## Important Dates

**You can find the specific dates on the FTCC Website or at New Student Orientation.**

**Welcome Week Activities:** 1<sup>st</sup> Week of each semester

**No Show – You Go** – Within the first couple of days of each semester, be sure to complete the initial assignment to remain in your classes. Students who fail to complete this important step will be removed from courses.

**Midterm Exams** – At the mid-point of each term, you should expect a mid-term assignment. To prepare, check your course syllabi.

**Advising Week** – Each term you should schedule a meeting with your faculty advisor to register for the upcoming term courses. Be on the lookout each semester for information about “Advising Week.”

**Last day to withdraw** – The last day to withdraw from courses will be posted on the FTCC Website under “Academic Calendar.”

## Waitlist

Sometimes classes fill up, and your advisor will place you on a waitlist. If a spot opens up, the students will be notified and added to the course roster. It is highly recommended to check your email regularly for updates.

## Connect with Success

Students at FTCC have a large support system that includes: Success Coaches, Advisors, and Faculty. As a part of the Success Team, here are four tips that will help you be successful!

1. **Check your FTCC email account daily!**

*Instructors will correspond primarily through your assigned FTCC email account. Get into the habit of using that account daily!*

2. **Considering dropping or withdrawing from a course? Contact your Success Coach or Advisor beforehand!**

*For students using Financial Aid, VA, or Military Benefits, dropping a course after the start date may generate a bill that you will be required to pay.*

3. **Print a copy of your class syllabus and create a checklist of assignments or due dates.**

*Keep yourself on track with assignments and academic policies within the first week of class.*

4. **Online classes require weekly attendance checks!**

*Make sure to submit weekly assignments to prevent an absence from online courses.*

# SUCCESS COACHES

Success Coaches provide the appropriate academic and transitional support to new students by aligning actions with goals.

Every student is assigned a Success Coach based upon the selected academic program. Students can expect to receive correspondence from the assigned Success Coach on important course information.
