SUMMERSCAPES

2020 KID'S SUMMER PROGRAM

Classes begin the week of June 15th
& run through the middle of August.

**PRE-REGISTRATION IS
REQUIRED FOR ALL CLASSES!**

SUMMERSCAPES

This is a list of Summerscapes classes running from June-August. Classes may be added to the schedule as needed. The Community College can offer these self-supporting courses only during the summer, so take advantage of these enjoyable, inexpensive learning opportunities for your child.

REGISTRATION:

For current registration steps, please visit faytechcc.edu/corporate-continuing-education

PRE-REGISTRATION IS REQUIRED FOR ALL CLASSES.

DROP OFF/PICK UP:

For security purposes, you will be required to accompany your child to and from the classroom each day. There is a sign-in and sign-out sheet that is required for the release of the children and since we do not provide childcare between classes please do not drop your children off early. Also, the children will need to be picked up promptly after class ends. Failure to pick up a child immediately after the end of class may result in a dismissal of the student from the program. Summerscapes students are covered under the existing accident insurance policy. You are welcome to stay in the building where your child's class is, but we ask that you do not remain in the classroom.

LOCATIONS:

Classes are held at various on and off campus locations to include the Corporate & Continuing Education Center (CEC), Horace Sisk (HOS), Advanced Technology Center (ATC), Virtual College Center (VCC), and the Horticulture Education Center (HEC).

SUPPLIES:

Please note that some of the classes require that supplies be brought to class. These additional fees will be kept as low as possible.

QUESTIONS?:

Our office is ready to assist you! Call 910-678-8309 for details!

ACADEMICS

COLLEGE ESSAY BOOTCAMP (RISING 9TH – 12TH GRADERS)

This course will give you the tools you need to write a memorable college essay! College essays are not the same as school essays; this class will teach you the difference and help you to become more confident in your writing. This class will give you a head start on all of those college applications and requirements. You will understand the application process, write essays for practice, and learn good habits for writing. If you are planning to apply to college, this is a can't miss class!

MINDSTORMS ROBOTICS (RISING 6 – 8 GRADE) – NEW!

This summer get ready for fun, excitement, and exploration into engineering through project-based learning. Come learn how to create, construct and write code for autonomous robots using Lego's WeDo and Mindstorm EV3 robots. Imagine it! Engineer it! Make it move! You will work in teams to complete projects with WEDO Robotics and missions created specifically for the EV3. With the EV3, you will learn to use an array of digital sensors: color sensor, gyro sensor, touch sensor and the ultrasonic sensor. Students will leave with an understanding of the engineering design process, the ability to problem-solve as well as troubleshoot problems associated with writing code. This course will provide a meaningful, hands-on experience.
