

## **Preventive Maintenance Technicians**

- Part-time

### **Why this is a great opportunity:**

- **Earn \$1,000–\$2,000 per week** (over \$50K/year part-time)  
*Incentive-driven, paid per completed unit — the more completed, the higher the pay.*
- **Flexible scheduling** — techs choose their own workdays
- **Simple preventive maintenance tasks** (filters, light coil cleaning, detectors, basic system checks)
- **Flooring experience is a bonus** — candidates may submit photos of past flooring work
- **Professional exposure** working on secure military bases
- **Excellent hands-on experience** with residential mechanical systems

### **Position Details (1099 Contractor):**

- Paid **per completed unit**
- Ideally, they should have:
  - Basic tool set (pliers, screwdrivers, wrenches, drill)
  - Small ladder
  - CO2/smoke detector tester
  - Temperature reader/thermal meter
  - **Mini vacuum** (recommended for coil cleaning)
  - Reliable vehicle
- Must pass a background check  
*This role requires trustworthy individuals of high character due to work in sensitive, secure areas.*  
*MNFS reimburses the background check cost in the first paycheck.*
- Must carry basic general liability insurance (affordable individual policies acceptable)
