 - You will pay less for college textbooks
 - You can graduate with a certification before graduating from high school
 - You could be in a class with your peers

HIGH SCHOOL CONNECTIONS

FTCC
Fayetteville Technical
Community College

Get a head start on your degree or career.

Take **tuition-free college courses**, as a high school junior or senior to accelerate completion of college certificates, diplomas, and associate degrees. These same courses will positively affect your success when you graduate and pursue further education or go to work.

Do other colleges really accept these courses?

You bet they do! Take a look at some of the schools we partner with that accept these **FREE** courses:

UNC Chapel Hill	East Carolina University	Duke University
NC State University	UNC Pembroke	Elon University
UNC Greensboro	Appalachian State University	Campbell University
UNC Wilmington	Fayetteville State University	Methodist University
UNC Charlotte	Elizabeth City State University	Mt. Olive University
UNC Asheville	Winston Salem State University	George Washington University
NC A&T University	NC Central University	Gardner Webb University
NC School of Science & Math	UNC School of the Arts	

These are just a few of the schools that accept FTCC courses. Check with your High School Connections team about your educational goal to plan a strategy that best suits your needs.

BONUS! Did you know?

As a bonus, on top of **FREE** tuition, many of our High School Connections course sections no longer require the purchase of additional course materials.

That is a significant cost savings to you!

Can you really get good jobs by attending a community college?

Nearly 30% of Americans with associate's degrees now make more than those with bachelor's degrees, according to Georgetown University's Center on Education and the Workforce. In fact, other recent research in several states shows that, on average, community college graduates right out of school make more than graduates of four-year universities.
