staff on demand.

Thank you,

Susan Barbitta

Executive Director, NC Student Success Center

  Become more effective in dealing with the people side of projects
- **Managing Engineering, Science and Other Technology Projects**
  How to decide when it is best to hold on to your project and when to walk away
- **Project Management: Tools | Principles | Practices**
  Learn to plan, schedule and control projects successfully

These courses and certificates are brought to you by NC State's Office of Professional Development and The Lewis Institute.

DIGITAL SKILLS BOOTCAMPS - ONLINE

Gain the skills you need to thrive in a digital career! Upgrade your career and build upon your professional path with the NC State Digital Skills Bootcamps. Offered in partnership with HackerU, a premier digital skills and cybersecurity education provider, these bootcamps will provide you with the knowledge and expertise to move into an exciting digital career in no more than a year.

Cybersecurity Bootcamp

Learn the fundamentals of cybersecurity and gain hands-on experience through immersive lectures, group exercises, virtual cyber labs, and real-world simulations. Areas you will study include the fundamentals of networking, systems, and programming, in addition to best practices in advanced cybersecurity strategy from experts currently working in the cybersecurity field.

Digital Marketing Bootcamp

Gain a strong foundation of digital marketing theory and practice, focusing on the industry's most in-demand marketing tactics, including customer relationship management, search engine optimization, data analytics, email marketing, and more. The curriculum is continuously updated to reflect current digital marketing practices. You will complete the program with an extensive e-portfolio that demonstrates your digital marketing knowledge. In addition to field-specific training, the NC State Digital Skills Bootcamps will provide you with in-depth career development resources and support. Resume writing, interview guidance, LinkedIn profile optimization, and work assistance are some of the many tools provided to ensure you are prepared to join the workforce after the program is completed. (Learn more and register)

67TH ANNUAL SPORT FISHING SCHOOL
