

Fayetteville

Skilled Electrical Service Technician

Qualified candidates should have experience in basic residential wiring, specifically in troubleshooting and repair. Effective communication skills are essential, as you will interact directly with our customers.

Key details of the position:

Service Areas:

- We primarily service apartment buildings.

Requirements:

- A clean driving record is required to operate a company service van.
- Technicians average 1,000 miles per week, so you must be comfortable driving between 100 and 400 miles per day.
- You are paid your full hourly rate from the time you leave the shop until you return.

Schedule:

- Start times are between 7:30 AM and 8:00 AM. This is a 40-hour work week with opportunities for overtime.

Compensation:

- Starting pay is \$18–\$22 per hour, based on experience and the ability to manage a van and complete work orders.

Benefits:

- We offer paid holidays and weekly pay every Friday.
