

Allied Health

Immunizations and Other Requirements

Although FTCC does not mandate immunizations, background checks, and drug screens, we must abide by the mandates of our clinical education sites. Please note: most clinical education sites are not granting COVID-19 vaccine exemptions to students. Contact your program coordinator or department chair for more information.

Measles, Mumps and Rubella (MMR)

Submit documentation of one of the following:

2 Vaccines

Positive antibody titer (lab report required)

If your titer is negative or equivocal, new alerts will be created for you to repeat the vaccination series (2 vaccines administered after your titer).

If your series is in process, submit where you are in the series, and new alerts will be created for you to complete the process.

Varicella

Submit documentation of one of the following:

- 2 Vaccines
- Positive antibody titer (lab report required).

If your titer is negative or equivocal, new alerts will be created for you to repeat the vaccination series (2 vaccines administered after your titer).

If your series is in process, submit where you are in the series, and new alerts will be created for you to complete the process.

Hepatitis B

Submit documentation of one of the following:

- 2 Vaccines
- Positive antibody titer (lab report required).

If your titer is negative or equivocal, new alerts will be created for you to repeat the vaccination series (3 vaccines administered after your titer).

If your series is in process, submit where you are in the series, and new alerts will be created for you to complete the process.

Tuberculosis

Submit documentation of one of the following:

- 1-Step TB skin test

If positive results, submit physician clearance documented on letterhead.

- The renewal date will be set for 1 year. Upon renewal, one of the following is required: 1-Step TB skin test

If positive results, submit physician clearance documented on letterhead.

****Note**** If you have history of positive TB results you will need a licensed medical professional to complete the N.C. Department of Health and Human Health Services form #3405, “Record of Tuberculosis Screening” and upload.

Tetanus, Diphtheria, and Pertussis (Tdap)

Submit documentation of a Tetanus, Diphtheria, & Pertussis (Tdap) vaccination, administered within the past 10 Years.

The renewal date will be set for 10 years from the date administered

If your documentation lists multiple Tetanus vaccinations on one line (e.g.

Tetanus/DTP/DTaP/Td/Tdap), ensure that your physician indicates which shot was administered on each date listed.

Influenza

Submit documentation of one of the following:

- Influenza vaccination administered during the current flu season (September - March)
- Declination signed by a healthcare provider

The renewal date will be set for 1 year.

COVID-19

Submit documentation of the following:

- Pfizer-BioNTech: 2 Vaccines
- Moderna: 2 Vaccines
- Johnson & Johnson: 1 Vaccine

Physical Examination

Download, print, complete, and re-submit the 1-page physical exam form. Documentation must be signed by a medical professional and be dated within the past 6 months.

CPR Certification

Submit documentation of your current CPR certification. Documentation must be directly from the American Heart Association and must be the Healthcare Provider course. The front AND back of the card must be submitted at the same time, and the “Holder's Signature” line must be signed.

The renewal will be set based on the expiration of your current certification.

HIPAA and Preventing Bloodborne Infections

Some programs require that you watch three modules for HIPAA and three modules for the Bloodborne Pathogens. At the completion of each module, you will save your completion certificate and then upload it to corresponding section. You will have six certificates total. Make sure to upload three certificates to the HIPAA section and three certificates to the Bloodborne Infections section of the document tracker.

Some programs train their students within their program. Ensure you read the appropriate standards on the Medical Document Tracker for the individual Program and ask any questions to the Department Chair or Program Chair/Coordinator for clarification.

Handbook Acknowledgment

After acceptance into your Health Program of interest, you will be given a handbook for that program. You will read the handbook, then sign the appropriate form. Prior to upload, ensure the Department Chair or Program Chair/Coordinator does not require their signature as well to meet this requirement. Once completed to the Program Chair/Coordinator's standards, you will then upload the signed document.

Code of Conduct

After review of the "Student Code of Conduct" as discussed in the "Student Rights, Responsibilities and Judicial Process" in the FTCC Student Handbook, you will click "Confirm" in acknowledgement that you understand and will agree to adhere to these expectations.

Professional Liability Insurance

You will purchase medical liability on campus from the Cashier's Office. There are two locations- in the Tony Rand Student Center and in the Thomas McLean Administration Building. You will upload your receipt for this purchase in this section to complete this requirement.

Special Requirements- Professional License

Mammography

You are required to be a registered radiologic technologist prior to starting the Mammography Program. You will need upload proof of American Registry of Radiologic Technologists Radiography certification.
