FUTURE READY!

Corporate & Continuing Education

WELCOME FROM THE PRESIDENT

Welcome to the Fall 2026 Corporate & Continuing Education schedule at Fayetteville Technical Community College. At FTCC, our mission is clear: to build a future ready workforce that supports the economic vitality of Cumberland County while enriching the lives of the people we proudly serve.

Whether you are completing an Adult High School credential, advancing your career through targeted workforce training, or exploring a personal interest, you are part of a community committed to growth and opportunity. Our programs are designed to be flexible, affordable, and accessible—because education should meet you where you are and help you move confidently toward where you want to be.

Thank you for allowing FTCC to be part of your journey. Together, we are shaping a stronger, more vibrant future for our region.

A handwritten signature in black ink, reading "Mark Sorrells".

Dr. Mark Sorrells, President

HOW TO REGISTER

3 Ways to Register:

Online

Walk-In

Mail-In

Online registration is available for select classes marked with the  symbol. See *additional instructions on page 51*.

IF YOU REGISTER ONLINE, please update your contact information so that we may provide you with updates or changes (to include cancellations) regarding your classes. Go to <https://selfserv.faytechcc.edu/Student/InstantEnrollment/> to update your information. The form is available in the Self-Service Online Registration process.

OFFICE HOURS

May 18 through July 31, 2026

7:30am-5:00pm Mon-Thur and 7:30am-1:30pm Fri

Extended Hours: August 10-13 8:00am-6:00pm

Registration/Records Office

Tony Rand Student Center • Building 7, 2220 Hull Road

Registration Information:

(910) 678-8386 • CEREGISTRATION@faytechcc.edu

Tony Rand Student Center

PRE-REGISTRATION IS ENCOURAGED!

You may register for Corporate & Continuing Education classes on a first-come, first-served basis. Please register well before the beginning date of your class. We encourage pre-registrations to be in a week before the start date (applies to all methods of registration). If you wait, your class may either be full or canceled due to low enrollment.

Additional Information

REFUNDS

- The refund policy for Fayetteville Technical Community College's Corporate & Continuing Education Division was established by the North Carolina Department of Community Colleges in Raleigh on October 15, 1993 and updated April 1, 2020. The full refund policy is listed in the State Board of Community Colleges Code 1E SBCCC 900.2 with a brief statement of the policy made available on the FTCC website.

Please view the policy by visiting: www.faytechcc.edu/corporate-continuing-education/

- Choose 'How to Register'
- The refund policy is listed under 'Registration Instructions'.

GENERAL INFORMATION

- **COURSE START DATES:** Corporate & Continuing Education classes begin in different weeks and months. Check start dates to be sure you won't miss a course.
- **DISABILITY SUPPORT SERVICES:** Any student wishing to request academic accommodations due to a disability must make their request to the Office of Disability Support Services. Requests for accommodations may be made at anytime, but requests made at least two weeks before the beginning of any class are appreciated. Disability Support Services for continuing education classes can be reached at (910) 678-8479.
- **INDUSTRY STANDARD PHYSICAL REQUIREMENTS:** Some classes may require that students perform physical activity in class in order to meet the objectives of the course. None of these requirements will exceed industry standards. Please contact the program coordinator associated with your program by calling 910-678-8432 to determine what physical requirements may apply to the program in which you are interested.
- **PARKING:** Students enrolled in Corporate & Continuing Education classes will need a temporary parking decal to park on the **Fayetteville campus**. These temporary passes are free to current students, and are available from the Registration and Records Office in the Tony Rand Student Center. The pass should be placed on the dashboard of the vehicle. Designated parking for students are the spaces with white lines. If you register online, please request a pass from the Registration and Records Office.
- **POLICY ON THE NOTICE OF THE ANNUAL SECURITY REPORT AVAILABILITY:** Fayetteville Technical Community College's annual security report is available on the FTCC website. This report is required by federal law and contains policy statements and crime statistics for the College. The policy statement addresses the school's policies, procedures and programs concerning safety and security, for example, policies for responding to emergency situations and sexual offenses. Three years' worth of statistics are included for certain types of crimes that were reported and occurred on College property, in or on off-campus buildings or property owned or controlled by the College and on public property immediately adjacent to one of the campuses. This report is available online at <https://www.faytechcc.edu/campus-offices-public-safety-security/>. This Annual Security Report can also be accessed by clicking on the Campus Safety and Security link under "Quick Links" at the FTCC Webpage or go to the www.faytechcc.edu click on Security at the bottom of the page, then click on the Annual Campus Crime Report. You may also request a paper copy from the Public Safety & Security Department located in the General Classroom Building, Room 102.

NOTE: *Only current FTCC registered students are permitted into the classrooms, and small children are not to sit in on classes, labs, or in the libraries. Minors are not to be left unattended anywhere on campus.*

1500-HOUR EVENING Cosmetology Certificate Program

FTCC Corporate and Continuing Educational 1500-hour Evening Cosmetology Certificate Program course consists of a combination of both theory and practical hands-on experience in a salon environment setting. The areas of learning that will be taught includes hair cutting, haircoloring, texture services, nail care, skin care, makeup application, marketable concepts of gaining and retaining clients. This program is taught in 3 segments. In just over a year, you should be qualified to sit for the State Board of Cosmetic Arts examination. Upon successfully passing the State Board exam, graduates will be issued a license. Your cosmetology license will allow you to work in many areas of the Beauty Industry such as: Cosmetology, Makeup Artist, Skin Care Specialist, Haircolorist, Nail Care Specialist, Beauty Business Consultant, Fashion Show Stylist, Beauty Blog Writer/Editor or launch your own Beauty Business.

CAREER/JOB TRAINING

The courses included in this section will provide you with training to upgrade your work skills or qualifications and assist you in preparing for a new career.

SARA indicates the training program prepares students for an industry credential. See FTCC website for details.

AUTOMOTIVE/MOTORCYCLE

AUTO DEALER'S 12-HOUR PRE-LICENSING COURSE – ONLINE **SARA**

This course provides prospective auto dealers with the 12 hours of authorized pre-licensing training required by the Department of Motor Vehicles to be licensed as a North Carolina independent auto dealer. Topics include dealer laws and regulations, DMV regulations, federal laws and rules, and proper recordkeeping. **Supplies:** Students must have access to a computer or tablet with a microphone and camera. **NOTE: Course workbook is included in the registration fee. This is a self-supporting course; fee-exempt status does not apply. To register for this course, please visit <https://web03apps.faytechcc.edu/learnftcc>. PRE-REGISTRATION IS DUE BY 4:45 PM TWO BUSINESS DAYS BEFORE THE CLASS START DATE. When registering, please check that your name is spelled correctly and matches your ID. For more information, please call (910) 678-8309.**

Instructor: Dennis Mauk

W,Th	8:30am-3:30pm	Sep 09-Sep 10	Fee: \$200	12 hrs	33004	CEC 118
W,Th,F	5:00pm-9:00pm	Nov 11-Nov 13	Fee: \$180	12 hrs	33011	online

AUTO DEALER'S RENEWAL TRAINING – ONLINE

All auto dealers are required to attend this training in order to renew their license. The law requires that the person whose name is on your auto dealer's license must attend this training, although it would be helpful for anyone working in independent auto sales to attend. Failure to attend and complete this six-hour requirement will result in a revocation of your dealer license. The intent of this training is to provide annual updates to all independent dealers on contemporary issues. At the conclusion of this class, you will receive a certificate of completion. **Supplies:** Students must have access to a computer or tablet with a microphone and camera. **NOTE: Course workbook is included in the registration fee. This is a self-supporting course; fee-exempt status does not apply. To register for this course, please visit <https://web03apps.faytechcc.edu/learnftcc>. PRE-REGISTRATION IS DUE BY 4:45 PM TWO BUSINESS DAYS BEFORE THE CLASS START DATE. When registering, please check that your name is spelled correctly and matches your ID. For more information, please call (910) 678-8309.**

Instructor: Dennis Mauk

M-T	9:00am-12:00pm	Nov 09-Nov 10	Fee: \$85	6 hrs	33014	online

OBD2 EMISSIONS INSPECTION **SARA**

This course will certify vehicle emissions inspectors in accordance with the NC Department of Transportation laws. Textbook provided in class. **Students will need to know their Inspection Station Number and have a Valid North Carolina Driver's License when completing paperwork in class; also, students will need to go to the following link, print a copy of the LT-310 form, have the shop owner, partner or officer sign and date, and bring with you on the first day of class: <https://connect.ncdot.gov/business/DMV/Pages/Inspection-Stations.aspx>. This is a self-supporting course; fee-exempt status does not apply.**

PRE-REGISTRATION IS REQUIRED. For more information please call (910) 678-8494

MOTORCYCLE REPAIR & MAINTENANCE

With the popularity of motorcycles and ATVs comes the opportunity to earn a living in motorcycle repair and maintenance. Maybe you already have some automotive repair experience and want to see if this is something that might interest you. During this hands-on class, emphasis will be placed upon two-and four-stroke engines, calibration and synchronization of carburetors, braking system safety and maintenance, what to do when the lights and power fails, repair of frame and suspension, and which oils are best at preventing damage. This course is also open to those who own a motorcycle or are considering buying one and want to learn how to do some of their own repair and maintenance. For registration and more information about this course, please visit <https://web03apps.faytechcc.edu/learnftcc> and search under the "Instructor Led" tab at the top of the screen.

COLLISION REPAIR & REFINISHING TECHNOLOGY

AUTO BODY REPAIR - NEW!

The course is designed to provide training for the hobbyist or DIY individuals interested in methods, techniques and tools used for restoring older vehicles and fabricating repair panels to repair rusted body parts. Training will include the use of state-of-the-art equipment used by the automotive collision industry in repair of damaged and rusted body parts as well as historical methods of repair used to restore older vehicles. This course will cover instruction in the areas of methods of repairs, usage of tools and materials of the trade. Practical exercises will support and reinforce lecture topics. The student will learn to repair panels using the proper methods and techniques as well as determining whether to repair or replace a panel based on the extent of damage. No refinishing will be done in this class. **NOTE:** Students will be responsible for Personal Protection Equipment (PPE) including safety glasses, mechanic's gloves, and appropriate clothing and footwear. Students will also need to bring their own hand tools such as wrenches, screwdrivers, sockets, etc. FTCC will provide all specialty tools for the course including hammers and dollies.

PRE-REGISTRATION IS REQUIRED. For more information please call (910) 678-8494

AVIATION

AIRFRAME AND POWERPLANT (A&P) SYSTEMS LICENSE PREP COURSE **SARA**

The Airframe and Powerplant Systems course is designed to provide essential test preparation covering the knowledge required for the maintenance, repair, and inspection of aircraft systems. It will prepare students for the three written tests and the oral and practical test for the FAA Airframe & Powerplant Certificate.

Students are required to provide two signed copies of the FAA 8610-2 form documenting at least 30 concurrent months of work experience in both Airframe and Powerplant prior to course registration.

Contact Ms. Anita Frady at fradya@faytechcc.edu and/or Dr. Waleed Mohamed at (910) 678-8494 or industrytraining@faytechcc.edu for more information.

Instructor: Cape Fear Aviation

DRONE TRAINING, PART I **SARA**

Unmanned Aircraft Systems (UAS) are commonly known as Drones, and these flying systems are flown without a human pilot aboard. However, a properly trained human operator is still required. During this course, students will gain the knowledge needed to pass the initial aeronautical exam known as the FAA Knowledge 107 Test for UAS Operators. The topics of this course include aerospace history, weather, navigation, instruments, preflight planning, computer and wind triangles, regulations, radio communications, the aviation field and procedures necessary to become a safe private pilot and/or drone pilot.

BUILDING/CONSTRUCTION

BASIC MASONRY - NEW!

This course provides learners with both theoretical knowledge and hands-on experience, enabling them to understand safety standards, material properties, and proper tool usage. It also promotes problem-solving, attention to detail, and craftsmanship—skills that are transferable across many areas of construction. Additionally, an introduction to masonry can serve as a pathway to employment, apprenticeships, or advanced training, helping to address workforce shortages in the skilled trades sector. Learners will work on building with brick and block for various masonry applications for building construction or for aesthetics.

Instructor: Helen Nelson

CLASES DE ELECTRICIDAD -RESIDENCIAL Y COMERCIAL **SARA**

Este curso está diseñado para enseñar los principios fundamentales del cableado eléctrico utilizado en centros comerciales y residencias. Se dará énfasis a las leyes de corriente alterna (AC) y corriente continua (DC), circuitos en serie y en paralelo, uso adecuado de herramientas y equipos eléctricos, materiales de cableado y conceptos esenciales de electricidad.

Asimismo, se abordará la importancia del mantenimiento preventivo, la solución de problemas técnicos y la aplicación del Código Eléctrico Nacional (NEC). Tenga en cuenta que cada estudiante deberá comprar los libros correspondientes a cada nivel del programa. Además, se requiere una suscripción de **NCCER** con un costo de **\$28.89**, la cual debe renovarse cada 13 meses. Este pago es responsabilidad del estudiante.

Se requiere que se inscriba antes del inicio de la clase. Para más información llame a 910-678-8494

ELECTRICAL LINeworker **SARA**

The Lineworker course has been designed and coordinated with PWC to provide specific aspects of building and maintaining electrical power circuits and equipment for overhead and underground construction. This course will cover definitions, voltage ratings, pole climbing, types and use of electrical tools/equipment, electrical safety, Arc Flash Safety, material assembly, OSHA 10 Construction Certification and CPR/First Aid/AED Certifications. Human Resource Development will aid in resume writing, soft skills, and the interview process.

Students will be responsible for paying all permit cost, completing all testing at the DMV, completing a physical, and drug screening. Students will also need to go to the DMV and get a free CDL manual.

Students will be required to provide Personal Protection Equipment (PPE), more information will be provided the first day of class. This course will provide hands-on and HRD training.

NOTE: Each student will be required to pay a \$2 Insurance fee, \$20 CPR/First Aid/AED fee, and \$10 OSHA Card fee at the time of registration.

INTRO TO CABINETMAKING – NEW! **SARA**

This introductory course provides a hands-on foundation in the art and craft of cabinetmaking. Students will learn essential woodworking skills, safe operation of hand and power tools, measuring and layout techniques, wood selection, joinery methods, and basic cabinet construction. Through guided projects, participants will gain experience reading plans, cutting and assembling components, sanding, and applying finishes. Emphasis is placed on accuracy, craftsmanship, shop safety, and problem-solving. By the end of the course, students will have completed a small cabinet or woodworking project and developed the confidence to continue exploring furniture and cabinet construction.

Build the skills employers are looking for and power the future of energy-efficient construction!

BUILDING TRAINING & ASSESSMENT CENTER (BTAC) Hands-On Energy Efficiency Training

Advance your career with practical, high-demand skills in energy-efficient construction, electrical systems, solar energy, and HVAC/R through the Department of Energy (DOE) Building Training and Assessment Center (BTAC). These industry-driven programs provide hands-on training using modern equipment and real-world applications to prepare you for today's evolving energy workforce.

WHO SHOULD ATTEND

- Construction, renovation, and maintenance professionals
- HVAC, electrical, and solar installers
- Energy efficiency technicians
- Individuals pursuing careers in energy auditing

PROGRAM HIGHLIGHTS

- 120 hours of hands-on instruction per course
- Training aligned with DOE standards
- Real-world, industry-relevant equipment
- Affordable tuition — \$180 per course
- Financial assistance available for qualified applicants (ask for details at registration)
- Pre-registration required

AVAILABLE BTAC COURSES

- **Carpentry:** Energy audits, framing, insulation, window installation
- **Electrical:** LED lighting, smart controls, sensors, low-voltage systems
- **HVAC/R:** EPA Universal certification prep, heat pumps, mini-splits, smart thermostats
- **Solar Energy:** Photovoltaic systems, inverters, commercial solar applications

GRANT WRITING WITH A.I.

In this class, students will learn how to use AI to research funding opportunities, interpret grant requirements, and draft clear, compelling narratives. They will discover how AI can support the brainstorming, outlining, and writing processes without compromising the authenticity of their mission. By the end of this track, participants will understand how to prepare competitive grant applications with far greater efficiency.

E-NOTARY PUBLIC

This course is required for anyone interested in registering as an **Electronic** Notary Public for the first time. All students **MUST** be currently commissioned as a Notary Public in North Carolina to attend this class. **NOTE: The current edition of the *E-Notary Manual* is required for admittance to the class and can be purchased at the FTCC bookstore.** It is strongly recommended that you study the guidebook prior to class attendance to be better prepared for the state examination given at the end of the class. ***This is a self-supporting class; fee-exempt status does not apply.*** **PREREQUISITE:** Students must provide current Notary Public Commission number and current state or federal picture identification for admission to class. **The active duty military and civilian ID cards DO NOT meet the identification requirement.** The ID must be a valid ID with a picture of the face and either signature of physical descriptors or both. **When registering, please check that your name is spelled correctly and matches your ID. With questions, please contact (910) 678-0032.**

NOTE: Having a conviction for misdemeanor or a felony in this or any other state within ten years of your day of application for the position of Notary Public could cause denial of your commissioning application. If convicted of a crime that is a misdemeanor or felony, you must have successfully completed your sentence from the court and then had a ten-year period from successful completion of the sentence prior to applying as a notary public. If you have questions about your criminal history and the ability to be commissioned as a Notary Public please contact the Notary Public Section, the Department of the Secretary of State directly at 919-814-5400 or by email at notary@sosnc.gov before registering for the class. Refunds will not be given if a criminal history issue prevents you from being commissioned.

Instructor: Bret Kane

NOTARY PUBLIC

This course is required for anyone interested in becoming a Notary Public for the first time. It is recommended for all notaries as a refresher course. **NOTE: The 2026 edition of The Notary Public Guide Book for North Carolina is required for admittance to the class and can be purchased at the FTCC bookstore. The ISBN number is 978-1-64238-140-5. You may also visit the website of the North Carolina Secretary of State to purchase a copy.** It is strongly recommended that you study the guidebook prior to class attendance to be better prepared for the state examination given at the end of the class. NCGS 10B-5(b) provides the following requirements to be commissioned as a Notary Public in NC: 1) Be at least 18 years of age or legally emancipated as defined in Article 35 of Chapter 7B of the General Statutes; 2) Reside or have a regular place of work or business in this State; 3) Reside legally in the United States; 4) Speak, read, and write the English language; 5) Possess a high school diploma or equivalent; 6) Pass the course of instruction described in this Article, unless the person is a licensed member of the North Carolina State Bar; 7) Purchase and keep as a reference the most recent manual approved by the Secretary that describes the duties and authority of notaries public; 8) Submit an application containing no significant misstatement or omission of fact. This is a self-supporting class; fee-exempt status does not apply. **PREREQUISITE:** Students must provide current state or federal picture identification for admission to class. **The active-duty military and civilian ID cards DO NOT meet the identification requirement.** The ID must be a valid ID with a picture of the face and either signature or physical descriptors or both. When registering, please check that your name is spelled correctly and matches your ID. **With questions, please contact (910) 678-0032.**

NOTE: Having a conviction for misdemeanor or a felony in this or any other state within ten years of your day of application for the position of Notary Public could cause denial of your commissioning application. If convicted of a crime that is a misdemeanor or felony, you must have successfully completed your sentence from the court and then had a ten-year period from successful completion of the sentence prior to applying as a notary public. If you have questions about your criminal history and the ability to be commissioned as a Notary Public please contact the Notary Public Section, the Department of the Secretary of State directly at 919-814-5400 or by email at notary@sosnc.gov before registering for the class. Refunds will not be given if a criminal history issue prevents you from being commissioned.

*Students who register on campus must be prepared to pay the insurance fee at the time of registration.
Please check course descriptions for insurance requirements.*

ANGER MANAGEMENT SPECIALIST **SARA**

This training course is a comprehensive professional training designed to equip facilitators, educators, counselors, and helping professionals with the practical skills and strategies needed to deliver effective anger management interventions. This course is grounded in the N.O. C.A.P. framework-Nurture, Orient, Connect, Activate, and Power-a trauma-informed, holistic model that supports long-term emotional growth rather than short-term behavior control. Participants will learn evidence-based techniques for identifying emotional triggers, teaching self-regulation skills, and guiding individuals through healthy conflict resolution. The course also provides clear instruction on group facilitation methods, assessment tools, and documentation practices. By the end of the training, participants will be equipped to confidently lead anger management sessions in settings such as private practice, schools, community programs, and court-mandated environments. Successful completion of the class and the final exam results in certification.

Instructor: Diversion Hope and Training Center

T,Th	9:00am-11:00am	Aug 18-Aug 27	Fee: \$120	8 hrs	91464	CEC 143

BEHAVIOR TECHNICIAN - HYBRID **SARA**

Through the Behavior Technician program, you will receive the training needed to become a paraprofessional in the field of Autism services. This course provides an understanding of Autism Spectrum Disorder (ASD) and best practices for assisting children and adults with functional communication acquisition, social skill development, and behavior change. You will learn about Applied Behavior Analysis (ABA), an empirically validated method for changing behaviors and teaching social and adaptive living skills. This 65-hour course includes 25 hours of live instruction and 40 hours' worth of online modules that you complete at your own pace. If you complete this course successfully, you will receive a Behavior Technician (BT) certificate and will be eligible for entry-level positions in the field. After the course, you may choose to complete additional assessments to become certified as a Registered Behavior Technician (RBT) by the Behavior Analyst Certification Board. Prevalence of Autism Spectrum Disorder and changes in insurance mandates drive high demand for ABA services and RBT recruitment. **Supplies:** Students must have access to a computer or tablet with reliable Internet access.

For more information about this course and its requirements, please visit <https://web03apps.faytechcc.edu/learnftcc>.

PRE-REGISTRATION IS DUE BY 4:45 PM TWO (2) BUSINESS DAYS BEFORE CLASS START DATE.

Instructor: Dr. Janice Williams, Behavior Change Agents

M,W	5:30pm-8:00pm	Aug 24-Oct 02	Fee: \$180	65 hrs	90738	CEC 118/online

Have you ever heard of the ACT WORKKEYS?

It's an assessment that allows you to earn a **NC Career Readiness Certificate (CRC)**, which is a nationally recognized credential.

Let us tell you more about it.

ACT WORKKEYS is a system of assessments, curriculum, and job profiling that determines, builds, and measures essential workplace skills that can affect job performance and increase opportunities for career changes and advancement.

Also available are the following Essential Skill Courses:

- Teamwork
- Interpersonal & Business Communication
- Work Discipline
- Customer Service
- Problem Solving & Critical Thinking
- Financial Awareness

Required curriculum courses to earn CRC:

1. Graphic Literacy
2. Applied Math
3. Workplace Documents

PHLEBOTOMY – FACE-TO-FACE **SARA**

This course prepares the student to draw blood specimens from patients for the purpose of testing and analyzing blood. The job of a phlebotomist includes maintenance of equipment used in obtaining blood specimens, the use of appropriate communication skills when working with patients, the selection of venipuncture sites, the care of blood specimens, the entry of the testing process into the computer, as well as clerical duties associated with record keeping of the blood tests. The course consists of theory and clinical experience in performing blood collections. Emphasis is placed on safety and proper selection of collection sites and the care of the collected specimen. Upon successful completion of this program, the student should be prepared to take the National Phlebotomy Certification Examination. The course requires the student to comply with FTCC's Immunization policy. Please note that some clinical facilities also require a criminal background check before attending clinical rotation. If a student cannot meet the criminal background check requirements, he or she will not be able to complete the program and will be dismissed from the course without a refund. **Clinical Fee: \$42.39 (price may vary).** Clinical will be required during this course and students can expect to attend additional dates to meet this requirement. **Malpractice Insurance Fee of \$16.00 (price may vary) is due before entering the clinical site. Photocopies of the following are required: Picture ID, high school credentials, and CPR card (must be the American Heart Association's Healthcare Provider CPR card and cannot expire during class dates). SERVSAFE FOOD SAFETY TRAINING SARA

The restaurant and food service industry's pre-eminent food safety training, the ServSafe program is recognized and accepted by more federal, state, and local jurisdictions than any other food safety program. It prepares the industry to prevent food-borne illness, reduce liability risks, lower insurance costs, and improve food quality. Effective training means your entire operation will be more efficient, profitable, and have a better understanding of health department inspections. ***ALL Food establishments are required by law to have a certified food protection manager (CFPM) at the food establishment during all hours of operation per section 2-102.12 of the NC Food Code. In order to meet this, an ANSI accredited program must be taken. Textbook Requirement: ServSafe Course Book with Online Exam Voucher.**

TEACHER TRAINING

EFFECTIVE TEACHING TRAINING & CCS SUBSTITUTE TEACHER ORIENTATION

Would you like to be a substitute teacher, but you have never had any training? This course will provide training in instructional feedback, presentation skills, learning expectations, monitoring students' interactions, appropriate social interactions, time management, non-instructional duties, and evaluations. Information specific to Cumberland County Schools will be presented as this course is the first step in applying to be a substitute teacher for Cumberland County Schools.

TRANSPORTATION

The FTCC CDL Program is registered by the Federal Motor Carrier Safety Administration (FMCSA) and certified as a Training Provider.

CDL TRAINING CLASS B W/P

Would you be interested in a career as a city bus driver or a tour bus driver? Or would you like to be authorized to drive other class B vehicles such as a dump truck or box truck? If so, this course will teach all facets of knowledge and provide practical skills and opportunities to pass the Commercial Driver License examination. During instruction, subject material will include Hours of Service reporting, Pre-Trip/Post-Trip inspections, Driving practice, Trip-Planning, and DMV testing. Additional topics are also included to ensure the student's success in the transportation industry.

NOTE: All training will be done on a Transit Bus, but successful completion of this course will qualify you to drive any Class B vehicle, except school Buses. This class DOES NOT equip you to drive a school bus. For more information on school bus driver training, please visit <https://www.ncbussafety.org/busdrivers.html>.

Maintenance Fee: \$50 required to be paid at the time of registration.

Students are also responsible for estimated out of pocket expenses (prior to class starting) including: DOT Physical & Drug screening \$125.00; Driving history \$12.75; Class B w/P CDL Permit \$77.00; Class B w/P CDL License \$127.50 (upon completion of class)

**** (pricing subject to change and student will be responsible for the current rate) ****

WEDDING/EVENT PLANNING

EVENT PLANNING: WEDDINGS, CORPORATE AND SOCIAL EVENTS

If you enjoy working with people, are detail-oriented, have good communication skills, and a lot of patience, this may be the ideal business for you! Whether you are interested in establishing a home-based business, working part time or launching a new career, or want to gain training to become a certificate-holding professional; this course may afford you many opportunities to earn supplemental income. From unique history and traditions, to working with clients, how to plan weddings and events, working with budgets, executing plans and how to charge for your services. You will also cover choosing a name for your business, branding and marketing concepts and how to take the next steps in legalizing your business structure. Your instructor will help you develop a philosophy of success that will prepare you to start an organized, professional wedding/event planning business or elevate your current business.

WORLD LANGUAGES

"FRANISH": INTRO TO FRENCH & SPANISH - NEW!

Torn between learning French - for its romance and sophistication - versus Spanish - for its regional practicality? Now, you don't have to make that choice! Join us for a 6-session adventure in which you will be introduced to *un peu de français* (a little French) and *un poco de español* (a little Spanish). You'll learn to engage in a very basic conversation in both languages, and you will gain a big-picture perspective of the grammar rules that govern both languages. Like most of our classes within the Corporate & Continuing Education Division, this class is open to all students who are at least 16 years old. After this class, you may consider signing up for French I and/or Spanish (Beginning) so that you can expand your proficiency in one or both languages. *Apprenons ensemble! / ¡Aprendamos juntos!* (Let's learn together!)

Instructor: Morgann Hagan

M	5:30pm-7:30pm	Aug 17-Sep 28	Fee: \$70	12 hrs	90736	CEC 112
---	---------------	---------------	-----------	--------	-------	---------

FRENCH I

Join us as we discover beautiful France and the culture within! If you anticipate traveling in France, you will enjoy your trip more if you master some of the basics of the language, grammar, and understand the beauty of the French culture. In this course, you will study both conversation and culture; money exchange, how to order in restaurants, how to ask for and understand directions, and more! This is an excellent course for those traveling for business!

Instructor: Morgann Hagan

M	5:30pm-7:30pm	Oct 19-Dec 07	Fee: \$70	16 hrs	90689	CEC 112
---	---------------	---------------	-----------	--------	-------	---------

KOREAN (BEGINNING) – NEW!

From K-pop to Korean BBQ, the culture of Korea is all around us! Why not take advantage of the opportunity to learn some of the Korean language as well? This course is designed for those with little to no knowledge of spoken Korean. You will learn to engage in a basic introductory conversation, and you will pick up some vocabulary words that you may recognize from songs or menus. Based on student interest, the instructor can also teach some of the basics of the Korean alphabet for those who are interested in learning to write in the target language. However, speaking – not writing – will be the main focus of our beginning course. We hope you will join us!

Instructor: TBA

Th	5:30pm-7:30pm	Aug 27-Oct 15	Fee: \$70	24 hrs	90757	CEC 112
T	5:30pm-7:30pm	Oct 20-Dec 15	Fee: \$70	24 hrs	90758	CEC 112

SIGN LANGUAGE I

This course is foundational in that it lays the groundwork for becoming a fluent signer. In this class you will learn fingerspelling, ABCs, and vocabulary (179+ signs). Additionally, you will be introduced to glossing, classifiers, and the five parameters of signs. The deaf culture, history of the Deaf community, and the beginnings of American Sign Language in America will also be covered.

HUMAN RESOURCES DEVELOPMENT (HRD) PROGRAM

JOB SEEKER ASSISTANCE*

- Create a dynamic resume
- Develop an impressive coverletter
- Learn how to search for jobs
- Assistance completing applications

TRANSITION TECH*

- Soldiers transitioning out of the military
- Create a resume that transfers your skills to a civilian career
- Simulated interviews
- Develop a door opening cover letter

HUMAN SERVICES EXPLORATION - DSS*

- Develop basic keyboarding skills
- Learn workplace ethics
- Develop communication skills
- Learn problem-solving strategies
- Hands-on experience using NC FAST

INCOME MAINTENANCE CASEWORK - NCFast

- Learn to utilize the NC FAST application
- Focus on interviewing, time management, data gathering/compiling, and data analysis

EMPLOYER EXPECTATIONS*

- Employability skills training
- Soft skills training
- Learn how to be part of a team
- Work ethic

COMMUNICATION SKILLS*

- Develop interpersonal communication skills
- Develop effective communication practices
- Express ideas and facts orally in a clear and understandable manner

FINANCIAL LITERACY*

- Understand real-life economic concepts
- Workplace business concepts
- Basic economic literacy concepts

JOB INTERVIEW SKILLS*

- Describe components of professional appearance and personal hygiene
- Simulate interviews

COMPUTER TECHNOLOGY AWARENESS*

- Update technology skills
- Learn the basics of how to operate a PC

EMPLOYMENT PREPARATION

*FEE WAIVER FOR THOSE WHO QUALIFY

Individuals may be granted a waiver of class registration fees if they meet one of the following criteria:

- Are unemployed or underemployed
- Have received notification of a pending layoff
- Are working and are eligible for federal earned income tax credit
- Are working and earning wages at or below two hundred percent (200%) of the federal poverty guidelines

For more information, contact Kim Lewis at 910.678.8297 or lewisk@faytechcc.edu
You may also visit www.faytechcc.edu and search, "HRD".

PERSONAL INTEREST

Fayetteville Technical Community College has a genuine commitment to serving the educational needs of the entire community. The courses included in this section have been designed to encourage lifelong learning by providing you with a means to express your creative, cultural, civic, and leisure interests.

ART

ACRYLIC PAINTING (BEGINNING)

This course is designed to introduce the basic elements of acrylic painting to students with little or no experience. Students will work with acrylic colors and explore the many ways acrylic paint can be used. Basic care and handling of materials will be covered as well as studio safety. Instruction will be done on a variety of materials, and specific exercises will be given so that students can explore color, light, texture, transparency/impasto and composition. The class projects will concentrate on developing technical skills and aesthetic goals in regards to handling acrylic painting media. Special emphasis will be given to personal style development while adhering to proper technique. **Supplies:** Students will need to purchase some supplies. Supplies will be discussed at the first class session.

Instructor: Martha Sisk

T	10:00am-12:00pm	Sep 01-Sep 22	Fee: \$30	8 hrs	91391	CEC 139

JEWELRY MAKING AND SILVERSMITHING (BEGINNING)

Learning to create jewelry through the technique of silversmithing is one of the most rewarding methods to create a one-of-a-kind work of art. This course is designed to cover the fundamentals of silversmithing to include silver soldering, sawing, forming, filing, and texture creation. While this course is designed for the beginning student, your instructor will work to meet the needs of students from a variety of jewelry making backgrounds. Emphasis will be placed upon soldering techniques as you work on various projects. **Supplies:** You will be provided with the basic copper and wire needed to practice the metalsmithing skills on your first project; however, please be prepared to spend between \$60-\$150 in supplies, depending on the project you choose to complete. You are also welcome to provide your own metal of choice at your cost if you prefer not to use the provided copper. Basic hand tools are available in the FTCC studio for novice students.

Instructor: Gail Ferguson

T	5:30pm-8:30pm	Sep 01-Oct 20	Fee: \$95	24 hrs	90751	CEC 145
T	5:30pm-8:30pm	Oct 27-Dec 15	Fee: \$95	24 hrs	90755	CEC 145

JEWELRY MAKING AND SILVERSMITHING (INTERMEDIATE)

For those of you who enjoy working with your hands to create beautiful jewelry and have you dabbled in silver- or metalsmithing and want to learn more, this is the class for you! Join us as we learn to solder with a solder pick using chiplets, wire rod, and sweat solder; cut out jewelry designs using a saw to implement overlays and pierced designs, and join leaves and special add-ons onto metal to make the finishing touches to your works of art. **PREREQUISITE:** Completion of Jewelry Making & Silversmithing (Beginning) or equivalent experience. **Supplies:** You will be provided with the basic copper and wire needed to practice the metalsmithing skills on your first project; however, please be prepared to spend between \$60-\$150 in supplies depending on the project you choose to complete. You are also welcome to provide your own metal of choice at your cost if you prefer not to use the provided copper. Basic hand tools are available in the FTCC studio for novice students.

PAINTING WHAT YOU SEE

Painting a lasting piece of artwork is a process and, in this class, we will explore the steps within that process to guide you from concept to creation and the final step of preserving your work of art. "Seeing" is step one, followed by learning to develop a pleasing composition. During this class, we will focus on preparing your canvas, then applying your composition to that surface, while also exploring color, color theory, color harmony, complimentary colors and identifying the color of your light and shadows. There are many other factors which will impact the result in your artwork to include the edges, different mediums, quality paint brushes and paint to apply to the canvas. Join us as we create timeless art pieces to preserve and enjoy together!

Instructor: Talmadge Potter

Th	1:00pm-4:00pm	Aug 27-Oct 15	Fee: \$90	24 hrs	91443	CEC 139

POTTERY (BEGINNING)

If you have always been fascinated watching potters and thought it looked like fun, come and learn just how much fun it really is. Pottery is not difficult to learn, but it takes patience and the willingness to get a little dirty. As a beginning student, you will learn basic throwing techniques with emphasis on making functional forms such as mugs, bowls, and vases. You will learn how to trim, decorate (if desired), and glaze your pieces. If you are interested, you can also work on hand-built pieces. **Supplies:** Students will need to purchase their own clay and tool kit (available from FTCC bookstore). Glazes are provided.

Instructor: Tina Wilson

Sat	10:00am-2:00pm	Aug 15-Dec 12	Fee: \$180	60 hrs	91442	HOS 627
F	1:00pm-5:00pm	Aug 21-Dec 04	Fee: \$180	60 hrs	91441	HOS 627

POTTERY OPEN STUDIO

Our pottery open studio time is available to experienced potters and potters of varying skill levels. We recommend this course for those with any basic level of prior pottery experience that would like to continue practicing with wheel-thrown or hand-built work under the supervision of an experienced instructor. Pursue working on existing projects or start something new! This course provides access to wheels, various tools for wheel-thrown and hand-built work, as well as underglazes, and mid-range firing glazes. Mid-range, Cone 6 clays are available for purchase in the FTCC bookstore.

Instructor: Tina Wilson

Th	6:00pm-9:00pm	Aug 20-Dec 10	Fee: \$145	48 hrs	91440	HOS 627

STONE CUTTING: BASIC CABOCHONS

Cabochons are gems that have been cut and polished but not faceted into the setting. Adding gems to your jewelry brings your designs to the next level and will allow you to incorporate even more unique characteristics to your designs! During this class you will be introduced to the process of cutting and polishing stones, and how to determine the best shape that is appropriate for your custom jewelry design. Using our trim saw and CabKing cabbing machine, you will learn safety procedures and steps to operating the equipment for best results. **PREREQUISITE:** Completion of Jewelry Making & Silversmithing (Beginning) or equivalent experience. **Supplies:** You will be provided with the basic copper and wire needed to practice the metalsmithing skills on your first project; however, please be prepared to spend between \$60-\$150 in supplies depending on the project you choose to complete.

Instructor: Gail Ferguson

CAKE DECORATING: QUICK & EASY

Learn just how much fun cake decorating can be in this short, introductory course that will cover all the basics. Have you ever looked at the myriad of supplies available in a cake-decorating department and wondered what you really need to buy or if you would be skillful at the craft? Among the numerous things you will learn are easy techniques, coloring icing, filling and using piping bags, and of course, lots of beautiful shapes to pipe onto your cake---stars, shells, dots, lines, rosettes, and some basic borders. At the conclusion of this class, it will be easy for you to decorate birthday cakes and dramatic desserts. **Supplies:** Bring one baked, un-iced sheet or round cake to the first class. Other supplies will be discussed on the first night of class.

FINANCIAL PLANNING

ESTATE PLANNING

Estate planning is a subject no one likes to think about, but one that requires thoughtful consideration. If you fail to plan for the settlement of your estate, the state subjects your assets to probate, a potentially time-consuming, expensive, and public procedure that could make an already difficult time impossible for your heirs. Fortunately, good estate planning can help out during your lifetime and help your family later. Join us! Topics will include wills, gifts, and joint ownership.

Instructor: TBA

MOTORCYCLE REPAIR & MAINTENANCE

With the popularity of motorcycles and ATVs comes the opportunity to earn a living in motorcycle repair and maintenance. Maybe you already have some automotive repair experience and want to see if this is something that might interest you. During this hands-on class, emphasis will be placed upon two-and four-stroke engines, calibration and synchronization of carburetors, braking system safety and maintenance, what to do when the lights and power fails, repair of frame and suspension, and which oils are best at preventing damage. This course is also open to those who own a motorcycle or are considering buying one and want to learn how to do some of their own repair and maintenance. For registration and more information about this course, please visit <https://web03apps.faytechcc.edu/learnftcc> and search under the "Instructor Led" tab at the top of the screen.

GUITAR (BEGINNING)

This is a course for the beginner who has never picked up a guitar or one who can only strum a few chords. You will learn to read basic chord forms, simple melody lines, and musical notations. You'll soon be playing chord accompaniments to popular folk, rock, and country songs. **NOTE:** This is a course for acoustic guitars only. **Supplies:** Students will need to provide their own acoustic guitar and music stand. Headphones are also recommended for audio exercises. **Textbook Requirement:** To be announced by instructor.

Instructor: TBA

Th	5:30pm-8:30pm	Aug 13-Oct 01	Fee: \$100	24 hrs	91481	CUH 366
Th	5:30pm-8:30pm	Oct 15-Dec 10	Fee: \$100	24 hrs	91482	CUH 366

PIANO (EARLY BEGINNER)

The class is best suited for a beginner who knows nothing about music! However, any level student may attend this class and receive practice assistance. In this course, the student will learn simple rhythms, dynamics and begin the early steps of reading music from the staff. We will learn Penta Scales and begin the work of developing hand coordination. With the help of the instructor, students will write out goals and will receive mini one-on-one lessons while getting some good uninterrupted practice done! **Supplies:** All students need to bring a set of headphones. **NOTE:** Keyboards are available in the classroom, but they only have 76 of the standard 88 keys, and the keys are very lightly weighted. Students have the option of bringing their own keyboards and x-stands. **Textbook Requirement:** *Adult Piano Adventures All-in-One Piano Course Book 1* by Faber & Faber.

Instructor: Sylvia Morris

M	6:30pm-9:30pm	Aug 10-Oct 05	Fee: \$105	24 hrs	91383	CUH 366
M	6:30pm-9:30pm	Oct 19-Dec 14	Fee: \$105	24 hrs	91427	CUH 366

PIANO FOUNDATIONS

Piano students – start here! This class serves as the entry point for all new Piano students within the Continuing Education Division at FTCC, no matter how much or how little playing experience you have. The instructor will acclimate everyone to the group piano lesson experience and determine which course level would be most suitable for each student. **Supplies:** Please bring a set of headphones. **NOTE:** Keyboards are available in the classroom, but they only have 76 of the standard 88 keys, and the keys are very lightly weighted. Students have the option of bringing their own keyboards and x-stands, if they prefer to do so.

Instructor: Sylvia Morris

M-T	6:30pm-9:30pm	Oct 05-Oct 06	Fee: \$40	6 hrs	91412	CUH 366
-----	---------------	---------------	-----------	-------	-------	---------

PIANO (LATE BEGINNER)

The curriculum for this class is best suited for a student who is ready for page 100 and beyond in Faber and Faber's *Adult Piano Adventures All-in-One Piano Course Book 1*. However, any level student may attend this class and receive practice assistance. Students will learn more about music form and continue building coordination with scales. With the help of the instructor, students will write out goals and will receive mini one-on-one lessons while getting some good uninterrupted practice done! **Supplies:** All students need to bring a set of headphones. **NOTE:** Keyboards are available in the classroom, but they only have 76 of the standard 88 keys, and the keys are very lightly weighted. Students have the option of bringing their own keyboards and x-stands. **Textbook Requirement:** *Adult Piano Adventures All-in-One Piano Course Book 1* by Faber & Faber.

Instructor: Sylvia Morris

NEEDLECRAFTS AND SEWING

CREATIVE QUILTING

Come explore quilting in a different way. Designing, color selection, piecing, quilting, time-saving shortcuts, and finishing techniques are all part of this course. Work at your own pace and learn how to fine tune familiar techniques and explore the less common methods of contemporary quilt making. **Supplies:** Please ask for a supply list at the time of registration.

Instructor: Annette Ornelas

T	9:30am-12:30pm	Aug 11-Oct 27	Fee: \$115	33 hrs	91462	Loving Stitches
---	----------------	---------------	------------	--------	-------	-----------------

CROCHETING (BEGINNING)

Have you wanted to learn how to crochet? This class is designed for those individuals who have no experience in crocheting or have minimal skills. You will learn the basic stitches: slip stitch, chain stitch, single crochet, half-double crochet, double crochet, and treble crochet. You will also learn to recognize symbols and read patterns. Based on your pace, you should be able to complete at least one item of your choice during this class. **Supplies:** Please ask for a supply list at the time of registration.

Instructor: TBA

Th	5:30pm-8:30pm	Oct 01-Nov 19	Fee: \$90	24 hrs	91408	CEC 144
----	---------------	---------------	-----------	--------	-------	---------

PATTERN DRAFTING 101

Ever wanted to tweak a pattern but not quite sure where to start? This class is for you! With the help of the instructor, this course will offer you the basics in body measurements and how to use the proper tools to draft those changes and construct a bodice, or transform your measurements from paper to skirt muslin. **PREREQUISITES:** Must have completed Sewing I and II or have equivalent garment experience. **NOTE:** Questions regarding this class? **Supplies:** Please bring basic sewing supplies and drawing pencils. All drafting tools will be available for students to use in class. Other supplies will be discussed during the first class.

Instructor: TBA

W	10:00am-1:00pm	Oct 14-Dec 09	Fee: \$90	24 hrs	91420	CEC 144
---	----------------	---------------	-----------	--------	-------	---------

QUILTING 101

Have you been thinking about starting to quilt, but don't know where to start? Well, then look no further than our Quilting 101 class! This introductory class will give you the knowledge and skills you need to be an experienced quilter! The amount of time and effort that goes into the creation of a quilt makes these crafts a priceless family heirloom that will be passed down from generation to generation. This class is tailored for first time quilters. Please take this class before the intermediate-level courses. **NOTE:** You may bring your own machine to class along with the manual, or you may use machines provided by FTCC. **Supplies:** Supply list and pattern will be given at first class meeting. Questions regarding this class? Please call us at (910) 678-8309.

Instructor: TBA

W	5:30pm-8:30pm	Oct 21-Dec 02	Fee: \$85	18 hrs	91429	CEC 144
---	---------------	---------------	-----------	--------	-------	---------

QUILTING & PIECING

Beginning quilters--this course is designed especially for you! Learn easy quilting and piecing techniques for triangles, diamonds, curves, color selection, simple drafting, and much more. We will cover the whole spectrum of quilting made easy. **Supplies:** Please ask for a supply list at the time of registration.

Instructor: Annette Ornelas

M	9:30am-12:30pm	Aug 10-Nov 02	Fee: \$115	33 hrs	91461	Loving Stitches
---	----------------	---------------	------------	--------	-------	-----------------

SEWING I

This beginning course will introduce you to the sewing machine, pattern and fabric selection, and basic sewing projects. Students may repeat this class many times, making different projects until they feel they are proficient! **Supplies:** Supplies will be discussed at the first class meeting. **NOTE:** You may bring your own sewing machine along with the user's manual to class, or you may use machines provided by FTCC.

Instructor: Carolyn Hunt

T	9:00am-12:00pm	Aug 18-Oct 06	Fee: \$90	24 hrs	91376	CEC 144
M	9:00am-12:00pm	Sep 14-Oct 05	Fee: \$45	12 hrs	91395	CEC 144
Th	9:00am-12:00pm	Oct 08-Dec 03	Fee: \$90	24 hrs	91413	CEC 144

SEWING II

This intermediate-level course is designed for students who have completed Sewing I or have some previous sewing experience. Instruction will focus on working with more complex sewing techniques including necklines, facings, interfacing, and inserting sleeves, cuffs, and collars. **PREREQUISITE:** Must have completed Sewing I or have equivalent experience. **Supplies:** Supplies will be discussed at the first class meeting. **NOTE:** You may bring your own sewing machine along with the user's manual to class, or you may use machines provided by FTCC.

Instructor: Carolyn Hunt

Th	9:00am-12:00pm	Aug 20-Sep 24	Fee: \$80	18 hrs	91386	CEC 144
T	9:00am-12:00pm	Oct 20-Dec 08	Fee: \$80	18 hrs	91428	CEC 144

SEWING WORKSHOP

Do you have sewing projects that sit unfinished simply because you don't seem to have the time or motivation to complete them? If so, then this workshop could be a great solution for you! Your instructor will provide guidance and constructive feedback as you work independently on sewing projects. You will also benefit from the opportunity to interact with peers whose projects may spark new ideas for you. **PREQUISITE:** Must have completed Sewing II or have equivalent experience. **NOTE:** You may bring your own sewing machine along with the user's manual, or you may use the sewing machines provided by FTCC in the classroom.

Instructor: TBA

Sat	9:00am-12:00pm	Sep 12-Oct 03	Fee: \$60	12 hrs	91399	CEC 144
Sat	9:00am-12:00pm	Oct 10-Oct 31	Fee: \$60	12 hrs	91415	CEC 144

PERSONAL INTEREST/VOLUNTEER TRAINING

FROM SPARK TO STORY: A PRACTICAL CREATIVE WRITING AND STORYTELLING WORKSHOP

In this workshop, students are empowered to discover the power of their voice and ignite a lifelong passion for writing. Through an engaging blend of hands-on activities, participants will master essential storytelling skills, from crafting captivating characters to sharing their personal narratives. The course invites exploration of unique forms of expression through poetry and song, fostering confidence, enhancing critical thinking, and encouraging individual expression in a nurturing, creative environment.

Instructor: Alberta Lampkins (A.L. Savvy Publications)

W	6:00pm-7:30pm	Oct 07-Nov 18	Fee: \$85	9 hrs	91460	CEC 118
---	---------------	---------------	-----------	-------	-------	---------

RAPE CRISIS SENSITIVITY TRAINING

This course is conducted by the Rape Crisis Volunteers of Cumberland County and is designed to increase awareness in the community of rape and its effects on the victim and society. You will learn special counseling techniques that are used to help rape victims. It will cover medical, law enforcement, and legal procedures, and will include a virtual tour of area hospitals. If you have any questions, please call the Rape Crisis Center at (910) 485-7273.

Instructor: Ze Surratt

Sat	8:00am-5:00pm	Aug 15-Aug 22	Fee: \$20	16 hrs	91384	CEC 118
Sat	8:00am-5:00pm	Oct 17-Oct 24	Fee: \$20	16 hrs	91423	CEC 118

ROADSIDE SURVIVAL

Two hundred million licensed motor vehicle drivers in the US expose themselves routinely to a significant risk while betting that they will not become stranded when they drive. Would you like to become one of the drivers who has the ability to help yourself if something were to happen? If so, come join Walt as he walks you through easy solutions to many issues that may befall you as a motor vehicle operator. His experience will help you learn how to address problems such as tire blowouts, overheated engines and dead batteries. One part of the class will be spent in the classroom learning theory, and another part of the class will be spent outside with your personal vehicle putting all you have learned into action!

Instructor: Walt Brinker

Sat	9:00am-11:00am	Oct 03-Oct 10	Fee: \$40	4 hrs	91409	CEC 143
Sat	9:00am-11:00am	Nov 07-Nov 14	Fee: \$40	4 hrs	91430	CEC 143

PHOTOGRAPHY

Photography is one of the most popular ways to express your creativity! Whether you enjoy capturing beautiful photos as a hobby or as a profession, our photography instructors have the experience and professional background to take you to the next level. You'll notice we offer a variety of classes that will introduce you to the basic functions of a camera, to editing the images you've captured, with tips on how to run a successful photography business. With questions regarding these classes, please call (910) 678-8431.

DIGITAL PHOTOGRAPHY FUNDAMENTALS

Would you like to have more control over your camera? Frustrated because you can't make your camera work for you? This course will expand your ability to use your DSLR (digital single lens reflex) camera. You will gain an understanding of photographic terms, expressions, and techniques. Instruction will include basic camera controls, setting your camera up for optimal quality, using your camera in a variety of situations, using various modes to capture photographs in various situations, and the use of manual controls. We also cover art and composition as well as equipment selection. **NOTE:** Not recommended for point-and-shoot cameras. You will need to bring your camera and owner's manual to the first class.

Instructor: Frank Galluccio

F	9:00am-12:00pm	Aug 14-Sep 25	Fee: \$90	18 hrs	91367	CEC 127
F	9:00am-12:00pm	Oct 09-Dec 04	Fee: \$100	24 hrs	91448	HTC 143

DIGITAL PHOTOGRAPHY (INTERMEDIATE)

Have you ever heard someone say, "You have an eye for photography"? This is a trait that you must have, but many who are interested in photography simply were not born with the skill of finding the perfect light or angle when taking a picture. In this class, you will be given instruction on how to look for that artistic angle and capture that very moment before it passes. **PRE-REQUISITE:** Digital Photography Fundamentals or equivalent experience. **Supplies:** You will need to bring your camera on the first class meeting. A digital single-lens reflex camera is recommended, but is not required.

Instructor: John Patota

Th	5:30pm-8:30pm	Oct 22-Dec 17	Fee: \$100	24 hrs	91454	HTC 143
----	---------------	---------------	------------	--------	-------	---------

ELEVATE YOUR DESIGN SKILLS: CANVA WORKSHOP

Join us for a transformative Canva workshop where you'll unlock your creative potential and elevate your design skills! Led by experienced instructors, this hands-on session will guide you through mastering the Canva interface, crafting eye-catching graphics, and employing advanced design techniques. Whether you're a beginner or seasoned designer, discover how to customize designs for social media, presentations, and more while fostering collaboration with Canva's collaborative workspace. No prior experience necessary. Don't miss out—register now to unleash your creativity with Canva!

Instructor: Kai Murphy

Sat	10:00am-1:00pm	Oct 10	Fee: \$40	3 hrs	91455	CEC 257
-----	----------------	--------	-----------	-------	-------	---------

PHOTOGRAPHY FUNDAMENTALS WORKSHOP

Would you like to have more control over your camera? Frustrated because you can't make your camera work for you? This course will expand your ability to use your DSLR (digital single lens reflex) camera. This all-day workshop will include an information-rich lecture and hands-on training to enable you to be familiar with the basic functions of your camera. You will gain an understanding of photographic terms, expressions, and techniques. Instruction will include basic camera controls, setting your camera up for optimal quality, using your camera in a variety of situations, using various modes to capture photographs in various situations, and the use of manual controls. RECREATION/PHYSICAL FITNESS

GENTLE YOGA

This course takes the emphasis off accomplishing something and puts it more on experiencing something. Join us for this gentle yoga class that will challenge you and help you to gain strength and flexibility. We will warm up the body to avoid stiffness, stagnant energy, and lethargy. Use this practice to boost circulation, increase energy, and relax. All experience levels are welcome. **NOTE:** Please wear comfortable clothing, socks, and bring your yoga mat, towel, and water.

Instructor: Phreedom, LLC

Sat	8:30am-9:30am	Aug 22-Oct 03	Fee: \$60	6 hrs	33008	HOS 641B
Sat	8:30am-9:30am	Oct 10-Nov 14	Fee: \$60	6 hrs	33017	HOS 641B

INTRO TO SOUND HEALING

This Sound Healing class blends education and relaxation. You will learn about the healing power of sound—how different frequencies affect the body, the origins of the instruments, and how sound can be used for stress relief, meditation, and emotional balance. A full sound bath will be incorporated using crystal bowls, Tibetan bowls, chimes, and more to help you unwind and integrate what you've learned.

Instructor: Phreedom, LLC

M	6:00pm-7:00pm	Aug 17-Sep 28	Fee: \$100	6 hrs	33003	HOS 641B
---	---------------	---------------	------------	-------	-------	----------

PICKLEBALL (BEGINNING/INTERMEDIATE)

Tennis, badminton, and ping-pong are fun by themselves, but wouldn't it be cool if you could combine them all into a single game? Well, pickleball is a popular sport that does just that! Join us to learn the rules of the game and get a great aerobic workout as you engage in some friendly competition. For Intermediate students who have already hopped aboard the pickleball train, the instructor will provide feedback on your play to help you get to the next level. Supplies: Please bring your own pickleball paddle and water to stay hydrated.

Instructor: Triumph Pickleball

Sun	4:15pm-6:30pm	Aug 16-Sep 13	Fee: \$80	9 hrs	33990	GYM PBCS
Sun	4:15pm-6:30pm	Sep 27-Oct 18	Fee: \$80	9 hrs	33989	GYM PBCS

SELF-DEFENSE

Self-defense training enables practitioners to protect themselves and others against a wide range of real-world threats and attacks. Come join our experienced instructor as he/she teaches you this important skill. **NOTE:** Please wear comfortable clothing and tennis shoes.

Instructor: Martial Arts of NC

Sat	10:00am-1:00pm	Oct 10	Fee: \$40	3 hrs	33018	HOS 641B
Sat	10:00am-1:00pm	Dec 05	Fee: \$40	3 hrs	33028	HOS 641B

YIN YOGA

Yin Yoga is a gentle yet profound practice that focuses on deep stretching and relaxation to enhance flexibility, release tension, and cultivate mindfulness. In this course, participants will delve into the principles and practice of Yin Yoga, exploring its unique approach to asana (postures), breathwork, and meditation. **NOTE:** Please wear comfortable clothing, socks, and bring your yoga mat, towel, and water.

Instructor: Phreedom, LLC

T	6:30pm-7:30pm	Oct 06-Dec 08	Fee: \$80	10 hrs	33016	HOS 641B
---	---------------	---------------	-----------	--------	-------	----------

YOGA (BEGINNING)

Yoga has been recognized medically for the many benefits that it promotes. It is often recommended by various medical treatments to supplement medical conditions such as depression, combat stress-related conditions, arthritis, diabetes and many more. Yoga, with its gentle movements, will enhance health by strengthening your body and improving oxygen flow, promoting a healthy mind, body, and spirit. Each lesson includes deep breathing and movement exercises that can be modified to accommodate any fitness level and medical needs. Yoga provides a unique, individual experience that will develop flexibility and stamina, increase awareness to help you identify stress and coping strategies, improve balance and concentration, and promote a more healthful lifestyle. **NOTE:** Please wear comfortable clothing, socks, and bring your yoga mat, towel, and water.

COMMUNITY PARTNERSHIPS

FTCC is always excited to work with partners from the Community to find ways to work toward our common goals and strengthen economic development activities through responsive, timely and relevant workforce training and education.

To meet national and state demands for employment within the renewable energy sector, Fayetteville Technical Community College (FTCC) has formed a partnership with **Cumberland County Schools (CCS)**, Cape Fear High School, Douglas Byrd High School, E.E. Smith High School, Grays Creek High School, Jack Britt High School, Westover High School and 71st High School and two major energy industry employers (**Blue Ridge Power** and **Public Works Commission**) to implement a new pathway that will help grow the future workforce within this sector.

Additionally, FTCC has partnered with Cumberland County Schools (CCS) to prepare Child Nutrition Assistants for the food service industry. During this course, students will be trained on nutrition, basic safety, basic culinary skills, basic culinary math, quality food prep, equipment use and care, and customer service. Students will also have the opportunity to gain a ServSafe certification, receive Human Resources training (HRD), and participate in a paid, on-the-job training experience. Upon successful completion of the Child Nutrition Assistant program, students may interview with CCS for employment in a local school cafeteria. For more information about this program, please call 910-678-0033 or email allenk@faytechcc.edu.

For details contact FTCC High School Connections at hsc@faytechcc.edu.

CareerStep and Ed2Go

We offer a variety of online courses in various categories such as Grant Writing, Computer Education & Training, Entrepreneurship, Foreign Language Training, Medical Coding & Billing, Medical Office Administration, MyCAA Approved Courses, Small Business Training, Teacher License Renewal, Writing & Publishing and many more.

To register go to: [LearnFTCC](https://web03apps.faytechcc.edu/learnftcc) or type <https://web03apps.faytechcc.edu/learnftcc> into your browser.

The Army Career Skills Program (CSP) and the **Department of Defense (DoD) SkillBridge Program** are both initiatives that assist transitioning service members in gaining job skills and improving their employment prospects in the civilian work environment. These programs aid transitioning service members and veterans by allowing them to participate in civilian training, credentialing, apprenticeship, and internship programs beginning up to six months before separation from military service. Industry Employer Partners gain early access to highly skilled service members as prospective employees. These programs are offered at little to no cost to the service member.

Would you like more information? Go to the link <https://www.faytechcc.edu/military-veterans/veterans-services/ready-to-transition/skillbridge-csp/>

Military Outreach & Veterans Engagement (MOVE)

A community project workforce program between **North Carolina Biotechnology Center (NC Biotech)**, **Fort Bragg** and FTCC to ensure veterans, service members, and their spouses have the resources they need to create clear career pathways in NC's life sciences manufacturing industries. MOVE will provide two separate workforce development training programs: Life Science Manufacturing Job Training Programs and On-The-Job Training (OJT) Internships.

For details, see page 21

Blue Cross Blue Shield

FTCC and **Blue Cross and Blue Shield of North Carolina (Blue Cross NC)** have partnered to provide an insurance pre-licensing program for Cumberland County! If you're looking for a profitable, professional work opportunity and you want to enter a career field that can lead to advancement, then working as a NC Licensed Insurance Agent is a great place to start! FTCC and Blue Cross NC are making it more accessible to become a NC Licensed Insurance Agent than ever before through their sponsorship program. Through this program, you have the opportunity to apply to receive funding that will cover your course tuition, course fees and licensure upon completion of the program. For details go to <https://www.faytechcc.edu/corporate-continuing-education/ftcc-blue-cross-nc-opportunity/>.

Motorcycle Safety Foundation

With half a century of best practices and research under its belt, and esteemed partnerships with over 30 DMVs and the US military, the Motorcycle Safety Foundation (MSF) continues to improve the ride for riders across the nation. Education is equal parts competence and confidence, and those elements inspire freedom to command the saddle and savor the journey.

Vision: To help motorcycle riders realize their full potential, elevating awareness of motorcycling safety in order to save lives.

For details see page 40.

Classes begin August 24, 2026

HIGH SCHOOL EQUIVALENCY

Qualified adults can prepare to take and pass the four portions of the official HSE (High School Equivalency) exam--math, social studies, science, and literacy--and earn the HSE High School Equivalency Diploma from the NC State Board of Community Colleges.

For more information, call (910) 678-8497/0052

ENGLISH AS A SECOND LANGUAGE

English as a Second Language classes are designed for any adult who is not a native English-speaker.

Reading, writing, and speaking skills are taught. Students are placed in class levels with others who have similar language needs. Those seeking to prepare to become United States citizens will also receive instruction in American civics, customs, and culture.

HOW TO REGISTER

Instrucciones para registrarse en español, disponible en
<http://www.faytechcc.edu/corporate-continuing-education/schedules/#register>

SPECIAL INSTRUCTIONS:

- **Pre-Registration is Required!**

You may register for Corporate & Continuing Education classes on a first-come, first-served basis. Please register well before the beginning date of your class. We encourage students to pre-register a week before the start date (applies to all methods of registration). If you wait, your class may either be full or canceled due to low enrollment.

- **Payment Options:** We accept Visa, MasterCard, Discover, cash, money orders, and in-state checks (check writer must reside in North Carolina). Make checks payable to FTCC, including a pre-printed in-state address and your driver's license number on the check.

- **Active-duty Military Personnel** using mail-in registration for courses marked by an asterisk (*) will show military unit rather than home address.

- **Register for online programs** through walk-in registration, click this link [LearnFTCC](http://www.faytechcc.edu/learnftcc), or type <https://web03apps.faytechcc.edu/learnftcc> into your browser.

FEES:

- Registration fees for Corporate & Continuing Education courses vary with the type of course. Note: fees are subject to change. See course listings and contact the program for current fees.
- All personal interest classes are self-supporting; no fee-exemptions apply.
- Students are responsible for buying books, supplies, and kits.
- Students may purchase accident insurance to cover class activities at the CE Records & Registration Office, located in the Tony Rand Student Center, Room 2.

POLICIES:

- Admission is open to anyone 16 years of age or older (Additional requirements for College and Career Readiness and other select programs).
- FTCC does not practice nor condone discrimination, in any form, on the basis of race, color, national origin, religion, sex, age, handicap, or political affiliation.
- FTCC reserves the right to cancel any class due to insufficient enrollment, inadequate facilities, or if qualified instructors are not available.
- CE classes are not offered for college credit and are non-transferable to Curriculum programs leading to associates degrees, diplomas, or certificates unless stated otherwise. CEUs (Cont. Edu. Units) may be awarded for successful completion of specific courses at the rate of one CEU for each ten hours of class participation.

ONLINE REGISTRATION

Search and register for select classes within minutes using our simple online registration process! Pay with your VISA or MASTERCARD. Check course listings within this catalog for the

symbol to register online.
