PROGRAM FACT SHEET MAMMOGRAPHY CERTIFICATE (C45830)

The Mammography curriculum provides registered radiologic technologists the didactic and clinical experience to become registered mammographers.

Coursework includes clinical rotations to mammography facilities, breast anatomy/physiology, patient preparation/education, mammographic procedures, interventional procedures, image analysis, mammographic instrumentation, physics, quality control, and quality assurance.

Graduates will meet the Mammography Quality Standards Act initial training requirements for mammography and may be eligible to apply to take the American Registry of Radiologic Technologists (ARRT) post primary certification in Mammography.
