COLLEGE CREDIT FOR Military Training

In partnership with the American Council on Education and the Council for Adult & Experiential Learning, FTCC has created a series of degree plans that maximize your military experience and shorten the time required to earn an associate degree.

Branch + MOS + Military Training = College Credits Already Earned

Based on your branch of service, military occupational specialty (MOS), and your skill level, it is possible that you have earned up to 48 college credits that can be applied to an associate degree.

SOUTHERN ASSOCIATION OF COLLEGES AND SCHOOLS ON COLLEGES:
Fayetteville Technical Community College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate degrees, diplomas, and certificates. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Fayetteville Technical Community College.
Military Certificates

faytechcc.edu/mil-certs

Automotive Suspension, Brakes & Heating/Air Conditioning

MOS: 91B

Attention all (91B) Wheeled Vehicle Mechanics! This certificate program is designed to prepare moderately experienced automobile mechanics to take ASE certification exams in three areas. The certification areas include: A4- Suspension and Steering; A5-Brakes; and A7- Heating and Air Conditioning.

Disaster Management

MOS: 18F | 31B | 37F | 38B

This Certificate Course in Disaster Management is designed to prepare students entering the Emergency Services field with a basic knowledge of the four tenants of the National Response Plan (Preparedness, Mitigation, Response, and Recovery) as well as the Incident Management System. All credits earned in this certificate program may be applied toward the Associate in Applied Sciences Degree in Emergency Management Technology.

Emergency Management

MOS: 38B | 37F | 18F

Civil Affairs Specialists (38B), Psychological Operations Specialists (37F), and Intelligence Sergeants (18F) now earn the Emergency Management Certificate as part of their Associate in General Education degree! The Emergency Management Certificate provides students with a foundation to build upon within emergency services delivery programs. This program will prepare students for entry level knowledge required for employment in the Emergency Management Industry.

Food Service Fundamentals

MOS: 92G

The new Food Service Fundamentals Certificate program is designed to teach students the basics of food service management. The certificate emphasizes core concepts for entry level positions in a variety of food service settings. Coursework includes sanitation, safety, nutrition, human resources and supervision in the food service industry. Communication skills are also emphasized to establish positive relationships with customers and employees.

Fundamentals of Arson

MOS: Fire, Safety & Law Enforcement

The Fundamentals of Arson Certificate program provides students with the technical and professional knowledge in fire and arson fundamentals. All credits earned in this certificate program may be applied toward the Associate in Applied Sciences Degree in Fire Protection Technology.

Homeland Security

MOS: 18F | 31B

Looking to enhance your Homeland Security skills or turn your military training into a credential that will assist you in finding civilian employment? The Homeland Security Certificate provides an in-depth study of Homeland Security. Topics include Terrorism, Border & Transportation Security and Critical Incident Management.

Leadership, Supervision & Management

MOS: All

With the new requirements for promotion that include additional military education, the Leadership, Supervision and Management Certificate helps you earn promotion points for civilian education while rewarding you for your required military training.

Logistics & Distribution Principles

MOS: 92A

Members of the Military Logistical Team (92A) can turn their training and competencies into a Logistics & Distribution Principles Certificate.

Operations Leadership

MOS: All Logistical & Transportation

FTCC’s new Operations Leadership Certificate program focuses on preparing you for leadership positions within manufacturing, logistics, transportation and other large scale businesses and organizations. Coursework includes an overview of the operations management field, problem solving skills and materials management.

Organizational Leadership

MOS: All

The Organizational Leadership Certificate is designed for professionals currently working in or aspiring to work in managerial positions in business, nonprofit, or governmental organizations. The business skills needed in today’s leadership roles include the ability to lead, motivate, and empower others; the skills to design and implement high-performing organizational structures; and the ability to manage change in today’s dynamic and increasingly internationalized work environment. As a military leader – you have already demonstrated many of these skills and FTCC’s Credit for Military Training rewards your experience.

Terrorism Studies

MOS: All MOS

Understanding the basics of terrorism is a fundamental requirement for anyone in the military, public service field or international business. The new FTCC Certificate in Terrorism Studies provides an overview of a variety of terrorist groups, their histories, and their goals. In this certificate you will learn analytical methods, predictive analysis, and effective procedures on how best to deter or protect against potential threats both domestic and international.

Training & Development

MOS: 42A

Are you a (42A) Human Resource Specialist interested in converting your military training into a Training & Development Certificate? This certificate program is designed to provide individuals with training and development skills necessary to enable workers to effectively use their skills, improve existing skills, increase job satisfaction, and reduce job turnover. Effective employee training and development will help organizations increase performance and improve business results. Courses cover the basics of training and development, computer software, training presentations, and organizational behavior.
