Notes: FTCC reports Graduation and Transfer-Out Rates as percentages rounded to the nearest whole number. Per 20 USC §1092(2)(e)(7), please refer to the Integrated Postsecondary Education Data Systems (IPEDS) Data Feedback Reports for FTCC listed below. These reports, for comparison purposes with our student-athletes, provide information related to the College's overall first-time enrollment, graduation, transfer-out rates, and financial aid summaries disaggregated by ethnicity and gender.

* 2016 was the first year of intercollegiate athletics at FTCC.

** Total first-time, full-time student-athletes enrolled during the Fall term of each academic year who received athletically-related aid. FTCC calculates and discloses Graduation and Transfer-Out Rates using this number, per 20 U.S. Code (USC) §1092(2)(e)(7) and 34 Code of Federal Regulations (CFR) 668.45(a)(6). Since all student-athletes do not receive athletically-related aid, please visit [OPE Athletics Home Page](#) for further information about the College's varsity athletic teams. In accordance with 34 CFR 668.45(a)(6)(i), and to protect student-athlete confidentiality, the number of students disaggregated by sport, race, and gender within each cohort are too low to report. However, in accordance with 20 USC §1092(2)(e)(7) and 34 CFR 668.45(a)(6), FTCC provides aggregate data by category, where applicable. Normal time to completion, defined by the National Center for Education Statistics (NCES), is based upon graduation within three years of their initial start date.

*** Transfer-Out Rates are based upon first-time, full-time students receiving athletically-related aid who transferred without earning a degree/award from FTCC and subsequently re-enrolled at another institution within the same timeframe.

****Less than five; data suppressed to protect student-athlete confidentiality.
