

June 6, 2012

Hello,

The articulation agreement has been signed and your copy is attached. The next step is for our articulation team to evaluate your courses, build a transfer guide, and micro-site for your transfer center and students to use when considering Ashford University as an option for transferring credit. Furthermore, we would like to invite your transfer center team to a webinar to learn more about Ashford, our programs, and transfer process. Please feel free to contact me if you have any questions as we will send you the transfer guide URL in a few weeks to upload into your system or to hand out to your students.

Have a great day and thank you for partnering with Ashford University,

A handwritten signature in black ink, appearing to read 'Mark K. Young'.

ARTICULATION AGREEMENT BETWEEN

ASHFORD UNIVERSITY
AND
FAYETTEVILLE TECHNICAL COMMUNITY COLLEGE

INTRODUCTION

This ARTICULATION AGREEMENT formally recognizes that Ashford University and **Fayetteville Technical Community College** are active educational collaborators, committed to providing greater educational opportunities and services for students transferring between institutions. This commitment strongly supports the concept of seamless transfer that embraces the principle that transfer students should not be required to repeat competencies already achieved.

Ashford University and **Fayetteville Technical Community College** enter into this ARTICULATION AGREEMENT in the spirit of cooperation and to mutually recognize each other as quality institutions of higher learning. Each institution is dedicated to serving students from diverse populations.

PURPOSE

The purpose of this ARTICULATION AGREEMENT is to enable **Fayetteville Technical Community College** students who transfer to Ashford University to carry with them the credit they have already earned for as much relevant study as possible. This ARTICULATION AGREEMENT provides a structure through which transfer articulation on all levels can be supported. The transfer guidelines outlined in this ARTICULATION AGREEMENT are applicable to students transferring to Ashford University from **Fayetteville Technical Community College** only.

TRANSFER ELEMENTS

Fayetteville Technical Community College Associate's Degrees

This ARTICULATION AGREEMENT establishes that students who transfer from **Fayetteville Technical Community College** to Ashford University and have earned an associate's degree with a 2.0 cumulative GPA or higher are accepted as fulfilling all General Education and competency requirements of an Ashford University Bachelor's program when one of the two conditions below is satisfied:

- 1) The student meets the General Education requirements for Bachelor of Art degrees offered through state universities in the **State of North Carolina**;
- OR
- 2) The transfer credits have been evaluated and deemed acceptable by Ashford University Registrar's Office.

For either condition, the associate's degree will be transferred as a block covering General Education requirements as appropriate to each degree program. This does not constitute a waiver of any course required to earn a particular major.

Completed blocks are treated as whole; the components are not examined separately to determine transferability towards General Education requirements. **Fayetteville Technical Community College** students will not have to repeat

General Education requirements at Ashford University except where major coursework applies as determined by Ashford University.

All other credits are accepted and applied toward the designated/appropriate Ashford University degree to satisfy elective and major requirements as appropriate and applicable and in accordance with Ashford University current transfer credit policies.

Fayetteville Technical Community College students with a minimum cumulative GPA of 2.0 entering Ashford University under the terms of this ARTICULATION AGREEMENT will be admitted into Ashford University provided they meet all admissions requirements for the applicable program as determined by Ashford University.

Fayetteville Technical Community College students transferring to Ashford University without an associate's degree will have all college-level/non-remedial courses completed at **Fayetteville Technical Community College** with a grade of "C-" or better, and which do not duplicate other credits earned by student, accepted for transfer as either an elective, General Education requirement, or an exemption or replacement for a required course as deemed appropriate in accordance with Ashford University current transfer credit policies.

Fayetteville Technical Community College students shall proceed through Ashford University admissions process and shall meet all requirements and deadlines applicable at the time of application. **Fayetteville Technical Community College** students shall comply with all current policies and procedures of Ashford University.

Fayetteville Technical Community College General Education Curriculum

Completion of the **Fayetteville Technical Community College** state-approved General Education Curriculum will transfer as a block and will satisfy lower-division General Education requirements at Ashford University. The General Education Curriculum can be transferred and accepted as a component of an associate's degree or as a stand-alone General Education block not affiliated with an associate's degree. In the event a state-approved block of General Education Curriculum does not exist, the **Fayetteville Technical Community College** General Education Curriculum will be evaluated and accepted by Ashford University on a course-by-course basis.

Associate in Applied Science (AAS) Degree

The Associate in Applied Science (AAS) Degree represents the attainment of in-depth technical competency within an identified occupational area. However, **Fayetteville Technical Community College** students may need to obtain competencies in the area of General Education. Ashford University will provide AAS transfer students with a flexible degree plan that will meet Ashford University's Baccalaureate Degree requirements.

Award of Upper-Division Credit

Fayetteville Technical Community College students who transfer lower-division credits beyond that required for an associate's degree, or whose lower-division credits are equivalent to designated upper-division course content may have these courses evaluated by Ashford University and, where appropriate, they will be applied toward the course in the major. Lower-division credits transferred to satisfy upper-division courses do not constitute completion of the 30 upper-division credits required for graduation. Therefore, even if upper-division courses are awarded, **Fayetteville Technical Community College** students will still need to obtain a minimum of 30 upper-division credits at Ashford University to meet graduation requirements.

Maximum Number of Transferable Credits

The maximum number of transfer credits that can be accepted and applied toward degree completion is 90 credit hours.

JOINT OBLIGATIONS

Ashford University and **Fayetteville Technical Community College** agree to provide its students mutually supporting URL links from Ashford developed literature until the existence of supporting website is developed indicating the existence of this ARTICULATION AGREEMENT. **Fayetteville Technical Community College** agrees that no publicity regarding this ARTICULATION AGREEMENT will be released without obtaining prior written consent from Ashford University.

The parties agree that this ARTICULATION AGREEMENT shall not be posted on an internet website such as Google, Yahoo, Facebook etc., and that the terms and conditions of this ARTICULATION AGREEMENT shall be kept confidential except as may be required by law or accrediting agency standard, or as may be necessary to promote the agreement described herein among the students of **Fayetteville Technical Community College**. As a commitment to easing the access to transfer materials and advising services, Ashford University and **Fayetteville Technical Community College** agree to promote seamless transfer by developing mutually supporting links between institutional web pages.

Development, distribution, and accuracy of all transfer articulation products (e.g., Articulation Agreement, and Transfer Guide) are the sole responsibility of Ashford University. Articulation materials may not be developed or distributed without the prior review and approval of Ashford University including, but not limited to, web content, logos, and printed materials.

Ashford University and **Fayetteville Technical Community College** agree, subject to applicable federal and state laws and regulations, to exchange data and documents as mutually agreed upon in writing, which will contribute to the maintenance and improvement of this ARTICULATION AGREEMENT as well as promote effective cooperation between the two institutions. In order to meet North Carolina reporting requirements, every January, Ashford University will provide student data to Fayetteville Technical Community College on Ashford letterhead to show "The below students from Fayetteville Technical Community College have transferred to Ashford University, have completed at least three semesters and are making satisfactory academic progress through their program (as defined in the Ashford University catalog)."

Fayetteville Technical Community College will not engage in any misrepresentation concerning the University, including without limitation its educational programs, the nature of its financial charges, or the employability of its graduates, within the meaning of 20 U.S.C. Section 1094 or its implementing regulations at 34 CFR Section 668 Subpart F, or any successor code or implementing regulations, or any applicable state law or standard of the University's accrediting agency. All promotional and descriptive information regarding the University or displaying its name or logo that are to be made available by **Fayetteville Technical Community College** will be subject to the review and approval of the University before being made available to **Fayetteville Technical Community College** students or prospective students.

EVALUATION

Ashford University will conduct an annual evaluation process of the arrangement supported by this ARTICULATION AGREEMENT. The information obtained from this evaluation will be used to improve the transfer process for the benefit of students.

TERM

The term of this ARTICULATION AGREEMENT exists indefinitely from the date of the last signature to this Agreement unless it is discontinued by either educational partner by submitting written notification to the other partner one year prior to the identified cancellation date in order to protect all students transferring between these institutions, such that students who transfer pursuant to this ARTICULATION AGREEMENT are not adversely affected by cancellation of this ARTICULATION AGREEMENT.

MISCELLANEOUS

Nothing contained herein shall imply any partnership, joint venture or agency relationship between the parties and neither party shall have the power to obligate or bind the other in any manner except to the extent herein provided.

This ARTICULATION AGREEMENT may be amended only by a written agreement signed by both parties. Notwithstanding the previous statement, Ashford University reserves the right to amend its programs, policies, procedures, and criteria relating to transfer credit in its sole discretion at any time. Such changes will be reflected in the Ashford University Catalog.

This ARTICULATION AGREEMENT may be executed in two or more counterparts, each of which will be deemed an original, but all of which taken together shall constitute one and the same instrument. A facsimile or .PDF signature shall be deemed an original for purposes of evidencing execution of this ARTICULATION AGREEMENT.

The signatories to this ARTICULATION AGREEMENT represent and warrant that each has the right and authority to execute this Agreement in their individual or representative capacity, as applicable.
