Welcome to the first stop on the road to a rewarding career with Caliber Collision, the nation's fastest growing collision repair company.

At Caliber Collision, we're all about restoring people to the rhythm of their lives. From our customers to our communities to our teammates, restoring lives isn't just a goal, it's what drives us.

Caliber Collision didn't get to be the nation's largest collision repair company by accident. It's taken an unyielding commitment to be the collision repair center of choice in every community we serve – a vision that began when our company was founded in 1997 and continues strong to this day.

Our Changing Lanes initiative offers transitioning Military an opportunity to enroll in a FREE Career Skills program to enter the Collision/ Auto body industry. Upon successful completion of the program, guaranteed job placement at any Caliber location (over 440 locations to choose from). This 18-Week class provides hands-on training for a career as a Collision/Auto-body Technician. All training takes place during duty hours in the Fayetteville area. Caliber also offers a Tool package kit along with competitive pay plans with benefits.

For more information on the Changing Lanes program please contact: Doug Willberg at Douglas.Willberg@CaliberCollision.com or call (910-689-4554).
