Corporate & Continuing Education

WELCOME FROM THE PRESIDENT

Monday-Friday • 8:00am-5:00pm Hours may vary in the Summer.

Registration/Records Office Tony Rand Student Center • Building 7, 2220 Hull Road

Registration Information:

(910) 678-8386 • CEREGISTRATION@faytechcc.edu

Greetings from Favetteville Technical Community College! We appreciate your interest in continuing to invest in yourself through short-term workforce, continuing education and special interest classes offered during the Spring 2026 term. Included in this publication you will find a variety of courses and programs designed to prepare you for employment, advancement or promotion at an existing company or enhancement of special interests and skills!

Whatever your goals or desires are, Fayetteville Technical Community College is proud to support your journey forward in life. Our dedicated faculty and staff are committed to providing high-quality learning opportunities that fit your schedule and goals.

Corporate and Continuing Education programs are designed to spur growth, provide opportunities for enrichment and discovery, and to open doors to new possibilities. I encourage you to take full advantage of the resources available at the College and enjoy the experience of lifelong learning and personal enrichment. Education is the key to upward mobility and personal fulfillment.

Thank you for choosing FTCC—we are honored to be a partner with you in achieving success!

Sincerely,

Hack Sanceles Dr. Mark Sorrells. President

HOW TO REGISTER

3 Ways to Register:

Online registration is available for <u>select</u> classes marked with the symbol. See additional instructions on page 51.

PRE-REGISTRATION IS ENCOURAGED!

You may register for Corporate & Continuing Education classes on a first-come, first-served basis. Please register well before the beginning date of your class. We encourage preregistrations to be in a week before the start date (applies to all methods of registration). If you wait, your class may either be full or canceled due to low enrollment.

IF YOU REGISTER ONLINE, please update your contact information so that we may provide you with updates or changes (to include cancellations) regarding your classes. Go to https://selfserv.faytechcc.edu/Student/InstantEnrollment/ to update your information. The form is available in the Self-Service Online Registration process.

Additional Information

REFUNDS

The refund policy for Fayetteville Technical Community College's Corporate & Continuing Education Division was established by the North Carolina
Department of Community Colleges in Raleigh on October 15, 1993 and updated April 1, 2020. The full refund policy is listed in the State Board
of Community Colleges Code 1E SBCCC 900.2 with a brief statement of the policy made available on the FTCC website.

Please view the policy by visiting: www.faytechcc.edu/corporate-continuing-education/

- · Choose 'How to Register'
- The refund policy is listed under 'Registration Instructions'.

GENERAL INFORMATION

- COURSE START DATES: Corporate & Continuing Education classes begin in different weeks and months. Check start dates to be sure you
 won't miss a course.
- **DISABILITY SUPPORT SERVICES:** Any student wishing to request academic accommodations due to a disability must make their request to the Office of Disability Support Services. Requests for accommodations may be made at anytime, but requests made at least two weeks before the beginning of any class are appreciated. Disability Support Services for continuing education classes can be reached at (910) 678-8479.
- INDUSTRY STANDARD PHYSICAL REQUIREMENTS: Some classes may require that students perform physical activity in class in order to meet the objectives of the course. None of these requirements will exceed industry standards. Please contact the program coordinator associated with your program by calling 910-678-8432 to determine what physical requirements may apply to the program in which you are interested.
- PARKING: Students enrolled in Corporate & Continuing Education classes will need a temporary parking decal to park on the Fayetteville campus. These temporary passes are free to current students, and are available from the Registration and Records Office in the Tony Rand Student Center. The pass should be placed on the dashboard of the vehicle. Designated parking for students are the spaces with white lines. If you register online, please request a pass from the Registration and Records Office.
- POLICY ON THE NOTICE OF THE ANNUAL SECURITY REPORT AVAILABILITY: Fayetteville Technical Community College's annual security report is available on the FTCC website. This report is required by federal law and contains policy statements and crime statistics for the College. The policy statement addresses the school's policies, procedures and programs concerning safety and security, for example, policies for responding to emergency situations and sexual offenses. Three years' worth of statistics are included for certain types of crimes that were reported and occurred on College property, in or on off-campus buildings or property owned or controlled by the College and on public property immediately adjacent to one of the campuses. This report is available online at https://www.faytechcc.edu/campus-offices-public-safety-security/. This Annual Security Report can also be accessed by clicking on the Campus Safety and Security link under "Quick Links" at the FTCC Webpage or go to the www.faytechcc.edu click on Security at the bottom of the page, then click on the Annual Campus Crime Report. You may also request a paper copy from the Public Safety & Security Department located in the General Classroom Building, Room 102.

NOTE: Only current FTCC registered students are permitted into the classrooms, and small children are not to sit in on classes, labs, or in the libraries. Minors are not to be left unattended anywhere on campus.

CERTIFICADO DE COSMETOLGÍA PROGRAMA

1500 HORAS DE NOCHE

El curso del Programa de Certificación de Cosmetología Vespertina de 1500 horas de FTCC Corporativo y de Educación Continua consiste en una combinación de experiencia teórica y práctica en un entorno de salón de belleza. Las áreas de aprendizaje que se enseñarán incluyen corte de cabello, coloración del cabello, servicios de textura, cuidado de uñas, cuidado de la piel, aplicación de maquillaje, conceptos comercializables para ganar y retener clientes. Este programa se imparte en 3 segmentos. En poco más de un año, debería estar calificado para presentarse al examen de la Junta Estatal de Artes Cosméticas. Al aprobar con éxito el examen de la Junta Estatal, los graduados recibirán una licencia. Su licencia de cosmetología le permitir á trabajar en muchas áreas de la industria de la belleza, tales como: cosmetología, maquillador, especialista en cuidado de la piel, colorista, especialista en cuidado de uñas, consultor de negocios de belleza, estilista de desfiles de moda, escritor / editor de blogs de belleza o lanzar su propio negocio de belleza.

CAREER/JOB **TRAINING**

The courses included in this section will provide you with training to upgrade your work skills or qualifications and assist you in preparing for a new career.

SARA indicates the training program prepares students for an industry credential.

AUTOMOTIVE/MOTORCYCLE

AUTO DEALER'S 12-HOUR PRE-LICENSING COURSE – ONLINE

This course provides prospective auto dealers with the 12 hours of authorized pre-licensing training required by the Department of Motor Vehicles to be licensed as a North Carolina independent auto dealer. Topics include dealer laws and regulations, DMV regulations, federal laws and rules, and proper recordkeeping. Supplies: Students must have access to a computer or tablet with a microphone and camera. NOTE: Course workbook is included in the registration fee. This is a self-supporting course; fee-exempt status does not apply. To register for this course, please visit www.LearnFTCC.com. PRE-REGISTRATION IS DUE BY 4:45 PM TWO BUSINESS DAYS BEFORE THE CLASS START DATE. When registering, please check that your name is spelled correctly and matches your ID. For more information, please call (910) 678-8309.

Instructor: Dennis Mauk

W-F	9:00am-1:00pm	May 06-May 08	Fee: \$180	12 hrs	91250	online

AUTO DEALER'S RENEWAL TRAINING - ONLINE

All auto dealers are required to attend this training in order to renew their license. The law requires that the person whose name is on your auto dealer's license must attend this training, although it would be helpful for anyone working in independent auto sales to attend. Failure to attend and complete this six-hour requirement will result in a revocation of your dealer license. The intent of this training is to provide annual updates to all independent dealers on contemporary issues. At the conclusion of this class, you will receive a certificate of completion. Supplies: Students must have access to a computer or tablet with a microphone and camera. NOTE: Course workbook is included in the registration fee. This is a self-supporting course; fee-exempt status does not apply. To register for this course, please visit www.LearnFTCC.com. PRE-REGISTRATION IS DUE BY 4:45 PM TWO BUSINESS DAYS BEFORE THE CLASS START DATE. When registering, please check that your name is spelled correctly and matches your ID. MOTORCYCLE REPAIR & MAINTENANCE

With the popularity of motorcycles and ATVs comes the opportunity to earn a living in motorcycle repair and maintenance. Maybe you already have some automotive repair experience and want to see if this is something that might interest you. During this hands-on class, emphasis will be placed upon two-and four-stroke engines, calibration and synchronization of carburetors, braking system safety and maintenance, what to do when the lights and power fails, repair of frame and suspension, and which oils are best at preventing damage. This course is also open to those who own a motorcycle or are considering buying one and want to learn how to do some of their own repair and maintenance. For registration and more information about this course, please visit www.LearnFTCC. **com** and search under the "Instructor Led" tab at the top of the screen.

SMALL GAS ENGINE REPAIR ©

Have you ever wanted to learn how to service and repair various types of engines? In this class you will learn the basics and some intermediate level repairs from lawn mowers to two-and four-cylinder engines. This is an excellent course for those training to work in the small engine mechanic industry. Supplies: You may need to purchase basic hand tools if you do not have what is necessary at home. A list of tools will be provided the first day.

PRE-REGISTRATION IS REQUIRED. For more information please call (910) 678-8494

Instructor: Willie Simpson

9:00am-1:00pm Jan 24-Apr 25 TCB3 Fee: \$125 48 hrs 62203

COLLISION REPAIR & REFINISHING TECHNOLOGY

AUTOMOTIVE RESTORATION & PANEL REPAIR TRAINING ©

The course is designed to provide training for the hobbyist or DIY individuals interested in methods, techniques and tools used for restoring older vehicles and fabricating repair panels to repair rusted body parts. Training will include the use of state-of-the-art equipment used by the automotive collision industry in repair of damaged and rusted body parts as well as historical methods of repair used to restore older vehicles. This course will cover instruction in the areas of methods of repairs, usage of tools and materials of the trade. Practical exercises will support and reinforce lecture topics. The student will learn to repair panels using the proper methods and techniques as well as determining whether to repair or replace a panel based on the extent of damage. No refinishing will be done in this class. NOTE: Students will be responsible for Personal Protection Equipment (PPE) including safety glasses, mechanic's gloves, and appropriate clothing and footwear. Students will also need to bring their own hand tools such as wrenches, screwdrivers, sockets, etc. FTCC will provide all specialty tools for the course including hammers and dollies.

PRE-REGISTRATION IS REQUIRED. For more information please call (910) 678-8494

Instructor: Antonio Rojas

ESTIMATING, INSURANCE, AND BODY SHOP BUSINESS ©

The course was designed to meet the increasing need for trained personnel with these skills. This course will provide training for auto insurance estimators and Collision Repair shop front office staff in the areas of damaged vehicles. Topic areas will include vehicle inspection, accessing repair costs, training in the latest auto body repair technology and trends as well as understanding of the auto insurance policy and North Carolina Motor Vehicle Repair Act, Article 15B. Students will be trained in all facets of collision estimating and practical exercises will supplement all lecture material. NOTE: Student will be responsible for Personal Protection Equipment (PPE) including safety glasses.

PRE-REGISTRATION IS REQUIRED. For more information please call (910) 678-8494

CLASES DE ELECTRICIDAD -RESIDENCIAL Y COMERCIAL

Este curso está diseñado para que aprendamos los principios del cableado eléctrico que se usa en centros comerciales, y en residencias. Le daremos énfasis a las leyes de corriente alterna y continua, circuitos en serie, en paralelo, uso de herramientas, equipos eléctricos, materiales de cableado y conceptos de electricidad. Aprenderemos la importancia del mantenimiento preventivo, solución de problemas técnicos y el Código Eléctrico Nacional.

Esta clase de electricidad consta de diferentes niveles. Para tomar estas clases y obtener la certificación total de NCCER las clases deben ser tomadas en el siguiente orden:

- 1. Habilidades básicas de construcción
- 2. Introducción al cableado electrico
- 3. Cableado residencial
- 4. Cableado comercial
- 5. Cableado comercial/industrial Avanzado

Se requiere que se inscriba antes del inicio de la clase. Para más información llame a 910-678-8494

LEADERSHIP FOUNDATIONS - NEW!

What is Leadership- The Ability to Inspire, Motivate and Empower teams to achieve things they never dreamed could be possible! Many see a significant leadership void that exists in many places, negatively impacting personal and organizational performance. The country, the state, and cities where we live, and work now scream for new leadership to improve both individuals and organizations. Everything you do, will do, or have done, begins with a foundation. If you build a house, a strong foundation is important for it to last. This course will investigate Leadership past and current, learning from those who came before us. Military leaders, business leaders, Civic Leaders and beyond. This course will provide you with the understanding and knowledge you need to begin your Leadership Journey! Leadership Styles will be addressed, with specific focus on Servant Leadership.

"The first and most important choice a leader makes is the choice to serve, without which one's capacity to lead is severely limited!" ~ Greenleaf

Have you ever heard of the ACT WORKKEYS?

It's an assessment that allows you to earn a NC Career Readiness Certificate (CRC). which is a nationally recognized credential.

Let us tell you more about it.

ACT WORKKEYS is a system of assessments, curriculum, and job profiling that determines, builds, and measures essential workplace skills that can affect job performance and increase opportunities for career changes and advancement.

Also available are the following Essential Skill Courses:

- Teamwork
- Interpersonal & Business Communication
- Work Discipline
- Customer Service
- Problem Solving & Critical Thinking
- Financial Awareness

Required curriculum courses to earn CRC:

- 1. Graphic Literacy
- 2. Applied Math
- 3. Workplace Documents

HUMAN RESOURCES DEVELOPMENT (HRD) PROGRAM

JOB SEEKER ASSISTANCE*

- Create a dynamic resume
- Develop an impressive coverletter
- Learn how to search for jobs
- Assistance completing applications

TRANSITION TECH*

- Soldiers transitioning out of themilitary
- Create a resume that transfers your skills to a civilian career
- Simulated interviews
- Develop a door opening cover letter

HUMAN SERVICES EXPLORATION - DSS*

- Develop basic keyboarding skills
- Learn workplace ethics
- Develop communication skills
- Learn problem-solving strategies
- Hands-on experience using NC FAST

INCOME MAINTENANCE CASEWORK -NCFAST

- Learn to utilize the NC FAST application
- Focus on interviewing, time management, data gathering/compiling, and data analysis

EMPLOYER EXPECTATIONS*

- · Employability skills training
- Soft skills training
- Learn how to be part of a team
- Work ethic

COMMUNICATION SKILLS*

- · Develop interpersonal communication skills
- Develop effective communication practices
- Express ideas and facts orally in a clear and understandable manner

FINANCIAL LITERACY*

- Understand real-life economic concepts
- Workplace business concepts
- Basic economic literacy concepts

JOB INTERVIEW SKILLS*

- Describe components of professional appearance and personal hygiene
- Simulate interviews

COMPUTER TECHNOLOGY AWARENESS*

- Update technology skills
- Learn the basics of how to operate a PC

Employment Preparation

*FEE WAIVER FOR THOSE WHO QUALIFY

Individuals may begranted a waiver of class registration fees if they meet one of the following criteria:

- Are unemployed or underemployed
- · Have received notification of a pending layoff
- Are working and are eligible for federal earned income tax credit
- Are working and earning wages at or below two hundred percent (200%) of the federal poverty guidelines

NOTARY PUBLIC

E-NOTARY PUBLIC 🛜 SARA

This course is required for anyone interested in registering as an *Electronic* Notary Public for the first time. All students <u>MUST</u> be currently commissioned as a Notary Public in North Carolina to attend this class. NOTE: The current edition of the E-Notary Manual is required for admittance to the class and can be purchased at the FTCC bookstore. It is strongly recommended that you study the guidebook prior to class attendance to be better prepared for the state examination given at the end of the class. This is a self-supporting class; fee-exempt status does not apply. PREREQUISITE: Students must provide current Notary Public Commission number and current state or federal picture identification for admission to class. The active duty military and civilian ID cards **DO NOT** meet the identification requirement. The ID must be a valid ID with a picture of the face and either signature of physical descriptors or both. When registering, please check that your name is spelled correctly and matches your ID. With questions, please contact (910) 678-0032.

NOTE: Having a conviction for misdemeanor or a felony in this or any other state within ten years of your day of application for the position of Notary Public could cause denial of your commissioning application. If convicted of a crime that is a misdemeanor or felony, you must have successfully completed your sentence from the court and then had a ten-year period from successful completion of the sentence prior to applying as a notary public. If you have questions about your criminal history and the ability to be commissioned as a Notary Public please contact the Notary Public Section, the Department of the Secretary of State directly at 919-814-5400 or by email at notary@sosnc.gov before registering for the class. Refunds will not be given if a criminal history issue prevents you from being commissioned.

This course is required for anyone interested in becoming a Notary Public for the first time. It is recommended for all notaries as a refresher course. NOTE: The current edition of The Notary Public Guide Book for North Carolina is required for admittance to the class and can be purchased at the FTCC bookstore. It is strongly recommended that you study the guidebook prior to class attendance to be better prepared for the state examination given at the end of the class. NCGS 10B-5(b) provides the following requirements to be commissioned as a Notary Public in NC: 1) Be at least 18 years of age or legally emancipated as defined in Article 35 of Chapter 7B of the General Statutes; 2) Reside or have a regular place of work or business in this State; 3) Reside legally in the United States; 4) Speak, read, and write the English language; 5) Possess a high school diploma or equivalent; 6) Pass the course of instruction described in this Article, unless the person is a licensed member of the North Carolina State Bar; 7) Purchase and keep as a reference the most recent manual approved by the Secretary that describes the duties and authority of notaries public; 8) Submit an application containing no significant misstatement or omission of fact. This is a selfsupporting class; fee-exempt status does not apply.

PREREQUISITE: Students must provide current state or federal picture identification for admission to class. The active duty military and civilian ID cards DO NOT meet the identification requirement. The ID must be a valid ID with a picture of the face and either signature or physical descriptors or both. When registering, please check that your name is spelled correctly and matches your ID. With questions, please contact (910) 678-0032.

NOTE: Having a conviction for misdemeanor or a felony in this or any other state within ten years of your day of application for the position of Notary Public could cause denial of your commissioning application. If convicted of a crime that is a misdemeanor or felony, you must have successfully completed your sentence from the court and then had a ten-year period from successful completion of the sentence prior to applying as a notary public. If you have questions about your criminal history and the ability to be commissioned as a Notary Public please contact the Notary Public Section, the Department of the Secretary of State directly at 919-814-5400 or by email at notary@sosnc.gov before registering for the class. Refunds will not be given if a criminal history issue prevents you from being commissioned.

HEALTHCARE/MEDICAL OFFICE TRAINING

Students who register on campus must be prepared to pay the insurance fee at the time of registration. Please check course descriptions for insurance requirements.

BEHAVIOR TECHNICIAN – ONLINE SARA

Through the Behavior Technician program, you will receive the training needed to become a paraprofessional in the field of Autism services. This course provides an understanding of Autism Spectrum Disorder (ASD) and best practices for assisting children and adults with functional communication acquisition, social skill development, and behavior change. You will learn about Applied Behavior Analysis (ABA), an empirically validated method for changing behaviors and teaching social and adaptive living skills.

This 60-hour course includes 25 hours of live, online instruction plus 40 hours' worth of online modules that you complete at your own pace. If you complete this course successfully, you will receive a Behavior Technician (BT) certificate and will be eligible for entry-level positions in the field. After the course, you may choose to complete additional assessments to become certified as a Registered Behavior Technician (RBT) by the Behavior Analyst Certification Board. Prevalence of Autism Spectrum Disorder and changes in insurance mandates drive high demand for ABA services and RBT recruitment. Supplies: Students must have access to a computer or tablet with reliable Internet access, a microphone, and a camera.

For more information about this course and its requirements, please visit www.LearnFTCC.com. PRE-REGISTRATION IS DUE BY 4:45 P.M. TWO (2)

BUSINESS DAYS BEFORE CLASS START DATE.

BIOWORK: PROCESS TECHNICIAN SARA

New program! BioWork: Process Technician

Are you interested in pursuing a career in biotechnology or pharmaceutical manufacturing? Many entry-level positions prefer or require a BioWork certificate. FTCC is proud to partner with the North Carolina Biotechnology Center through the Military Outreach and Veteran Engagement Initiative. NCBiotech will sponsor transitioning service members, veterans, and military spouses to complete BioWork at no cost. Military-connected students should contact instructor Bruce Coleman at bruce_coleman@ncbiotech.org for information. FTCC Military and Veteran Programs.

Lectures and all classwork assignments are online. In-person lab sessions take place one day a week on Thursdays 11am-3pm. Register online through Con. Ed. Students Self Service: ConEd Student Self-Service.

Tuition is \$180. For more information, please call (910) 486-3923 or email us at healthprograms@faytechcc.edu.

NURSE AIDE LEVEL II SARA

The Nursing Assistant II course prepares graduates to perform more complex skills for patients or residents regardless of the setting. The course includes class, laboratory, and clinical learning experiences. Upon satisfactory completion of the course and the skill/competency evaluation, the graduate is eligible to apply for listing as a Nurse Aide II with the North Carolina Board of Nursing Aide Registry. Students must be able to read and communicate in English effectively. The course requires the student to comply with FTCC Immunization policy. Please note that some clinical facilities also require a criminal background check prior to attending clinical rotation. If a student cannot meet the criminal background check requirements, he or she will not be able to complete the program and will be dismissed from the course without a refund. Insurance Fee: \$16.00 required to be paid at time of registration. For list of requirements and information, please call (910) 486-3923 or email us at healthprograms@faytechcc.edu. Pre-registration is required.

Photocopies of the following are required: Social security card, picture ID, high school credentials, and CPR card (must be the American Heart Association's Healthcare Provider CPR and cannot expire during class dates).

PATIENT CARE TECHNICIAN 🛜 SARA

The Patient Care Technician is an integral member of the health care delivery team and provides care for hospital patients, long-term care patients, and dialysis centers. Patient Care Technicians need strong communication skills, empathy and must be assertive to patient's needs. It will also discuss the implications of healthcare and the concepts of verbal and nonverbal communication. The course length is 396 hours.

Upon completing the program, the student should better understand Anatomy and Physiology and patient pain management, including comfort, rest, and sleep. Students will also know how to complete Phlebotomy venipuncture correctly, capillary blood draws, EKG, and dialysis skills and techniques.

This course will include class and lab procedures to help students succeed and prepare them for the AMT (American Medical Technologist) National Registry exam. Insurance Fee: \$15.50 required to be paid at time of registration. For list of requirements and information, please call (910) 486-3923 or email us at healthprograms@faytechcc.edu. Pre-Registration is required.

Photocopies of the following are required: Social security card, picture ID, high school credentials, and CPR card (must be the American Heart Association's Healthcare Provider CPR and cannot expire during class dates).

PHLEBOTOMY – FACE-TO-FACE 🛜 SARA

This course prepares the student to draw blood specimens from patients for the purpose of testing and analyzing blood. The job of a phlebotomist includes maintenance of equipment used in obtaining blood specimens, the use of appropriate communication skills when working with patients, the selection of venipuncture sites, the care of blood specimens, the entry of the testing process into the computer, as well as clerical duties associated with record keeping of the blood tests. The course consists of theory and clinical experience in performing blood collections. Emphasis is placed on safety and proper selection of collection sites and the care of the collected specimen. Upon successful completion of this program, the student should be prepared to take the National Phlebotomy Certification Examination. The course requires the student to comply with FTCC's Immunization policy. Please note that some clinical facilities also require a criminal background check before attending clinical rotation. If a student cannot meet the criminal background check requirements, he or she will not be able to complete the program and will be dismissed from the course without a refund. Clinical Fee: \$36.99 (price may vary). Clinical will be required during this course and students can expect to attend additional dates to meet this requirement. Malpractice Insurance Fee of \$16.00 (price may vary) is due before entering the clinical site. Photocopies of the following are required: Picture ID, high school credentials, and CPR card (must be the American Heart Association's Healthcare Provider CPR card and cannot expire during class dates). For a list of requirements and information, please call (910) 486-3923 or email us at healthprograms@faytechcc.edu. Pre-registration is required.

HOSPITALITY SERVICES—HOTEL/RESTAURANT

SANITATION FOR FOOD SERVICE (* SARA

This course is designed to teach proper food service sanitation practices relating to food storage, food preparation, equipment cleaning, sanitary facilities, and personal hygiene. **The food service class "Sanitation for Food Service Personnel" sponsored by the Cumberland County Health Department does not meet the requirements for recently adopted North Carolina Food Code. Persons who may wish to attend this class will not be eligible to receive the additional two points toward their sanitation evaluation score. This class does meet all the requirements for Day Care Plans and Facilities in Cumberland County. This is a self-supporting course; fee exempt status does not apply.

SERVSAFE FOOD SAFETY TRAINING 🤝 SARA

The restaurant and food service industry's pre-eminent food safety training, the ServSafe program is recognized and accepted by more federal, state, and local jurisdictions than any other food safety program. It prepares the industry to prevent food-borne illness, reduce liability risks, lower insurance costs, and improve food quality. Effective training means your entire operation will be more efficient, profitable, and have a better understanding of health department inspections. *ALL Food establishments are required by law to have a certified food protection manager (CFPM) at the food establishment during all hours of operation per section 2-102.12 of the NC Food Code. In order to meet this, an ANSI accredited program must be taken. Textbook Requirement: ServSafe Course Book with Online Exam Voucher.

INDUSTRIAL SEWING

The Furniture Upholstery classes are offered to provide training to students that will allow them to increase their skills from novice to professional. For additional information, please call (910) 678-8431.

FURNITURE UPHOLSTERY (BEGINNING)

Do you have a desire to learn how to restore furniture by replacing the upholstery? During this course you will be introduced to the safe use of inside and outside upholstery tools, materials and techniques to re-upholster small seats on chairs, footstools and small pieces of furniture. Students may progress to sewing additional types of covers for re-upholstery, how to re-tie and tie springs, brace the frame and how to secure the webbing - all part of the upholstery process. Upon completion, students should understand techniques of upholstering small pieces of furniture. Supplies: Please bring the following tools the first day of class: tape measure, fabric scissors, needle-nosed pliers, wire cutters, upholstery nail remover, tack remover. NOTE: Students who have not sewn on the industrial machines will need to start with a small cushion, pillow, bench cushion or wingback chair in order to gain the basic skills. Please bring your project to the first day of class and contact the instructor with questions before by calling (910) 494-5468.

Instructor: Milagros Whitted

Th	6:00pm-9:00pm	May 07-Aug 27	Fee: \$125	48 hrs	90687	311 Williams St.

FURNITURE UPHOLSTERY (INTERMEDIATE)

This course is designed for those of you who would like to expand your skills with new techniques in upholstering furniture and restoring wood furniture frames. Emphasis will be placed upon techniques for upholstering difficult or odd shaped pieces of furniture, repair/replacement of the wood frames, and sewing double welt trim and cushions with button tufting, attaching skirts, and making arm covers. Upon completion, students should understand basic and intermediate level techniques of upholstering furniture starting with the fabric and wooden frame, then combining them to make furniture. Supplies: Please bring the following tools the first day of class: tape measure, fabric scissors, needle-nosed pliers, wire cutters, upholstery nail remover, tack remover. NOTE: You will need to bring one piece of furniture on the first day of class. Please contact the instructor with questions by calling (910) 494-5468.

Instructor: Milagros Whitted 6:00pm-9:00pm Jan 08-Apr 23 Fee: \$125 48 hrs 90669 311 Williams St. Th 9:00am-12:00pm May 07-Aug 27 Fee: \$125 48 hrs 90688 311 Williams St.

UPHOLSTERY SEWING

During this course you will be introduced to various methods and techniques of sewing upholstery covers and how to operate the machine to sew straight lines, corners, curves, and welts. Upon the completion of this course, students should be able to thread, maintain and operate sewing machines to complete various projects sewing upholstery fabric. Supplies: Please bring the following tools the first day of class: tape measure, fabric scissors, needle-nosed pliers, wire cutters, upholstery nail remover, tack remover. NOTE: You will need to bring one piece of furniture on the first day of class. Please contact the instructor with questions by calling (910) 494-5468.

TRANSPORTATION

The FTCC CDL Program is registered by the Federal Motor Carrier Safety Administration (FMCSA) and certified as a Training Provider.

CDL TRAINING CLASS B W/P

Would you be interested in a career as a city bus driver or a tour bus driver? Or would you like to be authorized to drive other class B vehicles such as a dump truck or box truck? If so, this course will teach all facets of knowledge and provide practical skills and opportunities to pass the Commercial Driver License examination. During instruction, subject material will include Hours of Service reporting, Pre-Trip/Post-Trip inspections, Driving practice, Trip-Planning, and DMV testing. Additional topics are also included to ensure the student's success in the transportation industry.

NOTE: All training will be done on a Transit Bus, but successful completion of this course will qualify you to drive any Class B vehicle, except school Buses. This class DOES NOT equip you to drive a school bus. For more information on school bus driver training, please visit https://www.ncbussafety.org/busdrivers.html. Maintenance Fee: \$50 required to be paid at the time of registration.

Students are also responsible for estimated out of pocket expenses (prior to class starting) including: DOT Physical & Drug screening \$125.00; Driving history \$12.75; Class B w/P CDL Permit \$77.00; Class B w/P CDL License \$127.50 (upon completion of class)

(pricing subject to change and student will be responsible for the current rate)

WORLD LANGUAGES

ARABIC (BEGINNING)

The need for Arabic linguists has never been greater! With Arabic the native language of over 200 million people living in 20 different countries, it is essential that more Americans develop and maintain linguistic and cultural expertise in order to build a better understanding of the Arab world. While there are many Arabic dialects, including Classical Arabic, this course will concentrate on a widely spoken, adapted dialect, known as Modern Standard Arabic. This dialect is used most often in books, newspapers, on television and radio, in political speeches, and in conversation between Arabs from different countries. Once you have learned standard Arabic, it is relatively easy to adapt to a local dialect later.

JEWELRY MAKING AND SILVERSMITHING (BEGINNING)

Learning to create jewelry through the technique of silversmithing is one of the most rewarding methods to create a one-of-a-kind work of art. This course is designed to cover the fundamentals of silversmithing to include silver soldering, sawing, forming, filing, and texture creation. While this course is designed for the beginning student, your instructor will work to meet the needs of students from a variety of jewelry making backgrounds. Emphasis will be placed upon soldering techniques as you work on various projects. Supplies: You will be provided with the basic copper and wire needed to practice the metalsmithing skills on your first project; however, please be prepared to spend between \$60-\$150 in supplies, depending on the project you choose to complete. You are also welcome to provide your own metal of choice at your cost if you prefer not to use the provided copper. Basic hand tools are available in the FTCC studio for novice students.

Instructor: Gail Ferguson

PAINTING FUNDAMENTALS ©

This course is designed for those interested in learning the basics of acrylic and oil painting. Students will explore essential techniques such as color mixing, brushwork, and composition, while developing their own creative style. Through hands-on projects and guided instruction, participants will gain confidence in using both mediums. No prior experience is necessary—just a willingness to experiment and express yourself through paint. Supplies: Students will need to purchase some supplies. Supplies will be discussed at the first class session.

PAINTING WHAT YOU SEE ©

Painting a lasting piece of artwork is a process and, in this class, we will explore the steps within that process to guide you from concept to creation and the final step of preserving your work of art. "Seeing" is step one, followed by learning to develop a pleasing composition. During this class, we will focus on preparing your canvas, then applying your composition to that surface, while also exploring color, color theory, color harmony, complimentary colors and identifying the color of your light and shadows. There are many other factors which will impact the result in your artwork to include the edges, different mediums, quality paint brushes and paint to apply to the canvas. Join us as we create timeless art pieces to preserve and enjoy together!

Instructor: Talmadge Potter

PORTRAIT PAINTING

Acrylic paint and oil paint are two wonderful mediums that enable artists to create beautiful portraits! During this course, you will be educated on various painting techniques to apply while working with either acrylic or oil paint. Through your diligent practice and observations during instructor demonstrations, you will create unique pet and human portraitures. Your instructor comes with years of experience teaching art and the use of various mediums. Come enjoy! Supplies: Students will need to purchase some supplies. Supplies will be discussed at the first class session.

POTTERY (BEGINNING) ©

If you have always been fascinated watching potters and thought it looked like fun, come and learn just how much fun it really is. Pottery is not difficult to learn, but it takes patience and the willingness to get a little dirty. As a beginning student, you will learn basic throwing techniques with emphasis on making functional forms such as mugs, bowls, and vases. You will learn how to trim, decorate (if desired), and glaze your pieces. If you are interested, you can also work on handbuilt pieces. Supplies: Students will need to purchase their own clay and tool kit (available from FTCC bookstore). Glazes are provided.

POTTERY OPEN STUDIO ©

Our pottery open studio time is available to experienced potters and potters of varying skill levels. We recommend this course for those with any basic level of prior pottery experience that would like to continue practicing with wheel-thrown or hand-built work under the supervision of an experienced instructor. Pursue working on existing projects or start something new! This course provides access to wheels, various tools for wheel-thrown and hand-built work, as well as underglazes, and mid-range firing glazes. Mid-range, Cone 6 clays are available for purchase in the FTCC bookstore.

STONE CUTTING: BASIC CABOCHONS ©

Cabochons are gems that have been cut and polished but not faceted into the setting. Adding gems to your jewelry brings your designs to the next level and will allow you to incorporate even more unique characteristics to your designs! During this class you will be introduced to the process of cutting and polishing stones, and how to determine the best shape that is appropriate for your custom jewelry design. Using our trim saw and CabKing cabbing machine, you will learn safety procedures and steps to operating the equipment for best results. PREREQUISITE: Completion of Jewelry Making & Silversmithing (Beginning) or equivalent experience. Supplies: You will be provided with the basic copper and wire needed to practice the metalsmithing skills on your first project; however, please be prepared to spend between \$60-\$150 in supplies depending on the project you choose to complete.

THE ART OF PAINTING

The "Art of Painting" is a step-by-step method of oil painting that will acquaint you with materials, mediums, and tools necessary to create works of art. If you are a newcomer to the world of painting or have experience, you will benefit from this class. From concept to completion we will employ proven techniques and methods that have served to develop and enhance many artists. NOTE: Novice and experienced painters are welcome. Supplies: Please request a supply list at the time of registration, or you may wait until the first class to purchase supplies after class discussion. You may bring any oil painting supplies you have at home. Instructor: Talmadge Potter

WATERCOLOR (BEGINNING/INTERMEDIATE)

Have you always wanted to learn how to paint using watercolors but felt intimidated by the rumor that this type of painting is difficult? This is an excellent course for the beginning painter or for those who have some experience. In this course, students will learn about composition, principles of design, color harmony, and the inherent qualities of their materials. Demonstrations by the instructor will include wet-in-wet, dry-brush, and how to get rid of mistakes in watercolor techniques. Join us as we discover the beauty in painting watercolors! The instructor will also work with students at the intermediate level teaching new techniques. Supplies: Supplies will be discussed on the first day. Students will need to purchase some tools. MOTORCYCLE

MOTORCYCLE: BASIC RIDER COURSE

Learn safe motorcycle riding under the direction of Motorcycle Safety Foundation (MSF) certified instructors. This beginning course is designed for riders with little or no experience. Based on extensive data, research, and field tests, this course combines classroom and on-bike experience to give overall understanding of motorcycling and prepares the student with basic riding skills. Motorcycles are provided. Students will need DOT-approved helmet, gloves, eye protection, long-sleeved clothing, long pants, and sturdy, over-the-ankle, leather footwear. You must be able to ride a bicycle and lift and keep the motorcycle upright. For registration and more information about this course, please visit www.LearnFTCC.com and search under the "Instructor Led" tab at the top of the screen. BECAUSE CLASS SIZE IS LIMITED, PRE-REGISTRATION IS ENCOURAGED. Please call (910) 678-8488 for class availability; for all other questions please call (910) 678-8446. NOTE: The North Carolina Motorcycle Safety Education Program requires 100% attendance. You must be in attendance and in your classroom seat at 5:30pm when the first class begins. Failure to be on time will result in your slot being denied and your registration fee forfeited.

MOTORCYCLE REPAIR & MAINTENANCE

With the popularity of motorcycles and ATVs comes the opportunity to earn a living in motorcycle repair and maintenance. Maybe you already have some automotive repair experience and want to see if this is something that might interest you. During this hands-on class, emphasis will be placed upon two-and fourstroke engines, calibration and synchronization of carburetors, braking system safety and maintenance, what to do when the lights and power fails, repair of frame and suspension, and which oils are best at preventing damage. This course is also open to those who own a motorcycle or are considering buying one and want to learn how to do some of their own repair and maintenance. For registration and more information about this course, please visit www.LearnFTCC.com and search under the "Instructor Led" tab at the top of the screen.

MUSIC/DRAMATIC ARTS

DRAMA FOR BEGINNERS ©

Lights, camera, action! It's time to let your inner star shine. In the course, we will be exploring drama in a creative way. We will dive into stage presence and performance, improvisation, design props for scenes and work with our voices. This class is sure to provide you with tips and tricks for beginning actors as we introduce you to the dramatic arts.

Instructor: TBA

Feb 07-Mar 14 Fee: \$70 12 hrs Sat 10:00am-12:00pm 91190 HOS 641B

PIANO (EARLY BEGINNER)

The class is best suited for a beginner who knows nothing about music! However, any level student may attend this class and receive practice assistance. In this course, the student will learn simple rhythms, dynamics and begin the early steps of reading music from the staff. We will learn Penta Scales and begin the work of developing hand coordination. With the help of the instructor, students will write out goals and will receive mini one-on-one lessons while getting some good uninterrupted practice done! Supplies: All students need to bring a set of headphones. NOTE: Keyboards are available in the classroom, but they only have 76 of the standard 88 keys, and the keys are very lightly weighted. Students have the option of bringing their own keyboards and x-stands. Textbook Requirement: Adult Piano Adventures All-in-One Piano Course Book 1 by Faber & Faber.

Instructor: Sylvia Morris

6:30pm-8:30pm Jan 12-Apr 13 Fee: \$105 24 hrs 91187 **CUH 366**

PIANO FOUNDATIONS

Piano students - start here! This class serves as the entry point for all new Piano students within the Continuing Education Division at FTCC, no matter how much or how little playing experience you have. The instructor will acclimate everyone to the group piano lesson experience and determine which course level would be most suitable for each student. Supplies: Please bring a set of headphones. NOTE: Keyboards are available in the classroom, but they only have 76 of the standard 88 keys, and the keys are very lightly weighted. Students have the option of bringing their own keyboards and x-stands, if they prefer to do so. Instructor: Sylvia Morris

T-W 6:00pm-9:00pm Jan 06-Jan 07 Fee: \$40 6 hrs 91193 **CUH 366** T-W 6:00pm-9:00pm Mar 10-Mar 11 Fee: \$40 6 hrs 91194 **CUH 366**

PIANO (LATE BEGINNER)

The curriculum for this class is best suited for a student who is ready for page 100 and beyond in Faber and Faber's Adult Piano Adventures All-in-One Piano Course Book 1. However, any level student may attend this class and receive practice assistance. Students will learn more about music form and continue building coordination with scales. With the help of the instructor, students will write out goals and will receive mini one-on-one lessons while getting some good uninterrupted practice done! Supplies: All students need to bring a set of headphones. NOTE: Keyboards are available in the classroom, but they only have 76 of the standard 88 keys, and the keys are very lightly weighted. Students have the option of bringing their own keyboards and x-stands. Textbook Requirement: Adult Piano Adventures All-in-One Piano Course Book 1 by Faber & Faber.

QUILTING 101 ©

Have you been thinking about starting to quilt, but don't know where to start? Well, then look no further than our Quilting 101 class! This introductory class will give you the knowledge and skills you need to be an experienced quilter! The amount of time and effort that goes into the creation of a quilt makes these crafts a priceless family heirloom that will be passed down from generation to generation. This class is tailored for first time quilters. Please take this class before the intermediate-level courses. NOTE: You may bring your own machine to class along with the manual, or you may use machines provided by FTCC. Supplies: Supply list and pattern will be given at first class meeting. Questions regarding this class? Please call us at (910) 678-8309.

ROADSIDE SURVIVAL

Two hundred million licensed motor vehicle drivers in the US expose themselves routinely to a significant risk while betting that they will not become stranded when they drive. Would you like to become one of the drivers who has the ability to help yourself if something were to happen? If so, come join Walt as he walks you through easy solutions to many issues that may befall you as a motor vehicle operator. His experience will help you learn how to address problems such as tire blowouts, overheated engines and dead batteries. One part of the class will be spent in the classroom learning theory, and another part of the class will be spent outside with your personal vehicle putting all you have learned into action!

YOGA (BEGINNING)

Yoga has been recognized medically for the many benefits that it promotes. It is often recommended by various medical treatments to supplement medical conditions such as depression, combat stress-related conditions, arthritis, diabetes and many more. Yoga, with its gentle movements, will enhance health by strengthening your body and improving oxygen flow, promoting a healthy mind, body, and spirit. Each lesson includes deep breathing and movement exercises that can be modified to accommodate any fitness level and medical needs. Yoga provides a unique, individual experience that will develop flexibility and stamina, increase awareness to help you identify stress and coping strategies, improve balance and concentration, and promote a more healthful lifestyle. NOTE: Please wear comfortable clothing, socks, and bring your yoga mat, towel, and water.

COMMUNITY PARTNERSHIPS

FTCC is always excited to work with partners from the Community to find ways to work toward our common goals and strengthen economic development activities through responsive, timely and relevant workforce training and education.

To meet national and state demands for employment within the renewable energy sector, Fayetteville Technical Community College (FTCC) has formed a partnership with **Cumberland County Schools (CCS)**, Cape Fear High School, Douglas Byrd High School, E.E. Smith High School, Grays Creek High School, Jack Britt High School, Westover High School and 71St High School and two major energy industry employers (**Blue Ridge Power** and **Public Works Commission**) to implement a new pathway that will help grow the future workforce within this sector.

Additionally, FTCC has partnered with Cumberland County Schools (CCS) to prepare Child Nutrition Assistants for the food service industry. During this course, students will be trained on nutrition, basic safety, basic culinary skills, basic culinary math, quality food prep, equipment use and care, and customer service. Students will also have the opportunity to gain a ServSafe certification, receive Human Resources training (HRD), and participate in a paid, on-the-job training experience. Upon successful completion of the Child Nutrition Assistant program, students may interview with CCS for employment in a local school cafeteria. For more information about this program, please call 910-678-0033 or email allenk@faytechcc.edu.

For details contact FTCC High School Connections at <a href="https://example.com/hscapetale.com/

We offer a variety of online courses in various categories such as Grant Writing, Computer Education & Training, Entrepreneurship, Foreign Language Training, Medical Coding & Billing, Medical Office Administration, MyCAA Approved Courses, Small Business Training, Teacher License Renewal, Writing & Publishing and many more.

To register go to: www.LearnFTCC.com.

CareerStep and Ed2Go

The Army Career Skills Program (CSP) and the Department of Defense (DoD) SkillBridge Program are both initiatives that assist transitioning service members in gaining job skills and improving their employment prospects in the civilian work environment. These programs aid transitioning service members and veterans by allowing them to participate in civilian training, credentialing, apprenticeship, and internship programs beginning up to six months before separation from military service. Industry Employer Partners gain early access to highly skilled service members as prospective employees. These programs are offered at little to no cost to the service member.

Would you like more information? Go to the link https://www.faytechcc.edu/military-veterans/veterans-services/ready-to-transition/skillbridge-csp/

Military Outreach & Veterans Engagement (MOVE)

A community project workforce program between **North Carolina Biotechnology Center (NC Biotech)**, **Fort Bragg** and FTCC to ensure veterans, service members, and their spouses have the resources they need to create clear career pathways in NC's life sciences manufacturing industries. MOVE will provide two separate workforce development training programs: Life Science Manufacturing Job Training Programs and On-The-Job Training (OJT) Internships.

For details, see page 21

Blue Cross Blue Shield

FTCC and **Blue Cross and Blue Shield of North Carolina (Blue Cross NC)** have partnered to provide an insurance pre-licensing program for Cumberland County! If you're looking for a profitable, professional work opportunity and you want to enter a career field that can lead to advancement, then working as a NC Licensed Insurance Agent is a great place to start! FTCC and Blue Cross NC are making it more accessible to become a NC Licensed Insurance Agent than ever before through their sponsorship program. Through this program, you have the opportunity to apply to receive funding that will cover your course tuition, course fees and licensure upon completion of the program. For details go to https://www.faytechcc.edu/corporate-continuing-education/ftcc-blue-cross-nc-opportunity/.

NC NC

Motorcycle Safety Foundation

With half a century of best practices and research under its belt, and esteemed partnerships with over 30 DMVs and the US military, the Motorcycle Safety Foundation (MSF) continues to improve the ride for riders across the nation. Education is equal parts competence and confidence, and those elements inspire freedom to command the saddle and savor the journey.

Vision: To help motorcycle riders realize their full potential, elevating awareness of motorcycling safety in order to save lives.

For details see page 40.

FTCC Form C-22

HOW TO REGISTER

Instrucciones para registrarse en español, disponible en http://www.faytechcc.edu/corporate-continuing-education/schedules/#register

SPECIAL INSTRUCTIONS:

- Pre-Registration is Required!
 - You may register for Corporate & Continuing Education classes on a first-come, first-served basis. Please register well before the beginning date of your class. We encourage students to pre-register a week before the start date (applies to all methods of registration). If you wait, your class may either be full or canceled due to low enrollment.
- Payment Options: We accept Visa, MasterCard, Discover, cash, money orders, and in-state checks (check writer must reside in North Carolina).
 Make checks payable to FTCC, including a pre-printed in-state address and your driver's license number on the check.
- Active-duty Military Personnel using mail-in registration for courses marked by an asterisk (*) will show military unit rather than home address.
- Register for online programs through walk-in registration or at www.LearnFTCC.com.

FEES:

- Registration fees for Corporate & Continuing Education courses vary with the type of course. Note: fees are subject to change. See course listings and contact the program for current fees.
- · All personal interest classes are self-supporting; no fee-exemptions apply.
- Students are responsible for buying books, supplies, and kits.
- Students may purchase accident insurance to cover class activities at the CE Records & Registration Office, located in the Tony Rand Student Center, Room 2.

POLICIES:

- Admission is open to anyone 16 years of age or older (Additional requirements for College and Career Readiness and other select programs).
- FTCC does not practice nor condone discrimination, in any form, on the basis of race, color, national origin, religion, sex, age, handicap, or political affiliation.
- FTCC reserves the right to cancel any class due to insufficient enrollment, inadequate facilities, or if qualified instructors are not available.
- CE classes are not offered for college credit and are non-transferable to Curriculum programs leading to associates degrees, diplomas, or certificates unless stated otherwise. CEUs (Cont. Edu. Units) may be awarded for successful completion of specific courses at the rate of one CEU for each ten hours of class participation.

Search and register for select classes within minutes using our simple online registration process! Pay with your VISA or MASTERCARD. Check course listings within this catalog for the

- symbol to register online.
- 1. Visit www.faytechcc.edu
- 2. Scroll to the bottom and click on Cont. Ed. Students Self-Service
- 3. Enter 5 digit course code number or keyword
- 4. Once you find your desired class, click select → add section → next
- 5. Enter all required info until you reach a payment confirmation screen

You may register in-person at the following location during regular business hours:

Records & Registration Office

Tony Rand Student Center, Room 2

2201 Hull Road, Fayetteville, NC 28303

Complete the registration form located on the left side page, insert your payment (*do not mail cash*) and mail to:

Continuing Education Mail-In Registration

Fayetteville Technical Community College

P.O. Box 35236

Fayetteville, NC 28303-0236
