

# FTCC CAMPUS EXPOSURE PROCEDURES

## Table of Contents:

	<b>Situation</b>		<b>Individual's Status</b>
<b>Page 1</b>	Potential or Known Close Contact Exposure <sup>1</sup>	Not Experiencing Symptoms	Fully Vaccinated <sup>2</sup> (or documented COVID-19 infection with the last 90 days)
<b>Page 2</b>	Potential or Known Close Contact Exposure <sup>1</sup>	Not Experiencing Symptoms	Unvaccinated
<b>Page 3</b>	Potential or Known Close Contact Exposure <sup>1</sup>	Experiencing COVID-19 like Symptoms <sup>3</sup>	Fully Vaccinated <sup>2</sup> (or documented COVID-19 infections with the last 90 days)
<b>Page 4</b>	Potential or Known Close Contact Exposure <sup>1</sup>	Experiencing COVID-19 like Symptoms <sup>3</sup>	Unvaccinated
<b>Page 5</b>	No Known Exposure	Experiencing COVID-19 like Symptoms <sup>3</sup>	Fully Vaccinated <sup>2</sup> (or documented COVID-19 infections with the last 90 days)
<b>Page 6</b>	No Known Exposure	Experiencing COVID-19 like Symptoms <sup>3</sup>	Unvaccinated
<b>Page 7</b>	Diagnosed (Positive) for COVID-19		Vaccinated <sup>2</sup> or Unvaccinated
<b>Page 8</b>	Indirect Exposure	My (spouse, child, co-worker, friend, etc.) had a potential exposure to someone who tested positive for Covid-19.	Vaccinated <sup>2</sup> or Unvaccinated

<sup>1</sup> Close Contact Exposure = You were within 6 feet of the person for a cumulative total of 15 minutes or more over a 24-hour period, regardless of whether a face mask was worn by either party and/or you had direct physical contact with the person and/or you shared eating or drinking utensils with the person and/or they sneezed, coughed or somehow got respiratory droplets on you.

<sup>2</sup> Fully Vaccinated = At least two weeks have passed since vaccine series was completed and individual has shared proof of COVID-19 vaccine(s) with the college.

<sup>3</sup> COVID-19 like Symptoms = Fever or chills, Cough, Shortness of breath or difficulty breathing, Fatigue, Muscle or body aches, New loss of taste or smell, Headache, Sore Throat, Congestion or runny nose, Nausea or vomiting, Diarrhea

**\*\*\*Students, faculty and staff who do not share/provide proof of their vaccine status should follow the “unvaccinated” guidelines.**

## FTCC CAMPUS EXPOSURE PROCEDURES

<b>Situation</b>		<b>Individual's Status</b>
<b>Potential or Known Close Contact Exposure</b>	<b>Not Experiencing Symptoms</b>	<b>Fully Vaccinated</b> (or documented COVID-19 infections with the last 90 days)
<p>1. Report the exposure immediately to your instructor (if you are a student) or to your supervisor (if you are an employee).</p> <ul style="list-style-type: none"> <li>• Within 4 hours, the instructor or supervisor should complete and submit a <u>C-40 form</u> to individuals designated on form.</li> </ul> <p style="background-color: #00ff00; padding: 2px;"><b>You may continue to come to campus as long as you:</b></p> <p>2. Wear a face covering indoors.</p> <p>3. Get tested between Day 3 and 5 after the exposure, even if you don't have symptoms.</p> <p>4. Monitor yourself daily for COVID-19 symptoms for 14 days after the potential exposure.</p> <p>***If you develop any COVID-19 symptoms within 14 days of a close contact exposure, follow the guidelines for "Close Contact Exposure, Experiencing Symptoms," for Vaccinated individuals</p>		

## FTCC CAMPUS EXPOSURE PROCEDURES

Situation		<i>Individual's Status</i>
<b>Potential or Known Close Contact Exposure</b>	<b>Not Experiencing Symptoms</b>	<b>Unvaccinated</b>
<p><b>1. Stay away from campus and <u>quarantine at home.</u></b></p> <p>2. Report the exposure immediately to your instructor (if you are a student) or to your supervisor (if you are an employee).</p> <p style="padding-left: 20px;">a. Within 4 hours, the instructor or supervisor should complete and submit a <a href="#">C-40 form</a> to individuals designated on form.</p> <p>3. You should be tested as soon as possible (Rapid or PCR/NAAT). If negative, test again (PCR/NAAT) within days 5–7 after last exposure.</p> <p>4. Monitor yourself daily for COVID-19 symptoms for 14 days after the potential exposure.</p> <p><b>You may return to campus when:</b></p> <ul style="list-style-type: none"> <li>• At least 10 days have passed from either the date of your potential exposure <b>OR</b></li> <li>• On the 8<sup>th</sup> day since your potential exposure, after receiving a negative <b>PCR/NAAT</b> test result (test must occur/have been collected on day 5 or later of potential/known exposure) <b>OR</b></li> <li>• You are notified by the College to return earlier because the person suspected of having COVID-19 has tested negative</li> </ul> <p>***If you develop any COVID-19 symptoms within 14 days of a close contact exposure, follow the guidelines for “Close Contact Exposure, Experiencing Symptoms,” for unvaccinated individuals.</p>		

## FTCC CAMPUS EXPOSURE PROCEDURES

Situation		<i>Individual's Status</i>
Potential or Known Close Contact Exposure	Experiencing COVID-19 like Symptoms	Fully Vaccinated (or documented COVID-19 infections with the last 90 days)
<p><b>1. Stay away from campus and isolate at home.</b></p> <p>2. Report the exposure immediately to your instructor (if you are a student) or to your supervisor (if you are an employee).</p> <ul style="list-style-type: none"> <li>• Within 4 hours, the instructor or supervisor should complete and submit a <u>C-40 form</u> to individuals designated on form.</li> </ul> <p>3. Get tested as soon as possible (Rapid or PCR/NAAT). If negative, test again (PCR/NAAT) within days 3-5 after <u>last</u> exposure.</p> <p><b>You may return to campus when:</b></p> <ul style="list-style-type: none"> <li>• At least 10 days after the first appearance of symptoms <b>and</b></li> <li>• At least 24 hours have passed with no fever (100.4° F) and no use of fever-reducing medication <b>and</b></li> <li>• You have felt well for at least 24 hours</li> </ul> <p><b>OR</b></p> <ul style="list-style-type: none"> <li>• You have a Negative PCR/NAAT Test (test must occur/have been collected on day 3 or later of potential/known exposure) <b>and</b></li> <li>• At least 24 hours have passed with no fever (100.4° F) and no use of fever-reducing medication <b>and</b></li> <li>• You have felt well for at least 24 hours</li> </ul> <p>*** If you have a Positive COVID-19 antigen test, you should <b>isolate</b> at home and follow the “Diagnosed (Positive) for COVID-19” procedure.</p>		

## FTCC CAMPUS EXPOSURE PROCEDURES

Situation		<i>Individual's Status</i>
Potential or Known Close Contact Exposure	Experiencing COVID-19 like Symptoms	Unvaccinated
<p><b>1. Stay away from campus and isolate at home.</b></p> <p>2. Report the exposure immediately to your instructor (if you are a student) or to your supervisor (if you are an employee).</p> <p>a. Within 4 hours, the instructor or supervisor should complete and submit a <u>C-40 form</u> to individuals designated on form.</p> <p>3. You should be tested as soon as possible (<b>rapid or PCR/NAAT</b>). If negative, test again (<b>PCR/NAAT</b>) within days 5–7 after <u>last</u> exposure.</p> <p><b>You may return to campus when:</b></p> <ul style="list-style-type: none"> <li>• At least 10 days after the first appearance of symptoms <b>and</b></li> <li>• At least 24 hours have passed with no fever (100.4° F) and no use of fever-reducing medication <b>and</b></li> <li>• You have felt well for at least 24 hours</li> </ul> <p>*** If you have a Positive COVID-19 antigen test, you should <b>isolate</b> at home and follow the “Diagnosed (Positive) for COVID-19” procedure.</p>		

## FTCC CAMPUS EXPOSURE PROCEDURES

Situation		<i>Individual's Status</i>
No Known Exposure	Experiencing COVID-19 like Symptoms	Fully Vaccinated (or documented COVID-19 infections with the last 90 days)
<p><b>1. Stay away from campus and isolate at home.</b></p> <p>2. Report the exposure immediately to your instructor (if you are a student) or to your supervisor (if you are an employee).</p> <p>a. Within 4 hours, the instructor or supervisor should complete and submit a <u>C-40 form</u> to individuals designated on form.</p> <p>4. You should be tested as soon as possible (<b>rapid or PCR/NAAT</b>). If negative, test again (<b>PCR/NAAT</b>) within days 3–5 of symptom onset.</p> <p><b>You may return to campus when:</b></p> <ul style="list-style-type: none"> <li>• At least 10 days after the first appearance of symptoms <b>and</b></li> <li>• At least 24 hours have passed with no fever (100.4° F) and no use of fever-reducing medication <b>and</b></li> <li>• You have felt well for at least 24 hours</li> </ul> <p><b>OR</b></p> <ul style="list-style-type: none"> <li>• You have a Negative PCR/NAAT Test (test must occur/have been collected on day 3 or later of symptom onset) <b>and</b></li> <li>• At least 24 hours have passed with no fever (100.4° F) and no use of fever-reducing medication <b>and</b></li> <li>• You have felt well for at least 24 hours</li> </ul> <p><b>OR</b></p> <ul style="list-style-type: none"> <li>• You have been clinically evaluated by your healthcare provider and have a note that you are clear to return to campus</li> <li>• You have a Negative Rapid or PCR/NAAT test</li> </ul> <p>*** If you have a Positive COVID-19 antigen test, you should <b>isolate</b> at home and follow the “Diagnosed (Positive) for COVID-19” procedure.</p>		

## FTCC CAMPUS EXPOSURE PROCEDURES

Situation		<i>Individual's Status</i>
<b>No Known Exposure</b>	<b>Experiencing COVID-19 like Symptoms</b>	<b>Unvaccinated</b>
<p><b>1. Stay away from campus and isolate at home.</b></p> <p>2. Report the exposure immediately to your instructor (if you are a student) or to your supervisor (if you are an employee).</p> <p style="margin-left: 20px;">a. Within 4 hours, the instructor or supervisor should complete and submit a <u>C-40 form</u> to individuals designated on form.</p> <p>3. You should be tested as soon as possible (<b>rapid or PCR/NAAT</b>). If negative, test again (<b>PCR/NAAT</b>) within days 5–7 of symptom onset.</p> <p><b>You may return to campus when:</b></p> <ul style="list-style-type: none"> <li>• At least 10 days after the first appearance of symptoms <b>and</b></li> <li>• At least 24 hours have passed with no fever (100.4° F) and no use of fever-reducing medication <b>and</b></li> <li>• You have felt well for at least 24 hours</li> </ul> <p><b>OR</b></p> <ul style="list-style-type: none"> <li>• You have a Negative PCR/NAAT Test (test must occur/have been collected on day 5 or later of symptom onset) <b>and</b></li> <li>• At least 24 hours have passed with no fever (100.4° F) and no use of fever-reducing medication <b>and</b></li> <li>• You have felt well for at least 24 hours</li> </ul> <p>*** If you have a Positive COVID-19 antigen test, you should <b>isolate</b> at home and follow the “Diagnosed (Positive) for COVID-19” procedure.</p>		

## FTCC CAMPUS EXPOSURE PROCEDURES

Situation	Individual's Status
Diagnosed (Positive) for COVID-19	Vaccinated or Unvaccinated
<p><b>1. Stay away from campus and isolate yourself from others, including those in your household.</b></p> <p>2. Report your COVID positive diagnosis immediately to your instructor (if you are a student) or to your supervisor (if you are an employee).</p> <p style="padding-left: 20px;">a. Within 4 hours, the instructor or supervisor should complete and submit a <u>C-40 form</u> to individuals designated on form.</p> <p><b>You may return to campus when:</b></p> <ul style="list-style-type: none"> <li>• At least 10 days have passed since the date of your positive test <b>and</b></li> <li>• At least 10 days after the first appearance of symptoms <b>and</b></li> <li>• At least 24 hours have passed with no fever (100.4° F) and no use of fever-reducing medication <b>and</b></li> <li>• Other Covid-19 symptoms are improving. <ul style="list-style-type: none"> <li>○ <b>Note:</b> <i>Loss of taste and smell may persist for weeks or months after recovery and need not delay the end of isolation</i></li> </ul> </li> </ul> <p>***Individuals diagnosed with COVID-19 should not be asked to provide a negative test to return to campus nor participate in surveillance testing for 90-days following their positive COVID-19 test.</p>	

## FTCC CAMPUS EXPOSURE PROCEDURES

Situation	<i>Individual's Status</i>
Indirect Exposure	<p><b>My (spouse, child, co-worker, friend, etc.) had a potential exposure to someone who tested positive for Covid-19.</b></p> <p>Vaccinated or Unvaccinated</p>
<p>1. Continue to wear mask on campus as required. 2. Monitor yourself for any new onset of symptoms.</p> <p><b>You may continue to come to campus as long as you:</b></p> <ul style="list-style-type: none"> <li>• wear a mask <b>and</b></li> <li>• have no symptoms</li> </ul>
