Fall Registration is Open!

It may seem early to think of falling leaves and Fall classes when Summer pools are not yet open, but if you prefer to sleep in then you need to register early for the classes you! Late sessions fill up fast!

Still time to register for Summer!

Many of the classes you needed for your degree are available this summer from Gen-Ed classes to CTI-110, CTI-120, CTS-115, NET-126, NOS-110, NOS-220, SEC-110, & SEC-160

The optional elective class CSC-121 will also be offered this summer.

For assistance, contact your advisor or reach out to Mr. Herring, at 910-678-8509

Industrial Cybersecurity Professional Services Rotational Paid Internship

You read that correctly, Dragos has a paid internship opportunity.

Interns will have the opportunity to spend 3 weeks each learning from, shadowing, and assisting the Dragos penetration testing team, incident response team, along with the industrial consulting team. Emphasis placed on foundational education, followed by participation in a client-facing engagement or similar project.

Have some experience, Dragos also has remote full-time positions available

For more information about the internship or available job opportunities, see the link below:
