PROGRAM FACT SHEET SURGICAL TECHNOLOGY (A45740)

The Surgical Technology curriculum prepares individuals to assist in the care of the surgical patient in the operating room and to function as a member of the surgical team.

Students will apply theoretical knowledge to the care of patients undergoing surgery and develop skills necessary to prepare supplies, equipment, and instruments; maintain aseptic conditions; prepare patients for surgery; and assist surgeons during operations.

Students of CAAHEP (Commission of Accreditation of Allied Health Education Programs) accredited program are required to take the national certification exam administered by the NBSTSA (National Board on Certification

in Surgical Technology and Surgical Assisting) within a four week period to or after graduation. Employment opportunities include labor/delivery/emergency departments, inpatient/outpatient surgery centers, dialysis units/facilities, physicians' offices, and central supply processing units.

Work-Based Learning Option: NA

***Student Completed Accredited Surgical Technology Program.**

****Certified Surgical Technologist may be given credit for these courses.**

Students with a felony conviction may have limited certification and employment opportunities.

Note:The Advanced SUR courses are individually tailored for surgical/special areas of concentration. Completion of this advanced clinical degree is recommended for advanced placement in the surgical arena. These considerations are for this program only.

***Note:** Students **may not** take an introductory foreign language to fulfill the Humanities/Fine Arts requirement.

Refer to the FTCC website for the most current information.
