

Sept 2022

# Cyber Alerts

Systems Security & Analysis Program Newsletter

## Welcome New Students to the Systems Security & Analysis and Intelligence Studies Programs

The Cyber Alerts newsletter is sent out each month from September through May to inform you to events (i.e. CTFs, Virtual Training,) and opportunities (i.e. Scholarships, Internships) available to you as members of these programs, as well as to remind you of important dates (i.e. registering for upcoming semesters and applying for graduation).

---

### FALL-II REGISTRATION!

**8- week classes start October 13th.**

For assistance, contact your advisor or reach out to Mr. Herring, at [herringc@faytechcc.edu](mailto:herringc@faytechcc.edu)

---

Mrs. Holley, lead Red Hat Academy instructor, will be conducting Red Hat Certified System Administrator (RHCSA) exam prep sessions for students interested in taking the RHCSA.

For details email: [holleyr@faytechcc.edu](mailto:holleyr@faytechcc.edu)

### DoD Cyber Scholarship

FTCC Students starting their second year are eligible to apply. Must be able to obtain a security clearance.

Details can be found at:

<https://www.dodemergingtech.com/how-do-students-apply-for-a-dod-cyber-scholarship/>

### NSA CODEBREAKERS CHALLENGE 2022

Although the event has already begun, you can still join in and complete the challenge. Although this is a tool used by the NSA to look for talent, it can also be your tool to test and improve your own skills and pad your resume, even if you are not intending to work for the NSA. To join and start the challenge go to:

<https://nsa-codebreaker.org/home>

### WORK @ CISA

Cybersecurity & Infrastructure Security Agency (CISA) is looking to fill many positions and via this link: <https://dhscs.usajobs.gov/Apply> you can see they offer opportunities for those with little to no experience!

## Upcoming Events:

The National Cybersecurity Training and Education (NCyTE) Center along with the Centers of Academic Excellence (CAE) in Cybersecurity Community are hosting the sixth annual National Cybersecurity Virtual Career Fair on **Sept 16th 9 am-1pm PT**.

To register for this event visit: <https://caecommunity.6connex.com/event/virtual/vcf2022students/login>

## JOIN THE CLUB

Interested in joining a group that has a passion for cybersecurity?

How about getting a chance to work with tools and participate in unique challenges, such as the National Cyber League Competition, and workshops around cybersecurity?

If this sounds interesting to you then consider joining the Cybersecurity Club. You can join the club even if you are not in the Systems Security & Analysis Degree.

The club has a virtual meeting on Tuesday September 6th @ 6pm. Please join in if you would like to learn more.

Use the link below to join

<https://forms.gle/AtHJFvntCnBdinPE6>

Or contact Mr. Cummings at [cummings@faytechcc.edu](mailto:cummings@faytechcc.edu)

ARE YOU CURIOUS ABOUT:  
The latest cybersecurity attacks?  
Exploring & working with toolkits & methods used by attackers?

## JOIN FTCC'S CYBERSECURITY CLUB!

All those with a passion for cybersecurity and the willingness to learn are welcome to participate.

**Upcoming Events:** National Cyber League Competition

**Interested in Joining?** Membership Fee: Only \$10!

**CONTACT INFO:**  
William N. Cummings  
[cummingsw@faytechcc.edu](mailto:cummingsw@faytechcc.edu)  
(910)678-8323

## National Cyber League 2022
