Corporate & Continuing Education

WELCOME FROM THE PRESIDENT

The fall season brings to mind thoughts of refreshing change — our landscape colors begin to burst with brilliant colors, our weather refreshes us with cooler temperatures, and the season seems to usher in a wave of exciting, new opportunities. These transitions remind me of how education also brings about change, as it introduces ways to achieve fulfilling growth and personal enrichment. You'll find the perfect course to prepare you for a career change, enhance your employability skills, or explore a personal interest. With FTCC, any time is the right time to experience how education can positively change lives and help you find your way forward. Thanks for choosing your community college!

Sincerely,

Dr. J. Larry Keen, President

HOW TO REGISTER

3 Ways to Register:

Online

Walk-In

Mail-In

Online registration is available for select classes marked with the  symbol.
See additional instructions on page 75.

PRE-REGISTRATION IS REQUIRED!

You may register for Corporate & Continuing Education classes on a first-come, first-served basis. Please register well before the beginning date of your class. We require pre-registrations to be in a week before the start date (applies to all methods of registration). If you wait, your class may either be full or canceled due to low enrollment.

IF YOU REGISTER ONLINE, please update your contact information so that we may provide you with updates or changes (to include cancellations) regarding your classes. Go to <http://forms2.faytechcc.edu/cced-online/> to update your information. The form is available in the WebAdvisor Online Registration process.

Additional Information

REFUNDS

- The refund policy for Fayetteville Technical Community College's Corporate & Continuing Education Division was established by the North Carolina Department of Community Colleges in Raleigh on October 15, 1993 and updated April 1, 2020. The full refund policy is listed in the State Board of Community Colleges Code 1E SBCCC 900.2 with a brief statement of the policy made available on the FTCC website.
Please view the policy by visiting: www.faytechcc.edu/corporate-continuing-education/
 - Choose 'How to Register'
 - The refund policy is listed under 'Registration Instructions'.

GENERAL INFORMATION

- **COURSE START DATES:** Corporate & Continuing Education classes begin in different weeks and months. Check start dates to be sure you won't miss a course.
- **COVID-19 PRECAUTIONS:** Due to the impacts of COVID-19, all students and employees are required to wear a face covering on campus. This rule will remain in effect until further notice. Please view the FTCC website for updated precautions.
- **DISABILITY SUPPORT SERVICES:** Any student wishing to request academic accommodations due to a disability must make their request to the Office of Disability Support Services. Requests for accommodations may be made at anytime, but requests made at least two weeks before the beginning of any class are appreciated. Disability Support Services for continuing education classes can be reached at (910) 678-8479.
- **INDUSTRY STANDARD PHYSICAL REQUIREMENTS:** Some classes may require that students perform physical activity in class in order to meet the objectives of the course. None of these requirements will exceed industry standards. Please contact the program coordinator associated with your program by calling 910-678-8432 to determine what physical requirements may apply to the program in which you are interested.
- **PARKING:** Students enrolled in Corporate & Continuing Education classes will need a temporary parking decal to park on the **Fayetteville campus**. These temporary passes are free to current students, and are available from the Registration and Records Office in the Neill Currie Building. The pass should be placed on the dashboard of the vehicle. Designated parking for students includes spaces with white lines. If you register online, please request a pass from the Registration and Records Office in the Neill Currie Building.
- **POLICY ON THE NOTICE OF THE ANNUAL SECURITY REPORT AVAILABILITY:** Fayetteville Technical Community College's annual security report is available on the FTCC website. This report is required by federal law and contains policy statements and crime statistics for the College. The policy statement addresses the school's policies, procedures and programs concerning safety and security, for example, policies for responding to emergency situations and sexual offenses. Three years' worth of statistics are included for certain types of crimes that were reported and occurred on College property, in or on off-campus buildings or property owned or controlled by the College and on public property immediately adjacent to one of the campuses. This report is available online at <https://www.faytechcc.edu/campus-offices-public-safety-security/>. This Annual Security Report can also be accessed by clicking on the Campus Safety and Security link under "Quick Links" at the FTCC Webpage or go to the www.faytechcc.edu click on Security at the bottom of the page, then click on the Annual Campus Crime Report. You may also request a paper copy from the Public Safety & Security Department located in the General Classroom Building, Room 102.
- **SOUTHERN ASSOCIATION OF COLLEGES AND SCHOOLS ON COLLEGES:** Fayetteville Technical Community College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate degrees, diplomas, and certificates. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Fayetteville Technical Community College.

NOTE: Only current FTCC registered students are permitted into the classrooms, and small children are not to sit in on classes, labs, or in the libraries. Minors are not to be left unattended anywhere on campus.

For more information or if you have questions not addressed above, see page 8 for a complete listing of Corporate & Continuing Education Departments and phone numbers. We are available to assist you Monday-Friday, 8:00am-4:45pm.

AUTO DEALER'S RENEWAL TRAINING – FACE-TO-FACE

All auto dealers (under the age of 65) are required to attend this training in order to renew their license. The law requires that the person whose name is on your auto dealer's license must attend this training, although it would be helpful for anyone working in independent auto sales to attend. Failure to attend and complete this six-hour requirement will result in a revocation of your dealer license. The intent of this training is to provide annual updates to all independent dealers on contemporary issues. At the conclusion of this class, you will receive a certificate of completion. **NOTE: Course workbook is included in the registration fee. This is a self-supporting course; fee-exempt status does not apply. When registering, please check that your name is spelled correctly and matches your ID. LOCAL GOVERNMENT FINANCE IN NORTH CAROLINA – HYBRID

Students who take this course will receive an overview of the basics of local government finance in North Carolina from a practical perspective. It is not a "debit and credit" accounting course nor does it assume you have a formal accounting education or background. Rather, this course will introduce you to the basic job functions that are typically housed in the Finance Department, with more attention given to those that are found in smaller governments. This course will also tie those functions back to the requirements for all local governments found in the NC General Statutes, primarily the Local Government Budget and Fiscal Control Act (G.S. 159 Article 3). **NOTE: Class will meet face to face every other Tuesday.**

NETWORKING (INTRODUCTION) – ONLINE

Introduction to Networking explains computer networking basics in terms that you can easily understand using concepts common to everyday, non-computing experience. A brief introduction to networking history provides context and explains how networks have become so important to businesses and individuals. The course emphasizes networking fundamentals, which explains the software and hardware that makes networking possible. The course stresses understanding how and why networks work rather than focusing on memorization of terms or numbers. Upon completion of the course, you will be capable of performing basic computer networking tasks such as DSL connectivity or configuring connections to an Internet Service Provider (ISP). This course will give you the foundation you need to begin training for CCNA certification or employment in a computer networking career. For more information including the fee amount, please visit www.LearnFTCC.com. **PRE-REGISTRATION IS DUE BY 5:00 P.M. ONE WEEK BEFORE THE CLASS START DATE.**

COMPTIA COMPUTER TECHNICIAN SUPPORT PROGRAMS

A+ CERTIFICATION: HARDWARE (BASIC) – ONLINE

(First course in the online series)

Time to roll up those sleeves and dive inside the personal computer! This basic CompTIA A+ certification preparation course teaches you about the hardware common to virtually every personal computer, including microprocessors, RAM, power supplies, motherboards, BIOS, CMOS, the expansion bus, and input/output devices. You will learn how things work, how to configure everything, and how to troubleshoot in real world environments. This course gives you the knowledge upon which you will base the rest of your CompTIA A+ certification studies. Plus, this course helps you take that first step to becoming an excellent PC technician. So what are you waiting for? **REQUIREMENTS:** a PC that you can take apart and put back together again. This can be anything from an ancient Intel 286 to a newer 486 or beyond. Because of the dangers of electro-static discharge (to the machine, not the student), we do not require you to tear apart your own primary computer. For more information including the fee amount, please visit www.LearnFTCC.com. **PRE-REGISTRATION IS DUE BY 5:00 P.M. ONE WEEK BEFORE THE CLASS START DATE.**

FOREIGN LANGUAGE

ARABIC (BEGINNING)

The need for Arabic linguists has never been greater! With Arabic the native language of over 200 million people living in 20 different countries, it is essential that more Americans develop and maintain linguistic and cultural expertise in order to build a better understanding of the Arab world. While there are many Arabic dialects, including Classical Arabic, this course will concentrate on a widely spoken, adapted dialect, known as Modern Standard Arabic, which is used most often in books, newspapers, on television and radio, in political speeches, and in conversation between Arabs from different countries. Once you have learned standard Arabic, it is relatively easy to adapt to a local dialect later.

BECOME A PHYSICAL THERAPY AIDE – ONLINE

Prepare for a rewarding career as a valued member of the physical therapy (PT) team while learning all about the human body, specific disorders, and the way physical therapists (PTs) treat these disorders. We will begin by exploring the history of physical therapy and the relationships between physical therapists, physical therapist assistants, and physical therapy aides. You will receive training on how to communicate effectively with other health care professionals and patients. You will come to understand medical terminology and anatomy and physiology used in the field of physical therapy, the medical documentation that physical therapists use, and the principles of ethics and laws that affect the PT aide. Along with infection control, you will also learn proper body mechanics and how to safely move patients. We will also cover how to help patients walk with assistive devices like walkers, crutches, and canes. Furthermore, you will learn when PTs use physical agents like heat, cold, ultrasound, and electricity. By the time you finish this eight-week course, you will have gained valuable knowledge and be well on your way to becoming an important member of the physical therapy team! SIGN LANGUAGE TRAINING

SIGN LANGUAGE I

Sign language bridges the gap between those who can hear and those who cannot. Many of you have had the experience of seeing a deaf person signing and were amazed. You then think to yourself, it would be wonderful if you could communicate with the hearing impaired. Here is your chance. Our dynamic instructors will introduce you to the process and basic structure of American Sign Language (ASL) to provide a basic understanding of, and ability to use, the language.

Instructor: TBA

PAINTING WHAT YOU SEE

Painting a lasting piece of artwork is a process and, in this class, we will explore the steps within that process to guide you from concept to creation and the final step of preserving your work of art. "Seeing" is step one, followed by learning to develop a pleasing composition. During this class, we will focus on preparing your canvas, then applying your composition to that surface, while also exploring color, color theory, color harmony, complimentary colors and identifying the color of your light and shadows. There are many other factors which will impact the result in your artwork to include the edges, different mediums, quality paint brushes and paint to apply to the canvas. Join us as we create timeless art pieces to preserve and enjoy together! **Supplies:** Please email your instructor at rpotter@nc.rr.com for the supply list.

FINANCIAL PLANNING

ESTATE PLANNING

Estate planning is a subject no one likes to think about, but one that requires thoughtful consideration. If you fail to plan for the settlement of your estate, the state subjects your assets to probate, a potentially time-consuming, expensive, and public procedure that could make an already difficult time impossible for your heirs. Fortunately, good estate planning can help out during your lifetime and help your family later. Join us! Topics will include wills, gifts, and joint ownership.

COMMUNITY EMERGENCY RESPONSE TEAM

The Community Emergency Response Team (CERT) in cooperation with the Department of Homeland Security provides the basic training to help our citizens take care of themselves and then help others in their communities for the first three days following a disaster. This course consists of 20 hours of training in such areas as disaster preparedness, fire suppression, medical triage operations, search and rescue, disaster psychology, and terrorism. The course is designed to be of value to private citizens, businesses, churches, and schools that want the skills and knowledge required to prepare and respond to a disaster. After receiving this training, you will have a greater understanding of what you need to do to prepare yourself and your family for situations such as Hurricane Katrina or 9/11. For additional information, please contact the CERT Commander for Cumberland County, Marlin Scott, by e-mail at mrwhitehe@aol.com. **Pre-registration is required. Please see the registration instructions in the "How to Register" section of the catalog.**

OPIATE OVERDOSE FIRST RESPONDER

The United States makes up about 5% of the world's population, yet the US consumes approximately 80% of the world's opiate-based pain pills. With such high consumption, opiate abuse and addiction has become the most pervasive hidden epidemic in our culture. This workshop has been created to train families and friends of opiate users to respond to an overdose with Naloxone, a first-line medication that reverses the effects of opiates and saves lives. The participants in this course will learn about the history of opiate use in the US and locally, how to recognize opiate use and abuse, risk factors, and much more.

ROADSIDE SURVIVAL

Two hundred million licensed motor vehicle drivers in the US expose themselves routinely to a significant risk while betting that they will not become stranded when they drive. Would you like to become one of the drivers who has the ability to help yourself if something were to happen? If so, come join Walt as he walks you through easy solutions to many issues that may befall you as a motor vehicle operator. His experience will help you learn how to address problems such as tire blowouts, overheated engines and dead batteries. One part of the class will be spent in the classroom learning theory, and another part of the class will be spent outside with your personal vehicle putting all you have learned into action!

PHOTOGRAPHY

Photography is one of the most popular ways to express your creativity! Whether you enjoy capturing beautiful photos as a hobby or as a profession, our photography instructors have the experience and professional background to take you to the next level. You'll notice we offer a variety of classes that will introduce you to the basic functions of a camera, to editing the images you've captured, with tips on how to run a successful photography business. With questions regarding these classes, please call (910) 678-8431.

DIGITAL PHOTOGRAPHY FUNDAMENTALS

Would you like to have more control over your camera? Frustrated because you can't make your camera work for you? This course will expand your ability to use your DSLR (digital single lens reflex) camera. You will gain an understanding of photographic terms, expressions, and techniques. Instruction will include basic camera controls, setting your camera up for optimal quality, using your camera in a variety of situations, using various modes to capture photographs in various situations, and the use of manual controls. We also cover art and composition as well as equipment selection. **NOTE:** Not recommended for point-and-shoot cameras. You will need to bring your camera and owner's manual on the first night of class. If you have questions about the class, please email the instructor.

DIGITAL PHOTOGRAPHY (INTERMEDIATE)

Have you ever heard someone say, "You have an eye for photography"? This is a trait that you must have, but many who are interested in photography simply were not born with the skill of finding the perfect light or angle when taking a picture. In this class, you will be given instruction on how to look for that artistic angle and capture that very moment before it passes. **PRE-REQUISITE:** Digital Photography Fundamentals or equivalent experience. **Supplies:** You will need to bring your camera on the first class meeting. A digital single-lens reflex camera is recommended, but is not required. If you have questions about the class, please email the instructor.

DISCOVER DIGITAL PHOTOGRAPHY

This course introduces the technology that has catapulted the photographic world into the 21st century. You will explore a broad overview of the basics of digital photography including equipment, software, and practical uses. We will discuss different types of digital cameras, from phones and tablets to digital SLRs, all of which offer a wide array of photographic options. We will also help you decide what type of equipment fits your needs, and you will have hands-on exercises so you can explore the areas that interest you. A discussion of digital photography would not be complete without digital editing options. We will explore a number of software packages, and you will learn how to compose your shots when you know you have digital editing available to you. You will also find out about your digital storage options—on the camera, the computer, and even beyond into cloud storage and online backups. Digital photography plays a big part in social media communication and image sharing, and we will discuss the basics of posting images online and some pros and cons of uploading to the Internet. Whether you are new to photography or a long-time photographer looking to move comfortably into the new world of digital work, this class provides opportunities for putting digital photography to use. This course serves as an excellent introduction before taking Secrets of Better Photography where we focus our time on camera settings, features, and the mechanics of taking better pictures. For more information including the fee amount, please visit www.LearnFTCC.com. **PRE-REGISTRATION IS DUE BY 5:00 P.M. ONE WEEK BEFORE THE CLASS START DATE.**
