HOW TO REGISTER

3 Ways to Register:

Online

Online registration is available for select classes marked with the  symbol. See additional instructions on page 51.

Walk-In

Mail-In

PRE-REGISTRATION IS ENCOURAGED!

You may register for Corporate & Continuing Education classes on a first-come, first-served basis. Please register well before the beginning date of your class. We require pre-registrations to be in a week before the start date (applies to all methods of registration). If you wait, your class may either be full or canceled due to low enrollment.

IF YOU REGISTER ONLINE, please update your contact information so that we may provide you with updates or changes (to include cancellations) regarding your classes. Go to <http://forms2.faytechcc.edu/cced-online/> to update your information. The form is available in the WebAdvisor Online Registration process.

Additional Information

REFUNDS

- The refund policy for Fayetteville Technical Community College's Corporate & Continuing Education Division was established by the North Carolina Department of Community Colleges in Raleigh on October 15, 1993 and updated April 1, 2020. The full refund policy is listed in the State Board of Community Colleges Code 1E SBCCC 900.2 with a brief statement of the policy made available on the FTCC website.

Please view the policy by visiting: www.faytechcc.edu/corporate-continuing-education/

- Choose 'How to Register'
- The refund policy is listed under 'Registration Instructions'.

GENERAL INFORMATION

- **COURSE START DATES:** Corporate & Continuing Education classes begin in different weeks and months. Check start dates to be sure you won't miss a course.
- **DISABILITY SUPPORT SERVICES:** Any student wishing to request academic accommodations due to a disability must make their request to the Office of Disability Support Services. Requests for accommodations may be made at anytime, but requests made at least two weeks before the beginning of any class are appreciated. Disability Support Services for continuing education classes can be reached at (910) 678-8479.
- **INDUSTRY STANDARD PHYSICAL REQUIREMENTS:** Some classes may require that students perform physical activity in class in order to meet the objectives of the course. None of these requirements will exceed industry standards. Please contact the program coordinator associated with your program by calling 910-678-8432 to determine what physical requirements may apply to the program in which you are interested.
- **PARKING:** Students enrolled in Corporate & Continuing Education classes will need a temporary parking decal to park on the **Fayetteville campus**. These temporary passes are free to current students, and are available from the Registration and Records Office in the Neill Currie Building. The pass should be placed on the dashboard of the vehicle. Designated parking for students includes spaces with white lines. If you register online, please request a pass from the Registration and Records Office in the Neill Currie Building.
- **POLICY ON THE NOTICE OF THE ANNUAL SECURITY REPORT AVAILABILITY:** Fayetteville Technical Community College's annual security report is available on the FTCC website. This report is required by federal law and contains policy statements and crime statistics for the College. The policy statement addresses the school's policies, procedures and programs concerning safety and security, for example, policies for responding to emergency situations and sexual offenses. Three years' worth of statistics are included for certain types of crimes that were reported and occurred on College property, in or on off-campus buildings or property owned or controlled by the College and on public property immediately adjacent to one of the campuses. This report is available online at <https://www.faytechcc.edu/campus-offices-public-safety-security/>. This Annual Security Report can also be accessed by clicking on the Campus Safety and Security link under "Quick Links" at the FTCC Webpage or go to the www.faytechcc.edu click on Security at the bottom of the page, then click on the Annual Campus Crime Report. You may also request a paper copy from the Public Safety & Security Department located in the General Classroom Building, Room 102.
- **SACSCOC ACCREDITATION STATEMENT:**
Fayetteville Technical Community College is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award associate degrees, diplomas, and certificates. Questions about the accreditation of Fayetteville Technical Community College may be directed in writing to the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, by calling (404) 679-4500, or by using information available on SACSCOC's website (www.sacscoc.org).

NOTE: *Only current FTCC registered students are permitted into the classrooms, and small children are not to sit in on classes, labs, or in the libraries. Minors are not to be left unattended anywhere on campus.*

QUESTIONS? *View the Corporate & Continuing Education Directory on page 7.*

We are here for you!

CAREER/ JOB TRAINING

The courses included in this section will provide you with training to upgrade your work skills or qualifications and assist you in preparing for a new career.

SARA indicates the training program prepares students for an industry credential. See FTCC website for details.

ANIMAL RELATED

BECOME A VETERINARY ASSISTANT

FTCC's Veterinary Assistant course is designed to prepare individuals for the role as an entry-level Veterinary Assistant working in veterinary clinics and shelters. The course training will include instruction in veterinary terminology, anatomy and physiology, animal behavior, proper handling and restraining of animals, office procedures and telephone etiquette, nutrition, breeds, breeding and genetics, history taking and physical exam, immunology, animal nursing and assisting, pharmacology, radiology, surgical assisting, client management, roles in the veterinary profession, and office management in reference to medical records, charting, inventory, and pet health insurance to be included. **To register for this course, please visit www.LearnFTCC.com. Textbook Requirement: *Textbook for the Veterinary Assistant* by Kara Burns and Lori Renda-Francis and *Tasks for the Veterinary Assistant* by Paula Pattengale and Teresa Sonsthagen. *Students may qualify for a discounted registration fee. Please call 910-678-0032 for more information.**

VETERINARY OFFICE ASSISTANT – ONLINE **SARA**

This program will prepare you to become a veterinary assistant within North Carolina and a medical office manager. Veterinary assistants work with animals daily, so topics covered will include: animal safety and nutrition, small and large animal information, pharmacy and pharmacology principles, laboratory and surgical procedures and patient management. In addition to the veterinary assistant knowledge, students will also learn principles of medical administrative assistant. Computer fundamentals, Healthcare foundational knowledge, business writing, and communication and customer service will also be covered. With the successful completion of this course, students will be eligible to take the Certified Medical Administration Assistant (CMAA) exam. For more information about this course and its requirements, please visit www.LearnFTCC.com. **PRE-REGISTRATION IS DUE BY 5:00 P.M. ONE WEEK BEFORE CLASS START DATE. Call (910) 678-8446 with questions.**

AUTOMOTIVE/MOTORCYCLE

AUTO DEALER'S 12-HOUR PRE-LICENSING COURSE – ONLINE **SARA**

This course provides prospective auto dealers with the 12 hours of authorized pre-licensing training required by the Department of Motor Vehicles to be licensed as a North Carolina independent auto dealer. Topics include dealer laws and regulations, DMV regulations, federal laws and rules, and proper recordkeeping. **Supplies:** Students must have access to a computer or tablet with a microphone and camera. **NOTE: Course workbook is included in the registration fee. This is a self-supporting course; fee-exempt status does not apply.** To register for this course, please visit www.LearnFTCC.com. **PRE-REGISTRATION IS DUE BY 4:45 PM TWO BUSINESS DAYS BEFORE THE CLASS START DATE. When registering, please check that your name is spelled correctly and matches your ID. For more information, please call (910) 678-8309.**

Instructor: Dennis Mauk

M-W	5:30pm-9:30pm	Mar 06-Mar 08	Fee: \$175	12 hrs	91487	online
M-W	5:30pm-9:30pm	May 08-May 10	Fee: \$175	12 hrs	91485	online

AUTO DEALER'S RENEWAL TRAINING – ONLINE

All auto dealers (under the age of 65) are required to attend this training in order to renew their license. The law requires that the person whose name is on your auto dealer's license must attend this training, although it would be helpful for anyone working in independent auto sales to attend. Failure to attend and complete this six-hour requirement will result in a revocation of your dealer license. The intent of this training is to provide annual updates to all independent dealers on contemporary issues. At the conclusion of this class, you will receive a certificate of completion. **Supplies:** Students must have access to a computer or tablet with a microphone and camera. **NOTE: Course workbook is included in the registration fee. This is a self-supporting course; fee-exempt status does not apply.** To register for this course, please visit www.LearnFTCC.com. **PRE-REGISTRATION IS DUE BY 4:45 PM TWO BUSINESS DAYS BEFORE THE CLASS START DATE. When registering, please check that your name is spelled correctly and matches your ID. For more information, please call (910) 678-8309.**

MOTORCYCLE REPAIR & MAINTENANCE

With the popularity of motorcycles and ATVs comes the opportunity to earn a living in motorcycle repair and maintenance. Maybe you already have some automotive repair experience and want to see if this is something that might interest you. During this hands-on class, emphasis will be placed upon two-and four-stroke engines, calibration and synchronization of carburetors, braking system safety and maintenance, what to do when the lights and power fails, repair of frame and suspension, and which oils are best at preventing damage. This course is also open to those who own a motorcycle or are considering buying one and want to learn how to do some of their own repair and maintenance. **NOTE: This class is 100% hands-on and held on location at The Cycle Shop, 104 S. 2nd St, Spring Lake. With questions, please contact Patrick Morrison at 910-497-3686 or email cycleshop104@gmail.com.**

Instructor: Patrick Morrison

SMALL GAS ENGINE REPAIR

Have you ever wanted to learn how to service and repair various types of engines? In this class you will learn the basics and some intermediate level repairs from lawn mowers to two-and four-cycle engines. This is an excellent course for those training to work in the small engine mechanic industry. **Supplies:** You may need to purchase basic hand tools if you do not have what is necessary at home. A list of tools will be provided the first day. **PRE-REGISTRATION IS REQUIRED. For more information please call (910) 486-7354.**

Instructor: Willie Simpson

Sat	9:00am-1:00pm	Feb 04-Apr 29	Fee: \$125	48 hrs	62113	ICD, 5411 Ramsey St.

COLLISION REPAIR & REFINISHING TECHNOLOGY

AUTOMOTIVE RESTORATION & PANEL REPAIR TRAINING

The course is designed to provide training for the hobbyist or DIY individuals interested in methods, techniques and tools used for restoring older vehicles and fabricating repair panels to repair rusted body parts. Training will include the use of state-of-the-art equipment used by the automotive collision industry in repair of damaged and rusted body parts as well as historical methods of repair used to restore older vehicles. This course will cover instruction in the areas of methods of repairs, usage of tools and materials of the trade. Practical exercises will support and reinforce lecture topics. The student will learn to repair panels using the proper methods and techniques as well as determining whether to repair or replace a panel based on the extent of damage. No refinishing will be done in this class. **NOTE:** Students will be responsible for Personal Protection Equipment (PPE) including safety glasses, mechanic's gloves, and appropriate clothing and footwear. Students will also need to bring their own hand tools such as wrenches, screwdrivers, sockets, etc. FTCC will provide all specialty tools for the course including hammers and dollies.

Instructor: Joshua Armour

T,Th	6:00pm-10:00pm	Feb 14-Mar 16	Fee \$150	40 hrs	62115	CUSF 109
T,Th	6:00pm-10:00pm	Apr 11-May 11	Fee \$150	40 hrs	62116	CUSF 109

ESTIMATING, INSURANCE, AND BODY SHOP BUSINESS

The course was designed to meet the increasing need for trained personnel with these skills. This course will provide training for auto insurance estimators and Collision Repair shop front office staff in the areas of damaged vehicles. Topic areas will include vehicle inspection, accessing repair costs, training in the latest auto body repair technology and trends as well as understanding of the auto insurance policy and North Carolina Motor Vehicle Repair Act, Article 15B. Students will be trained in all facets of collision estimating and practical exercises will supplement all lecture material. **NOTE:** Student will be responsible for Personal Protection Equipment (PPE) including safety glasses.

Instructor: Doug Irish

M,W	6:00pm-10:00pm	Feb 06-Mar 08	Fee \$150	40 hrs	62117	CUSF 106
M,W	6:00pm-10:00pm	Apr 03-May 10	Fee \$150	40 hrs	62118	CUSF 106

NON-STRUCTURAL ALUMINUM WELDING FOR AUTOBODY REPAIR TRAINING

The course is designed to provide training for auto body technicians in all facets of non-structural aluminum welding repairs for automotive repair. Training will include the use of state-of-the-art welding equipment used by the collision industry in the repair of damaged aluminum panels. This course will offer instruction in the areas of damage assessment, method of repairs, and usage of tools and materials of the trade. Practical exercises will support and reinforce lecture topics. The student will learn to repair Aluminum non-structural panels and determine whether to repair or replace a panel based on the extent of damage. **NOTE:** Students will be responsible for Personal Protection Equipment (PPE) including safety glasses and welding respirator.

Instructor: Matthew Conley

M,W	6:00pm-10:00pm	Feb 06-Mar 08	Fee \$150	40 hrs	62119	CUSL 111
M,W	6:00pm-10:00pm	Apr 03-May 10	Fee \$150	40 hrs	62120	CUSL 111

NON-STRUCTURAL STEEL WELDING FOR AUTOBODY REPAIR TRAINING

The course is designed to provide training for auto body technicians in all facets of non-structural welding repairs for automotive repair. Training will include the use of state-of-the-art welding equipment used by the collision industry in repair of damaged steel panels. This course will offer instruction in the areas of damage assessment, method of repairs, and usage of tools and materials of the trade. Practical exercises will support and reinforce lecture topics. The student will learn to repair steel non-structural panels and determine whether to repair or replace panels based on the extent of damage. **NOTE:** Students will be responsible for Personal Protection Equipment (PPE) including safety glasses and welding respirator.

Instructor: Joshua Armour

M-Th	6:00pm-10:00pm	Jan 23-Jan 26	Fee \$70	16 hrs	62121	CUSL 109
M-Th	6:00pm-10:00pm	Mar 20-Mar 23	Fee \$70	16 hrs	62122	CUSL 109

NON-STRUCTURAL STEEL WELDING FOR FABRICATION

This course is designed to provide training for general knowledge and practice. The student will learn the methods and techniques of welding steel including 22 gauge – 1/8 structural steel. Students will also learn to weld tubing of different thicknesses. This course is ideal for the “do it yourself” person with an interest in welding. This is a general knowledge and practice program and will not focus on automotive but all principles and will apply to those hoping to learn more about welding for restoration projects. This course will cover instruction in the areas of method of repairs and usage of tools and materials of the trade. Practical exercises will support and reinforce lecture topics. The student will learn to repair steel sheet metal and steel round tubing.

Instructor: Matthew Conley

M-Th	6:00pm-10:00pm	Jan 23-Jan 26	Fee \$70	16 hrs	62123	CUSL 112
M-Th	6:00pm-10:00pm	Mar 20-Mar 23	Fee \$70	16 hrs	62124	CUSL 112

PLASTIC PANEL & BUMPER REPAIR TRAINING

The course is designed to provide training for anyone interested in repairing plastic bumpers and automotive body parts. Training will include the use of state-of-the-art plastic welding equipment used by the automotive collision industry in the repair of damaged bumper and body parts as well as adhesive materials used to make a repair. The course will cover instruction in the areas of method of repairs, usage of tools and materials of the trade. Practical exercises will support and reinforce lecture topics. The student will learn to repair panels using the proper methods, techniques and materials as well as determining whether to repair or replace a panel based on the extent of damage. **NOTE:** Students will be responsible for Personal Protection Equipment (PPE) including safety glasses and mechanic’s gloves.

Instructor: Joshua Armour

M,W	6:00pm-10:00pm	Feb 06-Mar 08	Fee \$150	40 hrs	62125	CUSL 112
M,W	6:00pm-10:00pm	Apr 03-May 10	Fee \$150	40 hrs	62126	CUSL 112

AVIATION

AIRFRAME AND POWERPLANT LICENSE PREP COURSE **SARA**

The Airframe and Powerplant preparatory course provides a 128-hour self-paced program of study with a certified FAA Airframe and Powerplant facilitator. It will prepare the student for the three written tests, and the oral and practical test of the FAA Airframe & Powerplant Certificate. **Students are required to provide two signed copies of the FAA 8610-2 form documenting at least 30 concurrent months of work experience in both Airframe and Powerplant prior to course registration. PRE-REGISTRATION IS REQUIRED. Contact Greg Moore at (910) 486-7354 for information about these forms or for any information.**

Instructor: Cape Fear Aviation Maintenance

BUILDING/CONSTRUCTION

CLASES DE ELECTRICIDAD – RESIDENCIAL Y COMERCIAL SARA

Este curso está diseñado para que aprendamos los principios del cableado eléctrico que se usa en centros comerciales, y en residencias. Le daremos énfasis a las leyes de corriente alterna y continua, circuitos en serie, en paralelo, uso de herramientas, equipos eléctricos, materiales de cableado y conceptos de electricidad.

Aprenderemos la importancia del mantenimiento preventivo, solución de problemas técnicos y el Código Eléctrico Nacional. Todas las clases tienen un componente en línea que es un requisito. **Se requiere que se inscriba antes del inicio de la clase. Para más información llame a Miguel Figueroa, 910-678-8430.**

FUNDAMENTALS OF SUPERVISION AND MANAGEMENT – ONLINE

If you have recently been promoted to a supervisory or management position or want to learn how to become a more effective manager, this course will help you master the basics of business by learning the language of management. You will learn how to make a successful transition from employee to manager and you will learn how to manage your time so that you can deal with the constant demands of a managerial job. You will learn the skills required to delegate responsibility and motivate your employees. A large part of a manager's job involves getting things done through other people, and this course will help you understand how to influence and direct other people's performance. Finally, you will learn how to solve problems and resolve conflicts so you can accomplish your job more effectively. This program/course is a good choice for those looking for project management experience and those aspiring to obtain a PMI credential. It is also an excellent choice for existing PMI credential holders looking for an approved activity for PMI's continuing certification PDUs. For more information including the fee amount, please visit www.LearnFTCC.com. **PRE-REGISTRATION IS DUE BY 5:00 P.M. ONE WEEK BEFORE THE CLASS START DATE.**

MANAGING A SHORT-TERM RENTAL

If you are considering operating a short-term rental (e.g., Airbnb, Vrbo, Houfy, etc.), then this class is for you! Topics will include setup, operation, time commitment, organization, financial considerations, regulation, technology, and many others. Please note that this class is designed for those with little to no experience with short-term rental management. However, veteran operators are welcome to join us in order to learn new tips.

PROPERTY MANAGEMENT

Property management is a well-respected profession that can be quite profitable. Whether you are interested in residential or commercial property management, you will find many different types of jobs available. Instruction will include an overview of property management, the manager-owner relationship, leases and tenant relations, managing residential property, managing commercial property, legal issues in property management, as well as marketing your management services. This information will also be helpful to those interested in managing their own property investments. **NOTE:** This does not qualify as a real estate license course.

TENANTS AND LANDLORDS

This workshop is designed to answer the questions you've always wanted to ask about leasing and/or renting property. It will help both tenants and landlords understand leases and their rights under NC Statute 42. You will better understand when the landlord can enter the property without the renter's/lessor's permission, how to handle requests for repairs, and what a "timely manner" for repairs is considered. Learn what can and cannot be done with a security deposit and if it comes to it, how small claims court can assist both tenants and landlords. **NOTE:** This does not qualify as a real estate license course. *This is a self-supporting course; fee-exempt status does not apply.*

Instructor: Lena Hutton

COMPTIA COMPUTER TECHNICIAN SUPPORT PROGRAMS

A+ CERTIFICATION: HARDWARE (INTRODUCTION) – ONLINE **SARA**

Time to roll up those sleeves and dive inside the personal computer! This introductory CompTIA A+ course teaches you about the hardware common to virtually every personal computer, including microprocessors, RAM, power supplies, motherboards, BIOS, CMOS, the expansion bus, and input/output devices. You will learn how things work, how to configure everything, and how to troubleshoot in real world environments. This course gives you the knowledge upon which you will base the rest of your CompTIA A+ certification studies. Plus, this course helps you take that first step to becoming an excellent PC technician. So, what are you waiting for? **REQUIREMENTS:** a PC that you can take apart and put back together again. This can be anything from an ancient Intel 286 to a newer 486 or beyond. Because of the dangers of electro-static discharge (to the machine, not the student), we do not require you to tear apart your own primary computer. For more information, please visit www.LearnFTCC.com. **PRE-REGISTRATION IS DUE BY 5:00 P.M. ONE WEEK BEFORE THE CLASS START DATE.**

FOREIGN LANGUAGE

ARABIC (BEGINNING)

The need for Arabic linguists has never been greater! With Arabic the native language of over 200 million people living in 20 different countries, it is essential that more Americans develop and maintain linguistic and cultural expertise in order to build a better understanding of the Arab world. While there are many Arabic dialects, including Classical Arabic, this course will concentrate on a widely spoken, adapted dialect, known as Modern Standard Arabic. This dialect is used most often in books, newspapers, on television and radio, in political speeches, and in conversation between Arabs from different countries. Once you have learned standard Arabic, it is relatively easy to adapt to a local dialect later.

Instructor: TBA

M,W	5:30pm-7:30pm	Mar 01-Apr 12	Fee: \$70	24 hrs	91429	HTC 153
-----	---------------	---------------	-----------	--------	-------	---------

ARABIC (INTERMEDIATE)

This course is designed for those who would like to build communicative competence in Modern Standard Arabic. Your instructor will work with you to build your reading, writing, listening, and speaking skills.

PREREQUISITE: Completion of Arabic (Beginning) course or equivalent experience.

Instructor: TBA

M, W	5:30pm-7:30pm	Jan 09-Feb 22	Fee: \$70	24 hrs	91562	HTC 153
M,W	5:30pm-7:30pm	Apr 19-May 31	Fee: \$70	24 hrs	91578	HTC 153

FRENCH I

Join us as we discover beautiful France and the culture within! If you anticipate traveling in France, you will enjoy your trip more if you master some of the basics of the language, grammar, and understand the beauty of the French culture. In this course, you will study both conversation and culture; money exchange, how to order in restaurants, how to ask for and understand directions, and more! This is an excellent course for those traveling for business!

Instructor: Morgann Hagan

MANDARIN CHINESE (BEGINNING)

This is a beginning course in Mandarin Chinese, the official language in Mainland China. Chinese is also one of the two official languages in Hong Kong and one of the four in Singapore. According to a recent survey, it is now the fastest growing foreign language chosen for study by American college students. This course is designed for beginners with an emphasis on developing minimum communicative competence in Chinese. You will be introduced to the basics of the Chinese language – the pinyin, characters and grammar – and learn how to carry out simple conversations in Chinese on a variety of topics.

Instructor: TBA

M	5:30pm-7:30pm	Feb 27-May 22	Fee: \$70	24 hrs	91592	HTC 151
---	---------------	---------------	-----------	--------	-------	---------

SPANISH (BEGINNING)

Spanish is the 2nd most used language in the United States and in today's society it is recognized as an additional skill when qualifying for promotions or a new career. In this course you will study grammar, conversation, and a touch of culture. This course is designed for those who have Spanish-speaking customers and employees, those who anticipate doing business with Spanish speakers, or those traveling to Latin America or Spain. If your workplace would benefit from your ability to speak and understand Spanish, then it will be to your advantage to enroll in this course. By registering for the longer Spanish Beginning course, your instructor will expand on the topics listed above.

HEALTHCARE/MEDICAL OFFICE TRAINING

Students who register on campus must be prepared to pay the insurance fee at the time of registration.

Please check course descriptions for insurance requirements.

BECOME A PHYSICAL THERAPY AIDE – ONLINE

Prepare for a rewarding career as a valued member of the physical therapy (PT) team while learning all about the human body, specific disorders, and the way physical therapists (PTs) treat these disorders. We will begin by exploring the history of physical therapy and the relationships between physical therapists, physical therapist assistants, and physical therapy aides. You will receive training on how to communicate effectively with other health care professionals and patients. You will come to understand medical terminology and anatomy and physiology used in the field of physical therapy, the medical documentation that physical therapists use, and the principles of ethics and laws that affect the PT aide. Along with infection control, you will also learn proper body mechanics and how to safely move patients. We will also cover how to help patients walk with assistive devices like walkers, crutches, and canes. Furthermore, you will learn when PTs use physical agents like heat, cold, ultrasound, and electricity. By the time you finish this eight-week course, you will have gained valuable knowledge and be well on your way to becoming an important member of the physical therapy team! For more information including the fee amount, please visit www.LearnFTCC.com. **PRE-REGISTRATION IS DUE BY 5:00 P.M. ONE WEEK BEFORE THE CLASS START DATE.**

BECOME AN OPTICAL ASSISTANT – ONLINE

If you think you would like to become an optical assistant, this is the course for you! We will take a comprehensive look into the diverse world of optical assisting, and you will see why optometry is such an interesting field and how rewarding it can be to help people solve their vision problems. We will cover optical assisting in private practice, healthcare clinics, the military, teaching facilities, and in retail sales. You will discover the personal and professional skills needed to work in a front and back office and in an optical dispensary and lab. You will become familiar with all the things optical assistants must know about frames, styles, lenses, contact lenses, and working with people. You will also discover how our amazing eyes work and come to understand some common eye conditions. In addition, we will delve into specialty areas that optical assistants can work in such as refractive surgery centers, low vision clinics, and vision training practices. And finally, we will cover how to become certified and licensed, which will open up even more opportunities for you! For more information including the fee amount, please visit www.LearnFTCC.com. **PRE-REGISTRATION IS DUE BY 5:00 P.M. ONE WEEK BEFORE THE CLASS START DATE.**

FTCC ONLINE MEDICAL ICD-10 CODING, PART I **SARA**

This course is the first course in a two-part, instructor-led program that prepares students to work as medical coders in a physician's office or hospital setting. Medical coders utilize medical records and patient charts to find diagnostic and procedural information that can be put into numerical codes and used by insurance companies and third-party payers for payment. This specific course provides an introduction to the medical coding industry and explores topics such as medical terminology, anatomy, physiology, pathophysiology, medical records, medical ethics, ICD-10 coding, and more! Topics covered in this course provide foundational knowledge used in the everyday job duties of medical coding professionals. Throughout the course, students will have a structured, online learning environment and access to an instructor who is certified through AAPC and currently works in the field of medical coding. For more information about this course and its requirements, please visit www.LearnFTCC.com. **NOTE:** The course textbook will be an e-book accessed through FTCC's library. **PRE-REGISTRATION IS DUE BY 5:00 P.M. ONE WEEK BEFORE THE CLASS START DATE.**

MEDICAL CODING FOR OUTPATIENT & INPATIENT SERVICES, PART I – ONLINE **SARA**

This course is the first course in a two-part, AHIMA-approved program that prepares students for the Certified Coding Associate (CCA) and Certified Professional Coder (CPC) certification exams. Medical coding is the process of assigning formal, standardized codes to diagnoses and procedures performed or identified by physicians. Medical coders utilize medical records and patient charts to find diagnostic and procedural information that can be put into numerical codes and used by insurance companies and third-party payers for payment. The Medical Coding for Outpatient & Inpatient Services Part I course helps students learn medical terminology, law, liability & ethics topics, health care delivery systems, medical records, and medical billing. Topics explored in this course are important as they prepare students for learning the remaining elements of ICD-10 coding, which will be covered in the Medical Coding for Outpatient & Inpatient Services Part II course. For more information about this course and its requirements, please visit www.LearnFTCC.com. **PRE-REGISTRATION IS DUE BY 5:00 P.M. ONE WEEK BEFORE THE CLASS START DATE.**

MEDICAL ICD/CPT CODING, PART II- FACE-TO-FACE

This is Part II of the course to help prepare the student to code accurately and effectively using the ICD-10-CM/PCS code set with a complete understanding of relevant medical terminology and anatomy. The course will continue to enhance the students coding abilities by making unfamiliar medical language more approachable, and carefully sequenced medical terminology lessons help the student to understand the vastly increased anatomy necessary for accurate coding, including the locations of hundreds of arteries, muscles, nerves, and other anatomy. Students are responsible for the cost of the textbooks. Student must have passed Part I to continue to Part II. To register for this class please visit www.LearnFTCC.com. For more information please call (910) 678-0032.

REGISTERED BEHAVIOR TECHNICIAN – ONLINE

Through the Registered Behavior Technician program, you have the opportunity to become a paraprofessional in the field of Autism services. This course provides an understanding of Autism Spectrum Disorder (ASD) and best practices for assisting children and adults with functional communication acquisition, social skill development, and behavior change. You will learn about Applied Behavior Analysis (ABA), an empirically validated method for changing behaviors and teaching social and adaptive living skills. Successful completion of the course results in a certificate of completion for the 40-hour Registered Behavior Technician (RBT) course, leading towards RBT certification by the Behavior Analyst Certification Board. The RBT is a paraprofessional who practices under the supervision of a Board-Certified Behavior Analyst. Prevalence of Autism Spectrum Disorder and changes in insurance mandates drive high demand for ABA services and RBT recruitment. Students interested in certification can take a competency assessment and schedule the RBT exam, making them highly marketable to potential employers. Students will also have the opportunity to interview for RBT job placement at CCABA's two Fayetteville clinic locations. Start your new career today! For more information about this course and its requirements, please visit www.LearnFTCC.com. **PRE-REGISTRATION IS DUE BY 5:00 P.M. ONE WEEK BEFORE CLASS START DATE. For more information please contact Denise DeCandia at Denise@carolinacenterforaba.com.**

WORKING IN THE PHARMACY, PART I – ONLINE

The two-part Working in the Pharmacy-Online training program is designed to help students gain the knowledge and skills necessary to aid in the successful daily operations of a pharmacy. Course modules will emphasize pharmacy job roles and responsibilities, keyboarding accuracy and skills, knowledge of pharmacy computer hardware and software, communication skills, customer service techniques, payment processing, familiarity with various forms of insurance plans, and pharmacy law, regulations, and standards. Students will also become familiar with pharmacology, prescriptions, pharmaceutical calculations, and non-sterile compounding. Upon successful completion of the Online Working in the Pharmacy and Online Working in the Pharmacy Part II courses, students will be eligible to take the Pharmacy Technician Certification Examination (PTCE) through the Pharmacy Technician Certification Board (PTCB). For more information about this course and its requirements, please visit www.LearnFTCC.com. **PRE-REGISTRATION IS DUE BY 5:00 P.M. ONE WEEK BEFORE THE CLASS START DATE.**

***Students may qualify for a discounted registration fee. Call (910) 678-8446 with questions.**

HOSPITALITY SERVICES—HOTEL/RESTAURANT

CAKE DECORATING FOR PROFESSIONALS

Professional cake decorating is a popular field to enter, but it's imperative to start with the correct skill set. In this course you will learn the fundamentals of cake decorating to include the practical and time-saving techniques that are needed to meet the demands of decorators employed in various environments. You will be introduced to the latest tools and techniques necessary for decorating a variety of cakes. Your instructor will guide you through the basics of entering the cake decorating business and appropriate pricing for your services. **NOTE:** On the first day of class, your instructor will provide an introductory demonstration, review the course syllabus, safety and sanitation, and discuss the required supplies. **Supplies:** You will need to bring your supplies by the 2nd class meeting. To request this list before the first day, please call (910) 678-0032.

SERVSAFE FOOD SAFETY TRAINING **SARA**

The restaurant and food service industry's pre-eminent food safety training, the ServSafe program is recognized and accepted by more federal, state, and local jurisdictions than any other food safety program. It prepares the industry to prevent food-borne illness, reduce liability risks, lower insurance costs, and improve food quality. Effective training means your entire operation will be more efficient, profitable, and have a better understanding of health department inspections. ***ALL Food establishments are required by law to have a certified food protection manager (CFPM) at the food establishment during all hours of operation per section 2-102.12 of the NC Food Code. In order to meet this, an ANSI accredited program must be taken. Textbook Requirement: *ServSafe Course Book with Online Exam Voucher.***

SIGN LANGUAGE TRAINING

SIGN LANGUAGE I

This course is foundational in that it lays the groundwork for becoming a fluent signer. In this class you will learn fingerspelling, ABCs, and vocabulary (179+ signs). Additionally, you will be introduced to glossing, classifiers, and the five parameters of signs. The Deaf world, Deaf culture, history of the Deaf community and the beginnings of American Sign Language in America will also be covered.

Instructor: Glenna Hendrickson

T	6:00pm-9:00pm	Jan 17-Mar 07	Fee: \$70	24 hrs	33901	CUH 316
Sat	9:00am-1:00pm	Jan 21-Feb 25	Fee: \$70	24 hrs	33902	HTC 153
Th	6:00pm-9:00pm	Mar 02-Apr 20	Fee: \$70	24 hrs	33903	CUH 316

SIGN LANGUAGE II

In this class you will gain a deeper understanding of American Sign Language (ASL) and sentence structure. Through interactive lessons, you will increase your expressive and receptive skills in order to become a more fluent signer and fingerspeller. In addition to learning more about Deaf history and culture, you will learn 172+ vocabulary terms and be given opportunities to use your skills with local Deaf and Hard of Hearing friends from the Deaf community. Continue your practice of ASL in this intermediate-level class.

PREREQUISITE: Sign Language I or equivalent experience.

Instructor: Glenna Hendrickson

Sat	9:00am-1:00pm	Mar 04-Apr 15	Fee: \$70	24 hrs	33904	HTC 153
T	6:00pm-9:00pm	Mar 14-May 02	Fee: \$70	24 hrs	33905	CUH 316
Th	6:00pm-9:00pm	Apr 27-Jun 15	Fee: \$70	24 hrs	33906	CUH 316

SIGN LANGUAGE III

This final class will take you into the world of communicating through ASL with clarity. This course is an advanced level of sign language; focusing on ASL structure and grammar, how to gloss complete sentences and express them, 173+ vocabulary terms, how to set up a room in space and share what it looks like with others and experience what it feels like to be Deaf or Hard of Hearing. This final class along with Sign Language I and Sign Language II will aid in preparing the student to enter an advanced study program of ASL or take Interpreter Education for higher education programs. **PREREQUISITE:** Sign Language I and II or equivalent experience.

INTEGRATING TECHNOLOGY IN THE CLASSROOM – ONLINE

In this professional development course for teachers, you will learn the secrets of technology integration in the classroom and gain the skills needed to effectively use wikis, podcasts, and blogs. In this course, you will discover simple ways to integrate technology to enhance your subject material and meet your course goals. Additionally, you will explore quick-and-easy, standards-based solutions for more interactive lesson plans, exciting WebQuests, and challenging assignments. This course also covers the power of Web resources, Word, Excel, and PowerPoint. Furthermore, you will learn how to design your presentation station, identify kid-friendly Internet search tools, teach keyboarding and word processing, and develop standards-based, integrated lesson plans in reading, writing, science, math, social studies, music, and art. Finally, you will delve into ways to reach special needs, GATE, and English language learners. Whether you are new to the integration process or already use emerging technologies in your classroom, this course is a must for today's educators who often have to produce more and more in less and less time. By the end of the course, you will have a reservoir of ideas for integrating all types of technology into your lesson plans across the curriculum! For more information including the fee amount, please visit www.LearnFTCC.com. **PRE-REGISTRATION IS DUE BY 5:00 P.M. ONE WEEK BEFORE THE CLASS START DATE.**

WEDDING/EVENT PLANNING

CORPORATE & SOCIAL EVENT PLANNING

Are you interested in learning more about planning meetings/seminars, product launches, galas, trade shows, retirement parties, and more? The objectives set for this course will allow you to expand your knowledge by learning in-depth terminology for the corporate world. You will also learn how to design events, set budgets, plan and execute decisions successfully, review performances, and charge for services. Take your event planning business to the next level and become a corporate event planner! Your instructor will help you develop a philosophy of success that will prepare you to start an organized event planning business or elevate your current business and teach you how to prepare essential business forms.

WEDDING & EVENT PLANNING: PARTS I & II

With weddings and special events becoming larger and more complicated to coordinate, many people are turning to the services of professional event planners for help. If you enjoy working with people, are detail-oriented, have good communication skills, and a lot of patience, this may be the ideal business for you! Whether you are interested in establishing a home-based business, working part-time, or beginning a new career, training to become a certificate-holding professional Wedding & Event Planner may afford you many opportunities to earn supplemental income. The main topics covered during this course will include wedding history, etiquette, traditions, how to coordinate and direct weddings for couple of any faith, select sites and vendors (caterers, florists, photographers), choose a name for your business, how to write a business plan and obtain a business license, and prepare a wedding/event planner's notebook. Your instructor will also help you develop a philosophy of success that will prepare you to start an organized business with very little start-up expense and the potential to earn an excellent income. This course should be of interest to those who are considering a career in the wedding/event business or those who are already working in the services dealing with weddings, such as florists, caterers, or other event/wedding services.

PERSONAL INTEREST

Fayetteville Technical Community College has a genuine commitment to serving the educational needs of the entire community.

The courses included in this section have been designed to encourage lifelong learning by providing you with a means to express your creative, cultural, civic, and leisure interests.

ACADEMIC/TEST PREP

ALGEBRA REFRESHER

So, you finished high school a few years ago and now you've decided to go back to school. The problem is you're not sure that you can handle the college-level algebra that will be required. This course is designed for people just like you—high school graduates who need to review basic algebra in order to increase their chances of success in a college-level classroom. This course is a review of the basic concepts of algebra using formulas, exponents, signs, squares and square roots, equations, and inequalities.

CREATIVE WRITING

Open up the world of creative writing and learn the techniques that can put you in print. In this course, you will experience the hands-on practice of learning to say what you want in the best, most efficient and attractive way possible. There will be discussions on the art of criticism and how it helps, not hurts. You will learn the specifics of editing, manuscript preparation, querying, and submission of your writings. Emphasis will be on learning to develop your own voice or recognizable style. The world is waiting for that book you've been planning or that short story you've been meaning to write!

GRAMMAR REFRESHER – FACE-TO-FACE

Whatever your goals, a grasp of English grammar is important if you want to improve your speaking and writing skills. This course will help you gain confidence in your ability to produce clean, grammatically correct work. You'll explore the basics of English grammar—like sentence structure and punctuation—as well as more sophisticated concepts—like logic and clarity. A patient instructor, memorable lessons, vivid examples, and interactive exercises will give you ample opportunity to put what you learn into practice. Reacquaint yourself with old, forgotten rules, meet some new ones, and discover your own grammatical strengths!

GRE PREPARATION – FACE-TO-FACE

If you are ready to go for that advanced degree but have never taken the Graduate Record Exam (GRE), PLEASE prepare for it. No one should go into the exam cold and not knowing what it is all about. Moreover, the GRE exam has changed, and the new format should be reviewed before you take the exam! Your admission into advanced degree programs may well depend on your score on this exam. This course is designed to help you prepare for all parts of the re-formatted general exam to include a review of the verbal, quantitative, and written sections of the exam. You will also learn useful test-taking tips and hints. **Textbook Requirement:** To be announced by instructor. **Supplies:** Please bring a notebook, pencils, and a calculator to class each session.

ART

ACRYLIC PAINTING – NEW!

This course is designed to introduce the basic elements of acrylic painting to students with little or no experience. Students will work with acrylic colors and explore the many ways acrylic paint can be used. Basic care and handling of materials will be covered as well as studio safety. Instruction will be done on a variety of materials, and specific exercises will be given so that students can explore color, light, texture, transparency/impasto and composition. The class projects will concentrate on developing technical skills and aesthetic goals in regards to handling acrylic painting media. Special emphasis will be given to personal style development while adhering to proper technique. **Supplies:** Students will need to purchase some supplies and may request this list by emailing ohernl@faytechcc.edu.

Instructor: Angela Stout

W	1:00pm-4:00pm	Jan 18-Mar 08	Fee: \$60	24 hrs	90849	CEC 139
---	---------------	---------------	-----------	--------	-------	---------

ACRYLIC PAINTING (INTERMEDIATE) – NEW!

This course is designed for students who have completed a beginning level acrylic painting course or have equivalent experience. For those who have not painted in a while, your instructor will review some of the basics and move into choosing subjects, setting up a still life, painting from life and photographs, and landscapes. **Supplies:** Students will need to purchase some supplies and may request this list by emailing ohernl@faytechcc.edu.

Instructor: Angela Stout

W	1:00pm-4:00pm	Mar 15-May 03	Fee: \$60	24 hrs	90850	CEC 139
---	---------------	---------------	-----------	--------	-------	---------

ACRYLIC PORTRAITURE

Acrylic paint is a wonderful medium that enables artists to create beautiful portraits! During this course, you will be educated on various painting techniques to apply while working with acrylic paint. Through your diligent practice and observations during Instructor demonstrations, you will create unique pet and human portraits. Your Instructor comes with years of experience teaching art and the use of various mediums. Come enjoy. **Supplies:** Students will need to purchase some supplies and may request this list by emailing ohernl@faytechcc.edu.

DRAWING AND PAINTING WITH COLORED PENCILS

Wake up! You know what? It is time to draw! Yes, draw and paint and find out what your inner self looks like. What is the picture of you? Come on, give it a try! 100% of those before you couldn’t believe what they could create with colored pencils and a blank sheet of paper. They all said they couldn’t even draw a stick figure. Boy, were they wrong. Design your own Christmas cards, get them copied, and give them to your friends this Christmas! You didn’t know it, but you are an artist! **Supplies:** Please e-mail ohernl@faytechcc.edu for required supplies.

Instructor: Nancy Gasper

M	9:00am-12:00N	Jan 23-Mar 13	Fee: \$60	24 hrs	90789	CEC 139

JEWELRY MAKING AND SILVERSMITHING (BEGINNING)

Learning to create jewelry through the technique of silversmithing is one of the most rewarding methods to create a one-of-a-kind work of art. This course is designed to cover the fundamentals of silversmithing to include silver soldering, sawing, forming, filing, and texture creation. While this course is designed for the beginning student, your instructor will work to meet the needs of students from a variety of jewelry making backgrounds. Emphasis will be placed upon soldering techniques as you work on various projects. **Supplies:** You will be provided with the basic copper and wire needed to practice the metalsmithing skills on your first project; however, please be prepared to spend between \$60-\$150 in supplies, depending on the project you choose to complete. You are also welcome to provide your own metal of choice at your cost if you prefer not to use the provided copper. Basic hand tools are available in the FTCC studio for novice students.

OIL PAINTING (INTERMEDIATE)

This course is designed for students who have completed a beginning level oil painting course or have equivalent experience. For those who have not painted in a while, your instructor will review some of the basics and move into choosing subjects, setting up a still life, painting from life and photographs, and landscapes. **Supplies:** Students will need to purchase some supplies and may request this list by emailing ohernl@faytechcc.edu.

Instructor: Angela Stout

T	6:00pm-9:00pm	Mar 14-May 02	Fee: \$60	24 hrs	90848	CEC 139
---	---------------	---------------	-----------	--------	-------	---------

PAINTING OPEN STUDIO

Ever heard your teacher announce that “time is up” before you’ve completed your painting? Don’t fret because we are opening the art room doors to guide you as you complete those unfinished projects. Join the group as we add the finishing touches to our paintings under the guidance of your instructor. All artists are welcome regardless of what paint medium you are using! **Supplies:** Students will need to bring their art pieces the first day of class.

Instructor: Angela Stout

PAINTING WHAT YOU SEE

Painting a lasting piece of artwork is a process and, in this class, we will explore the steps within that process to guide you from concept to creation and the final step of preserving your work of art. "Seeing" is step one, followed by learning to develop a pleasing composition. During this class, we will focus on preparing your canvas, then applying your composition to that surface, while also exploring color, color theory, color harmony, complimentary colors and identifying the color of your light and shadows. There are many other factors which will impact the result in your artwork to include the edges, different mediums, quality paint brushes and paint to apply to the canvas. Join us as we create timeless art pieces to preserve and enjoy together! **Supplies:** Please email ohernl@faytechcc.edu.

Instructor: Talmadge Potter

Th	1:00pm-4:00pm	Jan 12-Mar 02	Fee: \$60	24 hrs	90835	CEC 139
Th	1:00pm-4:00pm	Mar 09-Apr 27	Fee: \$60	24 hrs	90836	CEC 139

POTTERY (BEGINNING)

If you have always been fascinated watching potters and thought it looked like fun, come and learn just how much fun it really is. Pottery is not difficult to learn, but it takes patience and the willingness to get a little dirty. As a beginning student, you will learn basic throwing techniques with emphasis on making functional forms such as mugs, bowls, and vases. You will learn how to trim, decorate (if desired), and glaze your pieces. If you are interested, you can also work on hand-built pieces. **Supplies:** Students will need to purchase their own clay (available from FTCC bookstore). Glazes are provided.

Instructor: Casey Long

T	6:00pm-9:00pm	Jan 10-Apr 25	Fee: \$100	48 hrs	90821	HOS 627

T	6:00pm-9:00pm	May 02-Aug 15	Fee: \$100	48 hrs	90822	HOS 627

Instructor: Tina Wilson

M	6:00pm-9:00pm	Jan 09-May 01	Fee: \$90	42 hrs	90856	HOS 627
Sat	9:00am-1:00pm	Jan 21-May 20	Fee: \$120	64 hrs	90860	HOS 627
M	6:00pm-9:00pm	May 08-Aug 21	Fee: \$90	42 hrs	90857	HOS 627

POTTERY: DECORATION & DESIGN

Every work of art needs that finishing touch to make it complete. In this class you will learn techniques to make your pottery unique! We will use carving, stencils, underglazes, design transfers, graffiti, Mishima, scoring and slipping of clay forms to your work in order to create beautiful pottery. Join Muriel as she guides you to making your pottery a complete work of art! **Supplies:** Please request a supply list at the time of registration.

Instructor: Tina Wilson

Th	6:00pm-9:00pm	Jan 18-Mar 08	Fee: \$65	24 hrs	90858	HOS 627
Th	6:00pm-9:00pm	Mar 09-May 04	Fee: \$65	24 hrs	90859	HOS 627

STONE CUTTING: BASIC CABOCHONS

Cabochons are gems that have been cut and polished but not faceted into the setting. Adding gems to your jewelry brings your designs to the next level and will allow you to incorporate even more unique characteristics to your designs! During this class you will be introduced to the process of cutting and polishing stones, and how to determine the best shape that is appropriate for your custom jewelry design. Using our trim saw and CabKing capping machine, you will learn safety procedures and steps to operating the equipment for best results. **PREREQUISITE:** Completion of Jewelry Making & Silversmithing (Beginning) or equivalent experience. **Supplies:** You will be provided with the basic copper and wire needed to practice the metalsmithing skills on your first project; however, please be prepared to spend between \$60-\$150 in supplies depending on the project you choose to complete.

Instructor: Gail Ferguson

W	5:30pm-8:30pm	Jan 18-Mar 08	Fee: \$80	24 hrs	90784	CEC 145
W	5:30pm-8:30pm	Mar 15-May 03	Fee: \$80	24 hrs	90785	CEC 145

THE ART OF PAINTING

The "Art of Painting" is a step-by-step method of oil painting that will acquaint you with materials, mediums, and tools necessary to create works of art. If you are a newcomer to the world of painting or have experience, you will benefit from this class. From concept to completion we will employ proven techniques and methods that have served to develop and enhance many artists. **NOTE:** Novice and experienced painters are welcome. **Supplies:** Please request a supply list at the time of registration, or you may wait until the first class to purchase supplies after class discussion. You may bring any oil painting supplies you have at home.

Instructor: Talmadge Potter

F	9:00am-12:00N	Jan 13-Mar 03	Fee: \$60	24 hrs	90837	CEC 139
F	9:00am-12:00N	May 05-Jun 23	Fee: \$60	24 hrs	90838	CEC 139

WATERCOLOR (BEGINNING/INTERMEDIATE)

Have you always wanted to learn how to paint using watercolors but felt intimidated by the rumor that this type of painting is difficult? This is an excellent course for the beginning painter or for those who have some experience. In this course, students will learn about composition, principles of design, color harmony, and the inherent qualities of their materials. Demonstrations by the instructor will include wet-in-wet, dry-brush, and how to get rid of mistakes in watercolor techniques. Join us as we discover the beauty in painting watercolors! The instructor will also work with students at the intermediate level teaching new techniques. **Supplies:** Supplies will be discussed on the first day. Students will need to purchase some tools. You can request a supply list by emailing ohernl@faytechcc.edu.

Instructor: Roxanne Rothenberger

Th	9:00am-12:00N	Jan 12-Mar 02	Fee: \$60	24 hrs	90839	CEC 139
Th	9:00am-12:00N	Mar 09-Apr 27	Fee: \$60	24 hrs	90840	CEC 139

WOODBURNING ART

Have you ever seen beautiful pictures and works of art made onto wood? They make unique gifts and decoration for your home or office! During this class you will learn the process of tracing and burning an image into a piece of wood to make art. **Supplies:** Students may be required to purchase some supplies, which will be discussed during the first class meeting.

Instructor: Gail Ferguson

Th	5:30pm-8:30pm	Feb 02-Mar 23	Fee: \$80	24 hrs	90786	CEC 145

FINANCIAL PLANNING

ESTATE PLANNING

Estate planning is a subject no one likes to think about, but one that requires thoughtful consideration. If you fail to plan for the settlement of your estate, the state subjects your assets to probate, a potentially time-consuming, expensive, and public procedure that could make an already difficult time impossible for your heirs. Fortunately, good estate planning can help out during your lifetime and help your family later. Join us! Topics will include wills, gifts, and joint ownership.

Instructor: Attorney Tracey Henderson

T	1:00pm-3:00pm	Jan 31	Fee: \$20	2 hrs	91476	CEC 143
T	1:00pm-3:00pm	May 02	Fee: \$20	2 hrs	91477	CEC 143

INTRODUCTION TO INVESTING

Roth IRA, 401k, CD's – do these words seem foreign to you? If so, come learn the basics of investing in this short class. The experienced instructor will help you to understand the world of investing and make you a more savvy investor!

Instructor: Jonathan Proffitt

Th	5:30pm-7:30pm	Apr 20-Apr 27	Fee: \$35	4 hrs	91581	CEC 118
----	---------------	---------------	-----------	-------	-------	---------

LIVING IN RETIREMENT

This seminar is designed for working professionals who are within 10 years of transitioning into retirement AND for those who are currently retired. The instructor will provide guidance to help you live comfortably during your retirement. Topics will include: sources of retirement income (including Social Security), estate planning, types of retirement accounts, and portfolio construction or realignment. Feel free to bring questions! Civilians and military personnel are welcome.

Instructor: Jonathan Proffitt

Th	5:30pm-7:30pm	Feb 23	Fee: \$15	2 hrs	91503	CEC 118
----	---------------	--------	-----------	-------	-------	---------

MUTUAL FUND INVESTING

Some of the fastest growing investment vehicles are mutual funds. This course will help you understand how mutual funds work and how they can be used to meet almost any investment goal. While geared to the beginner, this course can be helpful for those already experienced with mutual funds.

Instructor: Isaac Allen

T	3:00pm-5:00pm	Jan 17	Fee: \$20	2 hrs	91430	CEC 143
T	3:00pm-5:00pm	May 16	Fee: \$20	2 hrs	91596	CEC 143

PREPARING FOR RETIREMENT

Are you a working professional looking to begin planning for retirement? If so, sign up for this seminar to make sure that you are on track to accomplish your financial goals. The instructor will discuss and answer questions about the following topics: what retirement is, sources of retirement income (including Social Security), estate planning, types of retirement accounts, and portfolio construction. Please note that this seminar is targeted towards those who are about 10-30 years away from retirement. Civilians and military personnel are welcome.

Instructor: Jonathan Proffitt

----	---------------	---------------	-----------	--------	-------	---------

GARDENING FOR DUMMIES: FROM A TO Z

This course is designed to help the new gardener know what steps to take to set up a home garden. Students will receive clear information on what planning needs to be done before that first seed goes in to the soil. Students will be able to discuss their personal garden goals with the instructor and receive feedback to plan their home garden!

Instructor: Cheryl Garrett

Sat	10:00am-1:00pm	May 13	Fee: \$30	3 hrs	91450	HEC 109
-----	----------------	--------	-----------	-------	-------	---------

HOW TO FIND AND GROW HOSTAS

Looking for a perennial to add to your garden? Why not give beautiful, easy hostas a try? In this class, you will learn how to select and grow amazing new varieties of hosta plants that push the envelope of what is possible in brighter colors, forms, sizes, and leaf shapes. Gardeners of all experience levels are welcome.

Instructor: Roger Mercer

Sat	10:00am-1:00pm	Mar 25	Fee: \$35	3 hrs	91492	HEC 109
-----	----------------	--------	-----------	-------	-------	---------

PLANT SELECTION TIPS

Choosing plants for your yard, porch, or indoors may seem like a daunting task. Come learn from an expert about how to select the right plants so that they will thrive! This course will go over different types of plants and where to place them. Bring your questions and we will have the answers!

Instructor: Roger Mercer

Sat	10:00am-1:00pm	Apr 29	Fee: \$35	3 hrs	91493	HEC 109
-----	----------------	--------	-----------	-------	-------	---------

SUCCULENT GARDENING

If you've noticed, succulent plants are right on trend for current home décor. In this workshop, students will learn how to select, plant, and care for succulents. Students will use textures, colors, size, and a variety of shapes. At the end of class, students will plant and take their very own succulent garden home.

Instructor: Cheryl Garrett

Sat	10:00am-1:00pm	Apr 15	Fee: \$40	3 hrs	91451	HEC 109

INDUSTRIAL SEWING

*The Furniture Upholstery classes are offered to provide training to students that will allow them to increase their skills from novice to professional.
For additional information, please call (910) 678-8431.*

FURNITURE UPHOLSTERY (BEGINNING)

Do you have a desire to learn how to restore furniture by replacing the upholstery? During this course you will be given an introduction to the safe use of inside and outside upholstery tools, materials and techniques to re-upholster small seats on chairs, footstools and small pieces of furniture. Students may progress to sewing additional types of covers for re-upholstery, how to re-tie and tie springs, brace the frame and how to secure the webbing – all part of the upholstery process. Upon completion, students should understand techniques of upholstering small pieces of furniture. **Supplies:** Please bring the following tools the first day of class: tape measure, fabric scissors, needle-nosed pliers, wire cutters, upholstery nail remover, tack remover. **NOTE:** Students who have not sewn on the industrial machines will need to start with a small cushion, pillow, bench cushion or wingback chair in order to gain the basic skills. **Please bring your project to the first day of class and contact the instructor with questions before by calling (910) 494-5468.**

Instructor: Milagros Whitted

MOTORCYCLE

MOTORCYCLE: BASIC RIDER COURSE

Learn safe motorcycle riding under the direction of Motorcycle Safety Foundation (MSF) certified instructors. This beginning course is designed for riders with little or no experience. Based on extensive data, research, and field tests, this course combines classroom and on-bike experience to give overall understanding of motorcycling and prepares the student with basic riding skills. Motorcycles are provided. **Students will need DOT-approved helmet, gloves, eye protection, long-sleeved clothing, long pants, and sturdy, over-the-ankle, leather footwear.** You must be able to ride a bicycle and lift and keep the motorcycle upright. For registration and more information about this course, please visit www.LearnFTCC.com and search under the "Instructor Led" tab at the top of the screen. **BECAUSE CLASS SIZE IS LIMITED, PRE-REGISTRATION IS ENCOURAGED.** Students have the option to purchase \$2.00 accident insurance to cover class activities. Accident insurance can be purchased at the Neill Currie Continuing Education building on FTCC's Main Campus. Please call (910) 678-8488 for class availability; for all other questions please call (910) 678-8446. **NOTE: The North Carolina Motorcycle Safety Education Program requires 100% attendance. You must be in attendance and in your classroom seat at 5:30pm when the first class begins. Failure to be on time will result in your slot being denied and your registration fee forfeited.**

MOTORCYCLE REPAIR & MAINTENANCE

With the popularity of motorcycles and ATVs comes the opportunity to earn a living in motorcycle repair and maintenance. Maybe you already have some automotive repair experience and want to see if this is something that might interest you. During this hands-on class, emphasis will be placed upon two-and four-stroke engines, calibration and synchronization of carburetors, braking system safety and maintenance, what to do when the lights and power fails, repair of frame and suspension, and which oils are best at preventing damage. This course is also open to those who own a motorcycle or are considering buying one and want to learn how to do some of their own repair and maintenance. **NOTE: This class is 100% hands-on and held on location at The Cycle Shop, 104 S. 2nd St, Spring Lake. With questions, please contact Patrick Morrison at 910-497-3686.**

Instructor: Patrick Morrison

GUITAR (BEGINNING)

This is a course for the beginner who has never picked up a guitar or one who can only strum a few chords. You will learn to read basic chord forms, simple melody lines, and musical notations. You'll soon be playing chord accompaniments to popular folk, rock, and country songs. **NOTE:** This is a course for acoustic guitars only. **Supplies:** Students will need to provide their own acoustic guitar and music stand. Headphones are also recommended for audio exercises. **Textbook Requirement:** To be announced by instructor.

Instructor: Yanira Colon Lugo

W	5:30pm-8:30pm	Jan 25-Mar 15	Fee: \$85	24 hrs	91441	CEC 108
T	5:30pm-8:30pm	Apr 18-Jun 06	Fee: \$85	24 hrs	91571	CEC 108

GUITAR (LATE-BEGINNER) – NEW!

This course is for the advancing student who still needs to build confidence with the basics of guitar. The instructor will seek to provide specific feedback in areas of weakness so that students can reach an intermediate level of guitar proficiency. **NOTE:** This is a course for acoustic guitars only. **PREREQUISITE:** We recommend that students earn a passing grade in Guitar (Mid-Beginner) prior to taking this course. If you have some guitar experience, please feel free to call us at (910) 678-8309 to see if this class would be a good fit for you. **Supplies:** Students will need to provide their own acoustic guitar and music stand. Headphones are also recommended for audio exercises. **Textbook Requirement:** To be announced by instructor.

Instructor: Yanira Colon Lugo

T	5:30pm-8:30pm	Feb 28-Apr 04	Fee: \$75	18 hrs	91539	CEC 108
W	5:30pm-8:30pm	May 17-Jun 21	Fee: \$75	18 hrs	91566	CEC 108

GUITAR (MID-BEGINNER)

This course is for students who possess a basic knowledge of guitar fundamentals but still consider themselves to be beginners. Students will build on their knowledge of the open major, minor, and dominant 7th chords and play these chords in simple songs. They will also learn music fundamentals pertaining to guitar. **NOTE:** This is a course for acoustic guitars only. **PREREQUISITE:** We recommend that students earn a passing grade in Guitar (Beginning) prior to taking this course. If you have some guitar experience, please feel free to call us at (910) 678-8309 to see if this class would be a good fit for you. **Supplies:** Students will need to provide their own acoustic guitar and music stand. Headphones are also recommended for audio exercises. **Textbook Requirement:** To be announced by instructor.

HOW TO READ MUSIC

Do you have friends who play musical instruments and you want to get in on the fun? Or do you just want to expand your artistic knowledge? Join us and learn the basics of reading music. In this class you will learn about clefs, time signatures, types of notes, symbols and more! Join us and learn to read music!

Instructor: Yanira Colon Lugo

F	5:30pm-7:30pm	Feb 24-Mar 31	Fee: \$60	12 hrs	91584	CUH 366
---	---------------	---------------	-----------	--------	-------	---------

PIANO (EARLY BEGINNER)

The class is best suited for a beginner who knows nothing about music! However, any level student may attend this class and receive practice assistance. In this course, the student will learn simple rhythms, dynamics and begin the early steps of reading music from the staff. We will learn Penta Scales and begin the work of developing hand coordination. With the help of the instructor, students will write out goals and will receive mini one-on-one lessons while getting some good uninterrupted practice done! **Supplies:** All students need to bring a set of headphones. Keyboards are available in the classroom, but they only have 76 of the standard 88 keys, and the keys are very lightly weighted. Students have the option of bringing their own keyboards and x-stands. **Textbook Requirement:** *Adult Piano Adventures All-in-One Piano Course Book 1* by Faber & Faber.

Instructor: Sylvia Morris

M	6:00pm-9:00pm	Jan 23-Mar 13	Fee: \$85	24 hrs	91494	CUH 366

KNITTING & CROCHETING (BEGINNING/INTERMEDIATE)

This course is designed for individuals who have no experience in knitting or crocheting, or who have minimal skill levels. For those who are learning to knit, you will learn to cast-on, bind off, knit, purl, and increase and decrease stitches. For those who are learning to crochet, you will learn the basic stitches: slipstitch, chain stitch, single crochet, half-double crochet, double crochet, and treble crochet. Other stitches will be introduced as needed. You will learn to recognize symbols and read patterns. You will be able to make at least one item of your choice. **Supplies:** Supplies will be discussed on the first night of class.

QUILTING 101

Have you been thinking about starting to quilt, but don't know where to start? Well, then look no further than our Quilting 101 class! This introductory class will give you the knowledge and skills you need to be an experienced quilter! The amount of time and effort that goes into the creation of a quilt makes these crafts a priceless family heirloom that will be passed down from generation to generation. This class is tailored for first time quilters. Please take this class before the intermediate-level courses. **NOTE:** You may bring your own machine to class along with the manual, or you may use machines provided by FTCC. **Supplies:** Supply list and pattern will be given at first class meeting. Questions regarding this class? Please call us at (910) 678-8309.

Instructor: Irene Grimes

PERSONAL INTEREST/VOLUNTEER TRAINING

HOW TO HOMESTEAD

With the cost of living going up, the idea of "homesteading" to become more self-sufficient is turning into a popular topic! During this course the instructor will teach you what you need to do to raise crops and food to help cut costs and reduce trips to the Store. Key topics will include growing crops, raising farm animals, bee keeping, worm farming and how all of these things work together to make everyone more self-sufficient. Join Dennis as he teaches you the art of living the simpler life through self-sufficiency. **NOTE:** Students do not need to purchase any supplies for this course. With questions, please contact your instructor at johnsden@faytechcc.edu.

Instructor: Dennis Johnson

T	6:00pm-9:00pm	Feb 07-Mar 28	Fee: \$60	24 hrs	90810	HEC 109

OPIATE OVERDOSE FIRST RESPONDER

The United States makes up about 5% of the world's population, yet the US consumes approximately 80% of the world's opiate-based pain pills. With such high consumption, opiate abuse and addiction has become the most pervasive hidden epidemic in our culture. This workshop has been created to train families and friends of opiate users to respond to an overdose with Naloxone, a first-line medication that reverses the effects of opiates and saves lives. The participants in this course will learn about the history of opiate use in the US and locally, how to recognize opiate use and abuse, risk factors, and much more.

Instructor: Stephanie Dixon

M	5:30pm-7:00pm	Apr 17	Fee: \$10	1.5 hrs	91447	CEC 118

RAPE CRISIS SENSITIVITY TRAINING

This course is conducted by the Rape Crisis Volunteers of Cumberland County and is designed to increase awareness in the community of rape and its effects on the victim and society. You will learn special counseling techniques that are used to help rape victims. It will cover medical, law enforcement, and legal procedures, and will include a virtual tour of area hospitals. If you have any questions, please call the Rape Crisis Center at (910) 485-7273.

Instructor: Ze Surratt

ROADSIDE SURVIVAL

Two hundred million licensed motor vehicle drivers in the US expose themselves routinely to a significant risk while betting that they will not become stranded when they drive. Would you like to become one of the drivers who has the ability to help yourself if something were to happen? If so, come join Walt as he walks you through easy solutions to many issues that may befall you as a motor vehicle operator. His experience will help you learn how to address problems such as tire blowouts, overheated engines and dead batteries. One part of the class will be spent in the classroom learning theory, and another part of the class will be spent outside with your personal vehicle putting all you have learned into action!

Instructor: Walt Brinker

PHOTOGRAPHY

Photography is one of the most popular ways to express your creativity! Whether you enjoy capturing beautiful photos as a hobby or as a profession, our photography instructors have the experience and professional background to take you to the next level. You'll notice we offer a variety of classes that will introduce you to the basic functions of a camera, to editing the images you've captured, with tips on how to run a successful photography business. With questions regarding these classes, please call (910) 678-8431.

DIGITAL PHOTOGRAPHY FUNDAMENTALS

Would you like to have more control over your camera? Frustrated because you can't make your camera work for you? This course will expand your ability to use your DSLR (digital single lens reflex) camera. You will gain an understanding of photographic terms, expressions, and techniques. Instruction will include basic camera controls, setting your camera up for optimal quality, using your camera in a variety of situations, using various modes to capture photographs in various situations, and the use of manual controls. We also cover art and composition as well as equipment selection. **NOTE:** Not recommended for point-and-shoot cameras. You will need to bring your camera and owner's manual on the first night of class. If you have questions about the class, please email the instructor.

DIGITAL PHOTOGRAPHY (INTERMEDIATE)

Have you ever heard someone say, "You have an eye for photography"? This is a trait that you must have, but many who are interested in photography simply were not born with the skill of finding the perfect light or angle when taking a picture. In this class, you will be given instruction on how to look for that artistic angle and capture that very moment before it passes. **PRE-REQUISITE:** Digital Photography Fundamentals or equivalent experience. **Supplies:** You will need to bring your camera on the first class meeting. A digital single-lens reflex camera is recommended, but is not required.

Instructor: Tony Wooten

DISCOVER DIGITAL PHOTOGRAPHY

This course introduces the technology that has catapulted the photographic world into the 21st century. You will explore a broad overview of the basics of digital photography including equipment, software, and practical uses. We will discuss different types of digital cameras, from phones and tablets to digital SLRs, all of which offer a wide array of photographic options. We will also help you decide what type of equipment fits your needs, and you will have hands-on exercises so you can explore the areas that interest you. A discussion of digital photography would not be complete without digital editing options. We will explore a number of software packages, and you will learn how to compose your shots when you know you have digital editing available to you. You will also find out about your digital storage options—on the camera, the computer, and even beyond into cloud storage and online backups. Digital photography plays a big part in social media communication and image sharing, and we will discuss the basics of posting images online and some pros and cons of uploading to the Internet. Whether you are new to photography or a long-time photographer looking to move comfortably into the new world of digital work, this class provides opportunities for putting digital photography to use. This course serves as an excellent introduction before taking Secrets of Better Photography where we focus our time on camera settings, features, and the mechanics of taking better pictures. For more information including the fee amount, please visit www.LearnFTCC.com.

PRE-REGISTRATION IS DUE BY 5:00 P.M. ONE WEEK BEFORE THE CLASS START DATE.

YOGA (BEGINNING)

Yoga has been recognized medically for the many benefits that it promotes. It is often recommended by various medical treatments to supplement medical conditions such as depression, combat stress-related conditions, arthritis, diabetes and many more. Yoga, with its gentle movements, will enhance health by strengthening your body and improving oxygen flow, promoting a healthy mind, body, and spirit. Each lesson includes deep breathing and movement exercises that can be modified to accommodate any fitness level and medical needs. Yoga provides a unique, individual experience that will develop flexibility and stamina, increase awareness that will help you identify stress and coping strategies, improve balance and concentration, and promote a more healthful lifestyle. **NOTE:** Please wear comfortable clothing, socks, and bring your yoga mat, towel, and water.

SPECIAL INSTRUCTIONS:

• Pre-Registration is Required!

You may register for Corporate & Continuing Education classes on a first-come, first-served basis. Please register well before the beginning date of your class. We encourage students to pre-register a week before the start date (applies to all methods of registration). If you wait, your class may either be full or canceled due to low enrollment.

• **Payment Options:** We accept Visa, MasterCard, Discover, cash, money orders, and in-state checks (check writer must reside in North Carolina). Make checks payable to FTCC, including a pre-printed in-state address and your driver's license number on the check.

• **Active-duty Military Personnel** using mail-in registration for courses marked by an asterisk (*) will show military unit rather than home address.

• **Register for online programs** through walk-in registration or at www.LearnFTCC.com.

FEES:

• Registration fees for Corporate & Continuing Education courses vary with the type of course. Note: fees are subject to change. See course listings and contact the program for current fees.

• All personal interest classes are self-supporting; no fee-exemptions apply.

• Students are responsible for buying books, supplies, and kits.

• Students may purchase accident insurance to cover class activities at the CE Records & Registration Office, located in the Neill Currie Building #218, 2201 Hull Road.

POLICIES:

• Admission is open to anyone 16 years of age or older (Additional requirements for College and Career Readiness and other select programs).

• FTCC does not practice nor condone discrimination, in any form, on the basis of race, color, national origin, religion, sex, age, handicap, or political affiliation.

• FTCC reserves the right to cancel any class due to insufficient enrollment, inadequate facilities, or if qualified instructors are not available.

• CE classes are not offered for college credit and are non-transferable to Curriculum programs leading to associates degrees, diplomas, or certificates unless stated otherwise. CEUs (Cont. Edu. Units) may be awarded for successful completion of specific courses at the rate of one CEU for each ten hours of class participation.

ONLINE REGISTRATION

Search and register for select classes within minutes using our simple online registration process! Pay with your VISA or MASTERCARD. Check course listings within this catalog for the  symbol to register online.

→ Visit www.faytechcc.edu

→ Scroll to the bottom and click on WebAdvisor

→ Choose "Continuing Education"

→ Enter a search word from the course title

WALK-IN REGISTRATION
