Corporate & Continuing Education

WELCOME FROM THE PRESIDENT

VISIT OUR CAMPUS

OFFICE HOURS

Monday-Friday • 8:00am-5:00pm Hours may vary in the Summer.

Registration/Records Office Tony Rand Student Center • Building 7, 2220 Hull Road

Registration Information:

(910) 678-8386 • CEREGISTRATION@faytechcc.edu

Discover the excitement of lifelong learning with FTCC's Corporate and Continuing Education courses for Fall 2025! Our diverse class offerings, from Adult High School to special interest and shortterm workforce courses, are designed to help you succeed—whether you're advancing your career, exploring a hobby, or pursuing a passion. At FTCC, we provide affordable, convenient, and enriching educational experiences to support your career and educational goals. Thank you for choosing FTCC, where education is the key to upward mobility. Let us help you reimagine your future!

Sincerely,

PRE-REGISTRATION IS ENCOURAGED!
You may register for Corporate & Continuing Education classes on a first-come, first-served

basis. Please register well before the beginning date of your class. We encourage preregistrations to be in a week before the start date (applies to all methods of registration). If you wait, your class may either be full or canceled due to low enrollment.

HOW TO REGISTER

3 Ways to Register:

Online registration is available for <u>select</u> classes marked with the symbol. See additional instructions on page 51.

IF YOU REGISTER ONLINE, please update your contact information so that we may provide you with updates or changes (to include cancellations) regarding your classes. Go to https://selfserv.faytechcc.edu/Student/InstantEnrollment/ to update your information. The form is available in the Self-Service Online Registration process.

Additional Information

REFUNDS

The refund policy for Fayetteville Technical Community College's Corporate & Continuing Education Division was established by the North Carolina
Department of Community Colleges in Raleigh on October 15, 1993 and updated April 1, 2020. The full refund policy is listed in the State Board
of Community Colleges Code 1E SBCCC 900.2 with a brief statement of the policy made available on the FTCC website.

Please view the policy by visiting: www.faytechcc.edu/corporate-continuing-education/

- · Choose 'How to Register'
- The refund policy is listed under 'Registration Instructions'.

GENERAL INFORMATION

- COURSE START DATES: Corporate & Continuing Education classes begin in different weeks and months. Check start dates to be sure you
 won't miss a course.
- **DISABILITY SUPPORT SERVICES:** Any student wishing to request academic accommodations due to a disability must make their request to the Office of Disability Support Services. Requests for accommodations may be made at anytime, but requests made at least two weeks before the beginning of any class are appreciated. Disability Support Services for continuing education classes can be reached at (910) 678-8479.
- INDUSTRY STANDARD PHYSICAL REQUIREMENTS: Some classes may require that students perform physical activity in class in order to meet the objectives of the course. None of these requirements will exceed industry standards. Please contact the program coordinator associated with your program by calling 910-678-8432 to determine what physical requirements may apply to the program in which you are interested.
- PARKING: Students enrolled in Corporate & Continuing Education classes will need a temporary parking decal to park on the Fayetteville campus. These temporary passes are free to current students, and are available from the Registration and Records Office in the Tony Rand Student Center. The pass should be placed on the dashboard of the vehicle. Designated parking for students are the spaces with white lines. If you register online, please request a pass from the Registration and Records Office.
- POLICY ON THE NOTICE OF THE ANNUAL SECURITY REPORT AVAILABILITY: Fayetteville Technical Community College's annual security report is available on the FTCC website. This report is required by federal law and contains policy statements and crime statistics for the College. The policy statement addresses the school's policies, procedures and programs concerning safety and security, for example, policies for responding to emergency situations and sexual offenses. Three years' worth of statistics are included for certain types of crimes that were reported and occurred on College property, in or on off-campus buildings or property owned or controlled by the College and on public property immediately adjacent to one of the campuses. This report is available online at https://www.faytechcc.edu/campus-offices-public-safety-security/. This Annual Security Report can also be accessed by clicking on the Campus Safety and Security link under "Quick Links" at the FTCC Webpage or go to the www.faytechcc.edu click on Security at the bottom of the page, then click on the Annual Campus Crime Report. You may also request a paper copy from the Public Safety & Security Department located in the General Classroom Building, Room 102.

NOTE: Only current FTCC registered students are permitted into the classrooms, and small children are not to sit in on classes, labs, or in the libraries. Minors are not to be left unattended anywhere on campus.

Make your career a thing of BEAUTY

Register today for the Evening Cosmetology Certificate Program

Class meets Monday-Thursday 5-10PM

FTCC Corporate and Continuing Educational 1500hour Evening Cosmetology Certificate Program course consists of a combination of both theory and practical hands-on experience in a salon environment setting. The areas of learning that will be taught includes hair cutting, haircoloring, texture services, nail care, skin care, makeup application, marketable concepts of gaining and retaining clients. This program is taught in 3 segments. In just over a year, you should be qualified to sit for the State Board of Cosmetic Arts examination. Upon successfully passing the State Board exam, graduates will be issued a license. Your cosmetology license will allow you to work in many areas of the Beauty Industry such as: Cosmetology, Makeup Artist, Skin Care Specialist, Haircolorist, Nail Care Specialist, Beauty Business Consultant, Fashion Show Stylist, Beauty Blog Writer/Editor or launch your own Beauty Business.

AUTO DEALER'S RENEWAL TRAINING - FACE-TO-FACE

All auto dealers (under the age of 65) are required to attend this training in order to renew their license. The law requires that the person whose name is on your auto dealer's license must attend this training, although it would be helpful for anyone working in independent auto sales to attend. Failure to attend and complete this six-hour requirement will result in a revocation of your dealer license. The intent of this training is to provide annual updates to all independent dealers on contemporary issues. At the conclusion of this class, you will receive a certificate of completion. NOTE: Course workbook is included in the registration fee. This is a self-supporting course; fee-exempt status does not apply. To register for this course, please visit www.LearnFTCC.com. PRE-REGISTRATION IS DUE BY 4:45 PM TWO BUSINESS DAYS BEFORE THE CLASS START DATE. When registering, please check that your name is spelled correctly and matches your ID. For more information, please call (910) 678-8309.

COLLISION REPAIR & REFINISHING TECHNOLOGY

AUTOMOTIVE RESTORATION & PANEL REPAIR TRAINING ©

The course is designed to provide training for the hobbyist or DIY individuals interested in methods, techniques and tools used for restoring older vehicles and fabricating repair panels to repair rusted body parts. Training will include the use of state-of-the-art equipment used by the automotive collision industry in repair of damaged and rusted body parts as well as historical methods of repair used to restore older vehicles. This course will cover instruction in the areas of methods of repairs, usage of tools and materials of the trade. Practical exercises will support and reinforce lecture topics. The student will learn to repair panels using the proper methods and techniques as well as determining whether to repair or replace a panel based on the extent of damage. No refinishing will be done in this class. NOTE: Students will be responsible for Personal Protection Equipment (PPE) including safety glasses, mechanic's gloves, and appropriate clothing and footwear. Students will also need to bring their own hand tools such as wrenches, screwdrivers, sockets, etc. FTCC will provide all specialty tools for the course including hammers and dollies.

For more information please call (910) 678-8494 or email figueromi@faytechcc.edu.

NOTARY PUBLIC

E-NOTARY PUBLIC 🛜 SARA

This course is required for anyone interested in registering as an *Electronic* Notary Public for the first time. All students <u>MUST</u> be currently commissioned as a Notary Public in North Carolina to attend this class. NOTE: The current edition of the E-Notary Manual is required for admittance to the class and can be purchased at the FTCC bookstore. It is strongly recommended that you study the guidebook prior to class attendance to be better prepared for the state examination given at the end of the class. This is a self-supporting class; fee-exempt status does not apply. PREREQUISITE: Students must provide current Notary Public Commission number and current state or federal picture identification for admission to class. The active duty military and civilian ID cards DO NOT meet the identification requirement. The ID must be a valid ID with a picture of the face and either signature of physical descriptors or both. When registering, please check that your name is spelled correctly and matches your ID. With questions, please contact (910) 678-0032.

NOTE: Having a conviction for misdemeanor or a felony in this or any other state within ten years of your day of application for the position of Notary Public could cause denial of your commissioning application. If convicted of a crime that is a misdemeanor or felony, you must have successfully completed your sentence from the court and then had a ten-year period from successful completion of the sentence prior to applying as a notary public. If you have questions about your criminal history and the ability to be commissioned as a Notary Public please contact the Notary Public Section, the Department of the Secretary of State directly at 919-814-5400 or by email at notary@sosnc.gov before registering for the class. Refunds will not be given if a criminal history issue prevents you from being commissioned.

NOTARY PUBLIC 🛜 SARA

This course is required for anyone interested in becoming a Notary Public for the first time. It is recommended for all notaries as a refresher course. NOTE: The current edition of The Notary Public Guide Book for North Carolina is required for admittance to the class and can be purchased at the FTCC bookstore. It is strongly recommended that you study the guidebook prior to class attendance to be better prepared for the state examination given at the end of the class. NCGS 10B-5(b) provides the following requirements to be commissioned as a Notary Public in NC: 1) Be at least 18 years of age or legally emancipated as defined in Article 35 of Chapter 7B of the General Statutes; 2) Reside or have a regular place of work or business in this State; 3) Reside legally in the United States; 4) Speak, read, and write the English language; 5) Possess a high school diploma or equivalent; 6) Pass the course of instruction described in this Article, unless the person is a licensed member of the North Carolina State Bar; 7) Purchase and keep as a reference the most recent manual approved by the Secretary that describes the duties and authority of notaries public; 8) Submit an application containing no significant misstatement or omission of fact. This is a self-supporting class; fee-exempt status does not apply.

PREREQUISITE: Students must provide current state or federal picture identification for admission to class. The active duty military and civilian ID cards **DO NOT meet the identification requirement.** The ID must be a valid ID with a picture of the face and either signature or physical descriptors or both. *When* registering, please check that your name is spelled correctly and matches your ID. With questions, please contact (910) 678-0032.

NOTE: Having a conviction for misdemeanor or a felony in this or any other state within ten years of your day of application for the position of Notary Public could cause denial of your commissioning application. If convicted of a crime that is a misdemeanor or felony, you must have successfully completed your sentence from the court and then had a ten-year period from successful completion of the sentence prior to applying as a notary public. If you have questions about your criminal history and the ability to be commissioned as a Notary Public please contact the Notary Public Section, the Department of the Secretary of State directly at 919-814-5400 or by email at notary@sosnc.gov before registering for the class. HEALTHCARE/MEDICAL OFFICE TRAINING

Students who register on campus must be prepared to pay the insurance fee at the time of registration. Please check course descriptions for insurance requirements.

BEHAVIOR TECHNICIAN – HYBRID SARA

Through the Behavior Technician program, you will receive the training needed to become a paraprofessional in the field of Autism services. This course provides an understanding of Autism Spectrum Disorder (ASD) and best practices for assisting children and adults with functional communication acquisition, social skill development, and behavior change. You will learn about Applied Behavior Analysis (ABA), an empirically validated method for changing behaviors and teaching social and adaptive living skills.

This 65-hour course includes 25 hours of live instruction and 40 hours' worth of online modules that you complete at your own pace. If you complete this course successfully, you will receive a Behavior Technician (BT) certificate and will be eligible for entry-level positions in the field. After the course, you may choose to complete additional assessments to become certified as a Registered Behavior Technician (RBT) by the Behavior Analyst Certification Board. Prevalence of Autism Spectrum Disorder and changes in insurance mandates drive high demand for ABA services and RBT recruitment. Supplies: Students must have access to a computer or tablet with reliable Internet access.

For more information about this course and its requirements, please visit www.LearnFTCC.com. PRE-REGISTRATION IS DUE BY 4:45 PM TWO (2) BUSINESS DAYS BEFORE CLASS START DATE.

BIOWORK: PROCESS TECHNICIAN 🛜 SARA

New program! BioWork: Process Technician

Are you interested in pursuing a career in biotechnology or pharmaceutical manufacturing? Many entry-level positions prefer or require a BioWork certificate. FTCC is proud to partner with the North Carolina Biotechnology Center through the Military Outreach and Veteran Engagement Initiative. NCBiotech will sponsor transitioning service members, veterans, and military spouses to complete BioWork at no cost. Military-connected students should contact instructor Bruce Coleman at bruce_coleman@ncbiotech.org for information. FTCC Military and Veteran Programs.

Lectures and all classwork assignments are online. In-person lab sessions take place one-day a week on Thursdays 11 am-3 pm. Register online through Con. Ed. Students Self Service: ConEd Student Self-Service.

Tuition is \$180. For more information, please call (910) 486-3923 or email us at healthprograms@faytechcc.edu.

HOSPITALITY SERVICES—HOTEL/RESTAURANT

SANITATION FOR FOOD SERVICE 🛜 SARA

This course is designed to teach proper food service sanitation practices relating to food storage, food preparation, equipment cleaning, sanitary facilities, and personal hygiene. **The food service class "Sanitation for Food Service Personnel" sponsored by the Cumberland County Health Department does not meet the requirements for recently adopted North Carolina Food Code. Persons who may wish to attend this class will not be eligible to receive the additional two points toward their sanitation evaluation score. This class does meet all the requirements for Day Care Plans and Facilities in Cumberland County. This is a self-supporting course; fee exempt status does not apply.

SERVSAFE FOOD SAFETY TRAINING 🛜 SARA

The restaurant and food service industry's pre-eminent food safety training, the ServSafe program is recognized and accepted by more federal, state, and local jurisdictions than any other food safety program. It prepares the industry to prevent food-borne illness, reduce liability risks, lower insurance costs, and improve food quality. Effective training means your entire operation will be more efficient, profitable, and have a better understanding of health department inspections. *ALL Food establishments are required by law to have a certified food protection manager (CFPM) at the food establishment during all hours of operation per section 2-102.12 of the NC Food Code. In order to meet this, an ANSI accredited program must be taken. Textbook Requirement: ServSafe Course Book with Online Exam Voucher.

Instructor: Nicholas Jones

INDUSTRIAL SEWING

The Furniture Upholstery classes are offered to provide training to students that will allow them to increase their skills from novice to professional. For additional information, please call (910) 678-8431.

FURNITURE UPHOLSTERY (BEGINNING) ©

Do you have a desire to learn how to restore furniture by replacing the upholstery? During this course you will be given an introduction to the safe use of inside and outside upholstery tools, materials and techniques to re-upholster small seats on chairs, footstools and small pieces of furniture. Students may progress to sewing additional types of covers for re-upholstery, how to re-tie and tie springs, brace the frame and how to secure the webbing - all part of the upholstery process. Upon completion, students should understand techniques of upholstering small pieces of furniture. Supplies: Please bring the following tools the first day of class: tape measure, fabric scissors, needle-nosed pliers, wire cutters, upholstery nail remover, tack remover. NOTE: Students who have not sewn on the industrial machines will need to start with a small cushion, pillow, bench cushion or wingback chair in order to gain the basic skills. Please bring your project to the first day of class and contact the instructor with questions before by calling (910) 494-5468.

Instructor: Milagros Whitted

9:00am-12:00N 311 Williams St. Th Aug 21-Dec 11 Fee: \$125 48 hrs 90552

Want to learn a new hobby? Check out the Personal Interest classes on pages 33-45 featuring subjects from Art to Yoga.

FURNITURE UPHOLSTERY (INTERMEDIATE)

This course is designed for those of you who would like to expand your skills with new techniques in upholstering furniture and restoring wood furniture frames. Emphasis will be placed upon techniques for upholstering difficult or odd shaped pieces of furniture, repair/replacement of the wood frames, and sewing double welt trim and cushions with button tufting, attaching skirts, and making arm covers. Upon completion, students should understand basic and intermediate level techniques of upholstering furniture starting with the fabric and wooden frame, then combining them to make furniture. Supplies: Please bring the following tools the first day of class: tape measure, fabric scissors, needle-nosed pliers, wire cutters, upholstery nail remover, tack remover. NOTE: You will need to bring one piece of furniture on the first day of class. Please contact the instructor with questions by calling (910) 494-5468.

Instructor: Milagros Whitted

6:00pm-9:00pm 311 Williams St. Th Aug 21-Dec 11 Fee: \$125 48 hrs 90554

INDUSTRIAL TRAINING

FORKLIFT – OSHA FORKLIFT OPERATOR – 32 HOURS SARA

This course provides instruction on the operation and maintenance of an industrial forklift for adults seeking employment as an operator. Core topics include: forklift design; controls and instrumentation; pre-use inspection; safety awareness; and forklift stability. This course meets the training requirements for related Occupational Safety and Health Administration (OSHA) regulations.

Requirements: Coaching the Lift Truck Operator 3 book which you can purchase from FTCC Book Store for \$7.50. CLASS IS LIMITED TO 12 STUDENTS.

PRE-REGISTRATION IS REQUIRED. For more information please call (910) 678-8494 or email figueromi@faytechcc.edu.

WELDING – GTAW (GAS TUNGSTEN ARC WELDING) – TIG, PART I 🛜 SARA

This course introduces the gas tungsten arc (TIG) welding process. Topics include correct selection of tungsten, polarity, gas, and proper filler rod with emphasis placed on safety, equipment setup, and welding techniques. Upon completion, students should be able to perform GTAW fillet and groove welds with various electrodes and filler materials.

PRE-REGISTRATION IS REQUIRED. For information please call (910) 678-8460.

Instructor: TBD

M-Th 5:30pm-9:30pm Sep 29-Nov 20 Fee: \$180 128 hrs 64027 CBI 118

WELDING – INDUSTRIAL WIRE FED: GMAW (MIG) FCAW/PLATE 🛜 SARA

This course introduces metal arc welding and flux core arc welding processes. Topics include equipment setup and fillet and groove welds with emphasis on application of GMAW and FCAW electrodes on carbon steel plate. Upon completion, students should be able to perform fillet welds on carbon steel with prescribed electrodes in various positions.

PRE-REGISTRATION IS REQUIRED. For information please call (910) 678-8460.

Instructor: Chad Celcer

F 8:00am-5:00pm Aug 15-Dec 05 Fee: \$180 128 hrs 64020 CBI 118

WELDING – INTRODUCTION TO WELDING 🛜 SARA

This course is an entry level to the Welding Trade. The focus is on OSHA-10 safety, oxy-fuel and plasma-arc cutting systems, shielded metal arc (stick) welding process, and how to get job ready. Topics include safety, proper equipment setup, and operation of oxy-fuel and plasma-arc cutting equipment with emphasis on straight line, curve and bevel cutting, padding, fillet, and groove welds in various positions with SMAW electrodes. Upon completion, students should be able to oxy-fuel and plasma-arc cut metals of varying thickness and perform SMAW fillet and groove welds on carbon plate with prescribed electrodes.

NOTE: Each student will be required to pay a \$10 OSHA Card fee at the time of registration.

(pricing subject to change and student will be responsible for the current rate)

PRE-REGISTRATION IS REQUIRED. For information please call (910) 678-8460.

Instructor: Caden Overton

M-Th 9:00am-5:30pm Aug 25-Nov 03 Fee: \$180 320 hrs 64021 CBI 118

WELDING – SHIELDED METAL ARC WELDING (SMAW) PLATE CERTIFICATION PREP 🛜 SARA

This course focuses on the requirements outlined in the American Welding Society Structural Welding Code D1.1. It covers techniques and welder qualification test criteria for a prequalified joint on limited thickness in the 3G position. By the end of the course, students should be able to perform welds on carbon steel plate in accordance with D1.1 code.

NOTE: Prior Shielded Metal Arc Welding experience is required BEFORE taking this course.

PRE-REGISTRATION IS REQUIRED. For information please call (910) 678-8460.

Instructor: Chad Celcer

M-Th 8:00am-5:00pm Aug 11-Aug 21 Fee: \$180 64 hrs 62024 CBI 118 M-Th 1:00pm-5:00pm Nov 10-Dec 08 Fee: \$180 64 hrs 62028 CBI 118

WELDING – STICK WELDING: SMAW PLATE 🛜 SARA

This course introduces metal proration and stick welding. The focus is on shielded metal arc (stick) welding process. Topics include safety, proper equipment setup, and operation of oxy-fuel cutting equipment with emphasis on surface preparation, padding, fillet, and groove welds in various positions with SMAW electrodes. Upon completion, students should be able to perform SMAW fillet and groove welds on carbon plate with prescribed electrodes.

PRE-REGISTRATION IS REQUIRED. For information please call (910) 678-8460.

Instructor: Jessup Overton

M-Th 1:00pm-5:00pm Aug 11-Oct 27 Fee: \$180 176 hrs 64026 CBI 118

WELDING – STRUCTURAL WELDING SARA

This course takes learners from entry level to getting ready to set for various AWS Certifications. The focus is on OSHA-10 safety, oxy-fuel and plasma-arc cutting systems, shielded metal arc (stick) welding, introduction to GMAW, GTAW, FCAW processes, and how to become ready. Topics include safety, proper equipment setup, and operation of oxy-fuel and plasma-arc cutting equipment, padding, fillet, and groove welds in various positions with SMAW electrodes. Emphasis is placed on advancing manipulative skills with SMAW electrodes on varying thickness, be familiar with the GMAW, GTAW, FCAW welding techniques, and be able to perform groove welds on carbon steel with prescribed SMAW electrodes in the flat, horizontal, vertical, and overhead positions. NOTE: Each student will be required to pay a \$10 OSHA Card fee at the time of registration.

(pricing subject to change and student will be responsible for the current rate)

PRE-REGISTRATION IS REQUIRED. For information please call (910) 678-8460.

TRANSPORTATION

The FTCC CDL Program is registered by the Federal Motor Carrier Safety Administration (FMCSA) and certified as a Training Provider.

CDL TRAINING CLASS B W/P

Would you be interested in a career as a city bus driver or a tour bus driver? Or would you like to be authorized to drive other class B vehicles such as a dump truck or box truck? If so, this course will teach all facets of knowledge and provide practical skills and opportunities to pass the Commercial Driver License examination. During instruction, subject material will include Hours of Service reporting, Pre-Trip/Post-Trip inspections, Driving practice, Trip-Planning, and DMV testing. Additional topics are also included to ensure the student's success in the transportation industry.

NOTE: All training will be done on a Transit Bus, but successful completion of this course will qualify you to drive any Class B vehicle, except school Buses. This class DOES NOT equip you to drive a school bus. For more information on school bus driver training, please visit https://www.ncbussafety.org/ busdrivers.html.

Maintenance Fee: \$50 required to be paid at the time of registration.

Students are also responsible for estimated out of pocket expenses (prior to class starting) including: DOT Physical & Drug screening \$125.00; Driving history \$12.75; Class B w/P CDL Permit \$77.00; Class B w/P CDL License \$127.50 (upon completion of class)

WORLD LANGUAGES

ARABIC (BEGINNING)

The need for Arabic linguists has never been greater! With Arabic the native language of over 200 million people living in 20 different countries, it is essential that more Americans develop and maintain linguistic and cultural expertise in order to build a better understanding of the Arab world. While there are many Arabic dialects, including Classical Arabic, this course will concentrate on a widely spoken, adapted dialect, known as Modern Standard Arabic. This dialect is used most often in books, newspapers, on television and radio, in political speeches, and in conversation between Arabs from different countries. Once you have learned standard Arabic, it is relatively easy to adapt to a local dialect later.

Instructor: TBA

Sep 03-Oct 15 Fee: \$70 HTC 143 5:30pm-8:30pm 21 hrs 90653

ARABIC (INTERMEDIATE) 🕏

This course is designed for those who would like to build communicative competence in Modern Standard Arabic. Your instructor will work with you to build your reading, writing, listening, and speaking skills.

PREREQUISITE: Completion of Arabic (Beginning) course or equivalent experience.

Instructor: TBA

5:00pm-8:00pm Oct 22-Dec 10 Fee: \$70 21 hrs 90652 HTC 143

FRENCH I 🕏

Join us as we discover beautiful France and the culture within! If you anticipate traveling in France, you will enjoy your trip more if you master some of the basics of the language, grammar, and understand the beauty of the French culture. In this course, you will study both conversation and culture; money exchange, how to order in restaurants, how to ask for and understand directions, and more! This is an excellent course for those traveling for business!

Instructor: TBA

5:30pm-7:30pm 90576 Aug 11-Oct 06 Fee: \$70 16 hrs **CEC 108**

FRENCH II 😚

Continue your practice of the French language in this intermediate level course. The instructor will introduce you to a higher level of grammar, conversational skills and understanding the geography of the county. This course is designed to bring your language skills for business and travel purposes to a new level. PREREQUISITE: Completion of French I course or equivalent experience.

Instructor: TBA

M 5:30pm-7:30pm Oct 20-Dec 08 Fee: \$70 16 hrs 90587 **CEC 108**

INTRODUCTION TO GERMAN ©

This course is a study of the basic elements of German, including grammar, conversational skills, and cultural norms. Anyone planning to travel to Germany will benefit from this introductory class. Those who do business with German-speaking clients will also benefit from this opportunity to increase their vocabulary. Instructor: TBA

MANDARIN CHINESE (BEGINNING) 🐬

This is a beginning course in Mandarin Chinese, the official language in Mainland China. Chinese is also one of the two official languages in Hong Kong and one of the four in Singapore. According to a recent survey, it is now the fastest growing foreign language chosen for study by American college students. This course is designed for beginners with an emphasis on developing minimum communicative competence in Chinese. You will be introduced to the basics of the Chinese language - the pinyin, characters and grammar - and learn how to carry out simple conversations in Chinese on a variety of topics.

JEWELRY MAKING AND SILVERSMITHING (BEGINNING) ©

Learning to create jewelry through the technique of silversmithing is one of the most rewarding methods to create a one-of-a-kind work of art. This course is designed to cover the fundamentals of silversmithing to include silver soldering, sawing, forming, filing, and texture creation. While this course is designed for the beginning student, your instructor will work to meet the needs of students from a variety of jewelry making backgrounds. Emphasis will be placed upon soldering techniques as you work on various projects. Supplies: You will be provided with the basic copper and wire needed to practice the metalsmithing skills on your first project; however, please be prepared to spend between \$60-\$150 in supplies, depending on the project you choose to complete. You are also welcome to provide your own metal of choice at your cost if you prefer not to use the provided copper. Basic hand tools are available in the FTCC studio for novice students.

PAINTING WHAT YOU SEE 🕏

Painting a lasting piece of artwork is a process and, in this class, we will explore the steps within that process to guide you from concept to creation and the final step of preserving your work of art. "Seeing" is step one, followed by learning to develop a pleasing composition. During this class, we will focus on preparing your canvas, then applying your composition to that surface, while also exploring color, color theory, color harmony, complimentary colors and identifying the color of your light and shadows. There are many other factors which will impact the result in your artwork to include the edges, different mediums, quality paint brushes and paint to apply to the canvas. Join us as we create timeless art pieces to preserve and enjoy together!

POTTERY (BEGINNING) ©

If you have always been fascinated watching potters and thought it looked like fun, come and learn just how much fun it really is. Pottery is not difficult to learn, but it takes patience and the willingness to get a little dirty. As a beginning student, you will learn basic throwing techniques with emphasis on making functional forms such as mugs, bowls, and vases. You will learn how to trim, decorate (if desired), and glaze your pieces. If you are interested, you can also work on handbuilt pieces. Supplies: Students will need to purchase their own clay and tool kit (available from FTCC bookstore). Glazes are provided. Instructor: TBA

ESTATE PLANNING ©

Estate planning is a subject no one likes to think about, but one that requires thoughtful consideration. If you fail to plan for the settlement of your estate, the state subjects your assets to probate, a potentially time-consuming, expensive, and public procedure that could make an already difficult time impossible for your heirs. Fortunately, good estate planning can help out during your lifetime and help your family later. Join us! Topics will include wills, gifts, and joint ownership. Instructor: TBA

FLORAL/GARDENING/LANDSCAPING

COMPOSTING WITH VERMICULTURE ®

Composting is the natural process of decomposition and recycling of organic material into a humus-rich soil amendment. Vermiculture is a method of composting with various species of worms who eat your decomposing food waste. Why not try both? Join Cheryl Garrett to learn how to start and enjoy the experience of doing it yourself! Learn different ways to build a "Brown & Green" composting bin and also how to set up an earth worm bin to eat your garbage and enhance your gardening soil. In this class, you will begin to see why composting in the world today is a necessity.

MOTORCYCLE

MOTORCYCLE: BASIC RIDER COURSE

Learn safe motorcycle riding under the direction of Motorcycle Safety Foundation (MSF) certified instructors. This beginning course is designed for riders with little or no experience. Based on extensive data, research, and field tests, this course combines classroom and on-bike experience to give overall understanding of motorcycling and prepares the student with basic riding skills. Motorcycles are provided. Students will need DOT-approved helmet, gloves, eye protection, long-sleeved clothing, long pants, and sturdy, over-the-ankle, leather footwear. You must be able to ride a bicycle and lift and keep the motorcycle upright. For registration and more information about this course, please visit www.LearnFTCC.com and search under the "Instructor Led" tab at the top of the screen. BECAUSE CLASS SIZE IS LIMITED, PRE-REGISTRATION IS ENCOURAGED. Please call (910) 678-8488 for class availability; for all other questions please call (910) 678-8446. NOTE: The North Carolina Motorcycle Safety Education Program requires 100% attendance. You must be in attendance and in your classroom seat at 5:30pm when the first class begins. Failure to be on time will result in your slot being denied and your registration fee forfeited.

MOTORCYCLE REPAIR & MAINTENANCE ©

With the popularity of motorcycles and ATVs comes the opportunity to earn a living in motorcycle repair and maintenance. Maybe you already have some automotive repair experience and want to see if this is something that might interest you. During this hands-on class, emphasis will be placed upon two-and four-stroke engines, calibration and synchronization of carburetors, braking system safety and maintenance, what to do when the lights and power fails, repair of frame and suspension, and which oils are best at preventing damage. This course is also open to those who own a motorcycle or are considering buying one and want to learn how to do some of their own repair and maintenance.

PIANO (EARLY BEGINNER) ©

The class is best suited for a beginner who knows nothing about music! However, any level student may attend this class and receive practice assistance. In this course, the student will learn simple rhythms, dynamics and begin the early steps of reading music from the staff. We will learn Penta Scales and begin the work of developing hand coordination. With the help of the instructor, students will write out goals and will receive mini one-on-one lessons while getting some good uninterrupted practice done! Supplies: All students need to bring a set of headphones. NOTE: Keyboards are available in the classroom, but they only have 76 of the standard 88 keys, and the keys are very lightly weighted. Students have the option of bringing their own keyboards and x-stands. Textbook Requirement: Adult Piano Adventures All-in-One Piano Course Book 1 by Faber & Faber.

Instructor: Sylvia Morris

ROADSIDE SURVIVAL 🕏

Two hundred million licensed motor vehicle drivers in the US expose themselves routinely to a significant risk while betting that they will not become stranded when they drive. Would you like to become one of the drivers who has the ability to help yourself if something were to happen? If so, come join Walt as he walks you through easy solutions to many issues that may befall you as a motor vehicle operator. His experience will help you learn how to address problems such as tire blowouts, overheated engines and dead batteries. One part of the class will be spent in the classroom learning theory, and another part of the class will be spent outside with your personal vehicle putting all you have learned into action!

PHOTOGRAPHY & GRAPHIC DESIGN

Photography is one of the most popular ways to express your creativity! Whether you enjoy capturing beautiful photos as a hobby or as a profession, our photography instructors have the experience and professional background to take you to the next level. You'll notice we offer a variety of classes that will introduce you to the basic functions of a camera, to editing the images you've captured, with tips on how to run a successful photography business. With questions regarding these classes, please call (910) 678-8431.

DIGITAL PHOTOGRAPHY FUNDAMENTALS ©

Would you like to have more control over your camera? Frustrated because you can't make your camera work for you? This course will expand your ability to use your DSLR (digital single lens reflex) camera. You will gain an understanding of photographic terms, expressions, and techniques. Instruction will include basic camera controls, setting your camera up for optimal quality, using your camera in a variety of situations, using various modes to capture photographs in various situations, and the use of manual controls. We also cover art and composition as well as equipment selection. NOTE: Not recommended for point-andshoot cameras. You will need to bring your camera and owner's manual to the first class.

Instructor: Frank Galluccio

DIGITAL PHOTOGRAPHY (INTERMEDIATE)

Have you ever heard someone say, "You have an eye for photography"? This is a trait that you must have, but many who are interested in photography simply were not born with the skill of finding the perfect light or angle when taking a picture. In this class, you will be given instruction on how to look for that artistic angle and capture that very moment before it passes. PRE-REQUISITE: Digital Photography Fundamentals or equivalent experience. Supplies: You will need to bring your camera on the first class meeting. A digital single-lens reflex camera is recommended, but is not required. Instructor: John Patota

Fee: \$100 HTC 142 Th 5:30pm-8:30pm Oct 23-Dec 18 24 hrs 90632

ELEVATE YOUR DESIGN SKILLS: CANVA WORKSHOP ©

Join us for a transformative Canva workshop where you'll unlock your creative potential and elevate your design skills! Led by experienced instructors, this hands-on session will guide you through mastering the Canva interface, crafting eye-catching graphics, and employing advanced design techniques. Whether you're a beginner or seasoned designer, discover how to customize designs for social media, presentations, and more while fostering collaboration with Canva's collaborative workspace. No prior experience necessary. Don't miss out—register now to unleash your creativity with Canva!

YOGA (BEGINNING) 🕏

Yoga has been recognized medically for the many benefits that it promotes. It is often recommended by various medical treatments to supplement medical conditions such as depression, combat stress-related conditions, arthritis, diabetes and many more. Yoga, with its gentle movements, will enhance health by strengthening your body and improving oxygen flow, promoting a healthy mind, body, and spirit. Each lesson includes deep breathing and movement exercises that can be modified to accommodate any fitness level and medical needs. Yoga provides a unique, individual experience that will develop flexibility and stamina, increase awareness to help you identify stress and coping strategies, improve balance and concentration, and promote a more healthful lifestyle. NOTE: Please wear comfortable clothing, socks, and bring your yoga mat, towel, and water.

Instructor: Dharma Lifeways

- Structural & Pipe Welding
- Pipe/Structural Welding

COMMUNITY PARTNERSHI

FTCC is always excited to work with partners from the Community to find ways to work toward our common goals and strengthen economic development activities through responsive, timely and relevant workforce training and education.

To meet national and state demands for employment within the renewable energy sector, Fayetteville Technical Community College (FTCC) has formed a partnership with Cumberland County Schools (CCS), Cape Fear High School, Douglas Byrd High School, E.E. Smith High School, Grays Creek High School, Jack Britt High School, Westover High School and 71St High School and two major energy industry employers (Blue Ridge Power and Public Works Commission) to implement a new pathway that will help grow the future workforce within this sector.

Additionally, FTCC has partnered with Cumberland County Schools (CCS) to prepare Child Nutrition Assistants for the food service industry. During this course, students will be trained on nutrition, basic safety, basic culinary skills, basic culinary math, quality food prep, equipment use and care, and customer service. Students will also have the opportunity to gain a ServSafe certification, receive Human Resources training (HRD), and participate in a paid, on-thejob training experience. Upon successful completion of the Child Nutrition Assistant program, students may interview with CCS for employment in a local school cafeteria. For more information about this program, please call 910-678-0033 or email allenk@faytechcc.edu.

For details contact FTCC High School Connections at hsc@faytechcc.edu.

To register go to: www.LearnFTCC.com.

The Army Career Skills Program (CSP) and the Department of Defense (DoD) SkillBridge Program are both initiatives that assist transitioning service members in gaining job skills and improving their employment prospects in the civilian work environment. These programs aid transitioning service members and veterans by allowing them to participate in civilian training, credentialing, apprenticeship, and internship programs beginning up to six months before separation from military service. Industry Employer Partners gain early access to highly skilled service members as prospective employees. These programs are offered at little to no cost to the service member.

Would you like more information? Go to the link https://www.faytechcc.edu/military-veterans/veterans-services/readyto-transition/skillbridge-csp/

Military Outreach & Veterans Engagement (MOVE)

A community project workforce program between North Carolina Biotechnology Center (NC Biotech), Fort Bragg and FTCC to ensure veterans, service members, and their spouses have the resources they need to create clear career pathways in NC's life sciences manufacturing industries. MOVE will provide two separate workforce development training programs: Life Science Manufacturing Job Training Programs and On-The-Job Training (OJT) Internships.

For details, see page 21

Blue Cross Blue Shield

FTCC and Blue Cross and Blue Shield of North Carolina (Blue Cross NC) have partnered to provide an insurance pre-licensing program for Cumberland County! If you're looking for a profitable, professional work opportunity and you want to enter a career field that can lead to advancement, then working as a NC Licensed Insurance Agent is a great place to start! FTCC and Blue Cross NC are making it more accessible to become a NC Licensed Insurance Agent than ever before through their sponsorship program. Through this program, you have the opportunity to apply to receive funding that will cover your course tuition, course fees and licensure upon completion of the program. For details go to https://www.faytechcc.edu/corporate-continuing-education/ftcc-blue-cross-nc-opportunity/ or see page 14.

Motorcycle Safety Foundation

With half a century of best practices and research under its belt, and esteemed partnerships with over 30 DMVs and the US military, the Motorcycle Safety Foundation (MSF) continues to improve the ride for riders across the nation. Education is equal parts competence and confidence, and those elements inspire freedom to command the saddle and savor the journey.

Vision: To help motorcycle riders realize their full potential, elevating awareness of motorcycling safety in order to save lives.

For details see page 40.

HOW TO REGISTER

Instrucciones para registrarse en español, disponible en http://www.faytechcc.edu/corporate-continuing-education/schedules/#register

SPECIAL INSTRUCTIONS:

- · Pre-Registration is Required!
 - You may register for Corporate & Continuing Education classes on a first-come, first-served basis. Please register well before the beginning date of your class. We encourage students to pre-register a week before the start date (applies to all methods of registration). If you wait, your class may either be full or canceled due to low enrollment.
- Payment Options: We accept Visa, MasterCard, Discover, cash, money orders, and in-state checks (check writer must reside in North Carolina).
 Make checks payable to FTCC, including a pre-printed in-state address and your driver's license number on the check.
- Active-duty Military Personnel using mail-in registration for courses marked by an asterisk (*) will show military unit rather than home address.
- Register for online programs through walk-in registration or at www.LearnFTCC.com.

FEES:

- Registration fees for Corporate & Continuing Education courses vary with the type of course. Note: fees are subject to change. See course listings and contact the program for current fees.
- · All personal interest classes are self-supporting; no fee-exemptions apply.
- Students are responsible for buying books, supplies, and kits.
- Students may purchase accident insurance to cover class activities at the CE Records & Registration Office, located in the Tony Rand Student Center, Room 2.

POLICIES:

- Admission is open to anyone 16 years of age or older (Additional requirements for College and Career Readiness and other select programs).
- FTCC does not practice nor condone discrimination, in any form, on the basis of race, color, national origin, religion, sex, age, handicap, or political affiliation.
- FTCC reserves the right to cancel any class due to insufficient enrollment, inadequate facilities, or if qualified instructors are not available.
- CE classes are not offered for college credit and are non-transferable to Curriculum programs leading to associates degrees, diplomas, or certificates unless stated otherwise. CEUs (Cont. Edu. Units) may be awarded for successful completion of specific courses at the rate of one CEU for each ten hours of class participation.

Search and register for select classes within minutes using our simple online registration process! Pay with your VISA or MASTERCARD. Check course listings within this catalog for the

- symbol to register online.
- 1. Visit www.faytechcc.edu
- 2. Scroll to the bottom and click on Cont. Ed. Students Self-Service
- 3. Enter 5 digit course code number or keyword
- 4. Once you find your desired class, click select → add section → next
- 5. Enter all required info until you reach a payment confirmation screen

You may register in-person at the following location during regular business hours:

Records & Registration Office

Tony Rand Student Center, Room 2

2201 Hull Road, Fayetteville, NC 28303

Complete the registration form located on the left side page, insert your payment (*do not mail cash*) and mail to:
