

Charter for General Education Assessment Committee

- a. Identify and articulate the general education core competencies.
- b. Establish the protocol to validate attainment of the core competencies
- c. Communicate with faculty and staff to implement the measures and achievement targets by which the core competencies will be assessed
- d. Oversee the data collection process related to core competencies
- e. Analyze findings and make recommendations for modifications to outcomes, measures, or achievement targets
- f. Compile an annual General Education Core Competency Assessment Report, housed in WEAVEonline, to document the assessment activities and findings in each assessment cycle.
- g. Ensure that the assessment report, with all supporting documentation, is disseminated to all appropriate personnel of the College
