

## COLLEGE CREDIT FOR *Military Training*

In partnership with the American Council on Education and the Council for Adult & Experiential Learning, FTCC has created a series of degree plans that maximize your military experience and shorten the time required to earn an associate degree.

**Branch + Occupational Specialty  
+ Military Training  
= College Credits Already Earned**

Based on your branch of service, occupational specialty, and your skill level, it is possible that you have earned up to 48 college credits that can be applied to an associate degree.
