

Esthetics & Skin Care Training

The two-part, 600 hour Esthetician program provides future skin care specialists with the practical skills and knowledge necessary to be successful in the salon/spa industry. Students will learn how to perform popular esthetic services such as facials, waxing and body treatments. This program prepares the student for the North Carolina State Cosmetic Arts Licensing Exam.

Course covers:

- skin care & facials
- make-up & application techniques
- eyebrow shaping
- waxing & tinting
- eyelash application & tinting
- unwanted hair removal
- skin/make-up
- specialized skin care
- microderm abrasion/chemical peel
