Corporate & Continuing Education

WELCOME FROM THE PRESIDENT

Thank you for your interest in summer classes at Fayetteville Technical Community College!

Enrolling in summer classes at FTCC is a wise use of time to enhance a resume, gain skills and knowledge for a new career, or simply pursue a fun hobby or special interest. The broad selection of diverse classes described within this document demonstrates how Fayetteville Technical Community College has something for everyone and provides unique educational opportunities to explore, each led by creative, talented faculty members.

With so much variety, convenience, and affordable options, FTCC truly is the smart choice for education! Enjoy your explorations this summer, and thank you for choosing your community college!

Sincerely,

Dr. J. Larry Keen, President

Additional Information

HOW TO REGISTER

3 Ways to Register:

Online

Walk-In

Mail-In

Online registration is available for select classes marked with the  symbol. See *additional instructions on page 67*.

PRE-REGISTRATION IS REQUIRED!

- You may register for Corporate & Continuing Education classes on a first-come, first-served basis. Please register well before the beginning date of your class. We require pre-registrations to be in a week before the start date (applies to all methods of registration). If you wait, your class may either be full or canceled due to low enrollment.

IF YOU REGISTER ONLINE, please update your contact information so that we may provide you with updates or changes (to include cancellations) regarding your classes. Go to <http://forms2.faytechcc.edu/cced-online/> to update your information. The form is available in the WebAdvisor Online Registration process.

REFUNDS

- The refund policy for Fayetteville Technical Community College's Corporate & Continuing Education Division was established by the North Carolina Department of Community Colleges in Raleigh on October 15, 1993 and updated April 1, 2020. The full refund policy is listed in the State Board of Community Colleges Code 1E SBCCC 900.2 with a brief statement of the policy made available on the FTCC website.
Please view the policy by visiting: www.faytechcc.edu/corporate-continuing-education/
 - Choose 'How to Register'
 - The refund policy is listed under 'Registration Instructions'.

GENERAL INFORMATION

- PARKING:** Students enrolled in Corporate & Continuing Education classes will need a temporary parking decal to park on the **Fayetteville campus**. These temporary passes are free to current students, and are available from the Registration and Records Office in the Neill Currie Building. The pass should be placed on the dashboard of the vehicle. Designated parking for students includes spaces with white lines. If you register online, please request a pass from the Registration and Records Office in the Neill Currie Building.
- COURSE START DATES:** Corporate & Continuing Education classes begin in different weeks and months. Check start dates to be sure you won't miss a course.
- NOTE:** Only current FTCC registered students are permitted into the classrooms, and small children are not to sit in on classes, labs, or in the libraries. Minors are not to be left unattended anywhere on campus.
- COVID-19 PRECAUTIONS:** Due to the impacts of COVID-19, all students and employees are required to wear a face covering on campus. This rule will remain in effect until further notice. Please view the FTCC website for updated precautions.

DISABILITY SUPPORT SERVICES

Any student wishing to request academic accommodations due to a disability must make their request to the Office of Disability Support Services. Requests for accommodations may be made at anytime, but requests made at least two weeks before the beginning of any class are appreciated. Disability Support Services for continuing education classes can be reached at (910) 678-8479.

INDUSTRY STANDARD PHYSICAL REQUIREMENTS

Some classes may require that students perform physical activity in class in order to meet the objectives of the course. None of these requirements will exceed industry standards. Please contact the program coordinator associated with your program by calling 910-678-8432 to determine what physical requirements may apply to the program in which you are interested.

SOUTHERN ASSOCIATION OF COLLEGES AND SCHOOLS ON COLLEGES

Fayetteville Technical Community College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate degrees, diplomas, and certificates. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Fayetteville Technical Community College.

POLICY ON THE NOTICE OF THE ANNUAL SECURITY REPORT AVAILABILITY

Fayetteville Technical Community College's annual security report is available on the FTCC website. This report is required by federal law and contains policy statements and crime statistics for the College. The policy statement addresses the school's policies, procedures and programs concerning safety and security, for example, policies for responding to emergency situations and sexual offenses. Three years' worth of statistics are included for certain types of crimes that were reported and occurred on College property, in or on off-campus buildings or property owned or controlled by the College and on public property immediately adjacent to one of the campuses. This report is available online at <https://www.faytechcc.edu/campus-offices-public-safety-security/>. This Annual Security Report can also be accessed by clicking on the Campus Safety and Security link under "Quick Links" at the FTCC Webpage or go to the www.faytechcc.edu click on Security at the bottom of the page, then click on the Annual Campus Crime Report. You may also request a paper copy from the Public Safety & Security Department located in the General Classroom Building, Room 102.

CAREER/ JOB TRAINING

The courses included in this section will provide you with training to upgrade your work skills or qualifications and assist you in preparing for a new career.

SARA indicates this training program prepares students for an industry credential. See FTCC website for details.

AUTOMOTIVE/MOTORCYCLE

AUTO DEALER'S 12-HOUR PRE-LICENSING COURSE – FACE-TO-FACE **SARA**

This course provides prospective auto dealers with the 12 hours of authorized pre-licensing training required by the Department of Motor Vehicles to be licensed as a North Carolina independent auto dealer. Topics include dealer laws and regulations, DMV regulations, federal laws and rules, and proper recordkeeping. **NOTE: Course workbook is included in the registration fee. This is a self-supporting course; fee-exempt status does not apply.** When registering, please check that your name is spelled correctly and matches your ID. For more information, please call (910) 678-8309.

Instructor: Dennis Mauk

M,T	8:30am-3:30pm	Jun 28-Jun 29	Fee: \$175	12 hrs	91318	CEC 118
T,W	8:30am-3:30pm	Aug 10-Aug 11	Fee: \$175	12 hrs	91319	CEC 118

Due to the impact of COVID-19, these classes may change from traditional to a hybrid or online setting. The Corporate and Continuing Education Division will make contact with all students registered for these courses one week prior if the course format changes.

AUTO DEALER'S 12-HOUR PRE-LICENSING COURSE – ONLINE **SARA**

This course provides prospective auto dealers with the 12 hours of authorized pre-licensing training required by the Department of Motor Vehicles to be licensed as a North Carolina independent auto dealer. Topics include dealer laws and regulations, DMV regulations, federal laws and rules, and proper recordkeeping. **NOTE: Course workbook is included in the registration fee. This is a self-supporting course; fee-exempt status does not apply.** To register for this course, please visit www.LearnFTCC.com. **PRE-REGISTRATION IS DUE BY 5:00 PM ONE WEEK BEFORE THE CLASS START DATE.** When registering, please check that your name is spelled correctly and matches your ID. For more information, please call (910) 678-8309.

Instructor: Dennis Mauk

M-W	5:30pm-9:30pm	Apr 12-Apr 14	Fee: \$175	12 hrs	91292	online
-----	---------------	---------------	------------	--------	-------	--------

AUTO DEALER'S RENEWAL TRAINING – FACE-TO-FACE

All auto dealers (under the age of 65) are required to attend this training in order to renew their license. The law requires that the person whose name is on your auto dealer's license must attend this training, although it would be helpful for anyone working in independent auto sales to attend. Failure to attend and complete this six-hour requirement will result in a revocation of your dealer license. The intent of this training is to provide annual updates to all independent dealers on contemporary issues. At the conclusion of this class, you will receive a certificate of completion. **NOTE: Course workbook is included in the registration fee. This is a self-supporting course; fee-exempt status does not apply.** When registering, please check that your name is spelled correctly and matches your ID. For more information, please call (910) 678-8309.

Instructor: Dennis Mauk

LOAD ESCORT VEHICLE OPERATOR CERTIFICATION

The North Carolina Department of Transportation requires that certified vehicle escort drivers accompany the movement of oversize/overweight loads on the NC highway system. To become certified, you must meet the following requirements: 1) certified by another state's approved program, or 2) a North Carolina law enforcement officer, or 3) a person who meets one of the following requirements: a) at least 21 years of age, or b) at least 18 years of age with a Class A commercial driver's license; 4) possesses a valid driver's license without restrictions other than for use of corrective lenses and has a driving history without conviction of driving while impaired or reckless driving in the previous 12 months; 5) has successfully completed an NCDOT oversize-overweight escort vehicle operator course with certification exam score of at least 75 percent (75%) correct and has received consequent certification by the Department. Certification is valid for four years. Complete information is available at: www.ncdot.org/~osowpermits or by calling 1-888-221-8166. **This is a self-supporting course; fee-exempt status does not apply. PRE-REGISTRATION IS REQUIRED. For more information call (910) 678-8494.**

Instructor: Ronald Starling

F	8:00am-5:00pm	Jun 11	Fee: \$70	8 hrs	61095	CBI 111
F	8:00am-5:00pm	Aug 13	Fee: \$70	8 hrs	61096	CBI 111

Due to the impact of COVID-19, these classes may change from traditional to a hybrid or online setting. The Corporate and Continuing Education Division will make contact with all students registered for these courses one week prior if the course format changes.

LOAD ESCORT VEHICLE OPERATOR RECERTIFICATION

This course has been designed for those seeking renewal of their NC Load Escort Vehicle Operator's Permit. The NCDOT requires that operators be certified every four years. Vehicle escort drivers accompany the movement of oversize/overweight loads over the North Carolina highway system. This course meets the NCDOT requirement for permit renewal certification. **This is a self-supporting course; fee-exempt status does not apply. PRE-REGISTRATION IS REQUIRED. For more information please call (910) 678-8494.**

MOTORCYCLE REPAIR & MAINTENANCE

With the popularity of motorcycles and ATVs comes the opportunity to earn a living in motorcycle repair and maintenance. Maybe you already have some automotive repair experience and want to see if this is something that might interest you. During this hands-on class, emphasis will be placed upon two-and four-stroke engines, calibration and synchronization of carburetors, braking system safety and maintenance, what to do when the lights and power fails, repair of frame and suspension, and which oils are best at preventing damage. This course is also open to those who own a motorcycle or are considering buying one and want to learn how to do some of their own repair and maintenance. **NOTE: This class is 100% hands-on and held on location at The Cycle Shop. With questions, please contact Patrick Morrison at 910-497-3686 or email cycleshop104@gmail.com.**

Instructor: Patrick Morrison

SMALL GAS ENGINE REPAIR

Have you ever wanted to learn how to service and repair various types of engines? In this class you will learn the basics and some intermediate level repairs from lawn mowers to two-and four-cylinder engines. This is an excellent course for those training to work in the small engine mechanic industry. **Supplies:** You may need to purchase basic hand tools if you do not have what is necessary at home. A list of tools will be provided the first day. **PRE-REGISTRATION IS REQUIRED. For more information please call (910) 678-8494.**

COLLISION REPAIR & REFINISHING TECHNOLOGY

AUTOMOTIVE RESTORATION & PANEL REPAIR TRAINING

The course is designed to provide training for the hobbyist or DIY individuals interested in methods, techniques and tools used for restoring older vehicles and fabricating repair panels to repair rusted body parts. Training will include the use of state-of-the-art equipment used by the automotive collision industry in repair of damaged and rusted body parts as well as historical methods of repair used to restore older vehicles. This course will cover instruction in the areas of methods of repairs, usage of tools and materials of the trade. Practical exercises will support and reinforce lecture topics. The student will learn to repair panels using the proper methods and techniques as well as determining whether to repair or replace a panel based on the extent of damage. No refinishing will be done in this class. **NOTE:** Students will be responsible for Personal Protection Equipment (PPE) including safety glasses, mechanic's gloves, and appropriate clothing and footwear. Students will also need to bring their own hand tools such as wrenches, screwdrivers, sockets, etc. FTCC will provide all specialty tools for the course including hammers and dollies.

Instructor: Joshua Armour

T,Th	6:00pm-10:00pm	Apr 13-May 13	Fee: \$150	40 hrs	62711	CUSF 109
T,Th	6:00pm-10:00pm	Jun 08-Jul 08	Fee: \$150	40 hrs	62713	CUSF 109
T,Th	6:00pm-10:00pm	Jul 20-Aug 19	Fee: \$150	40 hrs	62714	CUSF 109

ESTIMATING, INSURANCE, AND BODY SHOP BUSINESS

The course was designed to meet the increasing need for trained personnel with these skills. This course will provide training for auto insurance estimators and Collision Repair shop front office staff in the areas of damaged vehicles. Topic areas will include vehicle inspection, accessing repair costs, training in the latest auto body repair technology and trends as well as understanding of the auto insurance policy and North Carolina Motor Vehicle Repair Act, Article 15B. Students will be trained in all facets of collision estimating and practical exercises will supplement all lecture material. **NOTE:** Student will be responsible for Personal Protection Equipment (PPE) including safety glasses.

Instructor: Doug Irish

M,W	6:00pm-10:00pm	Apr 12-May 12	Fee \$150	40 hrs	62708	CUSF 106
-----	----------------	---------------	-----------	--------	-------	----------

NON-STRUCTURAL ALUMINUM WELDING FOR AUTOBODY REPAIR TRAINING

The course is designed to provide training for auto body technicians in all facets of non-structural aluminum welding repairs for automotive repair. Training will include the use of state-of-the-art welding equipment used by the collision industry in the repair of damaged aluminum panels. This course will offer instruction in the areas of damage assessment, method of repairs, and usage of tools and materials of the trade. Practical exercises will support and reinforce lecture topics. The student will learn to repair Aluminum non-structural panels and determine whether to repair or replace a panel based on the extent of damage. **NOTE:** Students will be responsible for Personal Protection Equipment (PPE) including safety glasses and welding respirator.

Instructor: Matthew Conley

M,W	6:00pm-10:00pm	Apr 12-May 12	Fee \$150	40 hrs	62709	CUSL 111
-----	----------------	---------------	-----------	--------	-------	----------

NON-STRUCTURAL STEEL WELDING FOR AUTOBODY REPAIR TRAINING

The course is designed to provide training for auto body technicians in all facets of non-structural welding repairs for automotive repair. Training will include the use of state-of-the-art welding equipment used by the collision industry in repair of damaged steel panels. This course will offer instruction in the areas of damage assessment, method of repairs, and usage of tools and materials of the trade. Practical exercises will support and reinforce lecture topics. The student will learn to repair steel non-structural panels and determine whether to repair or replace panels based on the extent of damage. **NOTE:** Students will be responsible for Personal Protection Equipment (PPE) including safety glasses and welding respirator.

Instructor: Joshua Armour

-----	----------------	---------------	-----------	--------	-------	----------

NON-STRUCTURAL STEEL WELDING FOR FABRICATION

This course is designed to provide training for general knowledge and practice. The student will learn the methods and techniques of welding steel including 22 gauge – 1/8 structural steel. Students will also learn to weld tubing of different thicknesses. This course is ideal for the “do it yourself” person with an interest in welding. This is a general knowledge and practice program and will not focus on automotive but all principles and will apply to those hoping to learn more about welding for restoration projects. This course will cover instruction in the areas of method of repairs and usage of tools and materials of the trade. Practical exercises will support and reinforce lecture topics. The student will learn to repair steel sheet metal and steel round tubing.

Instructor: Matthew Conley

M-Th	6:00pm-10:00pm	Apr 12-Apr 15	Fee \$150	16 hrs	62712	CUSL 112

DRONE TRAINING, PART I – HYBRID

Unmanned Aircraft Systems (UAS) are commonly known as Drones, and these flying systems are flown without a human pilot aboard. However, a properly trained human operator is still required. During this course, students will gain the knowledge needed to pass the FAA Knowledge Test for UAS Operators. The topics of this course include aerospace history, weather, navigation, instruments, preflight planning, computer and wind triangles, regulations, radio communications, the aviation field and procedures necessary to become a safe private pilot and/or drone pilot. **NOTE:** This class will meet face-to-face on the first and last day of class. The remainder of the class will be held online. **With questions, please contact your instructor at johnsden@faytechcc.edu.**

Instructor: Dennis Johnson

M	5:30pm-8:30pm	May 10-Jul 12	Fee: \$70	24 hrs	90977	EDC 16
Sat	9:00am-12:00N	Jul 17-Sep 11	Fee: \$70	24 hrs	90976	EDC 16

DRONE TRAINING, PART II

Continue your drone training in this course to increase your knowledge to pass the FAA Knowledge Test for UAS Operators or brush up on skills and knowledge. Emphasis will be placed upon flight training of drones, aerospace history, weather, navigation, instruments, pre-flight planning, computer and wind triangles, regulations, radio communications, the aviation field and procedures necessary to become a safe private pilot and/or drone pilot. **Supplies:** You will need to bring your own drone to class. **With questions, please contact your instructor at johnsden@faytechcc.edu.**

Instructor: Dennis Johnson

M,W	5:30pm-8:30pm	Jul 19-Aug 11	Fee: \$70	24 hrs	90978	EDC 16
-----	---------------	---------------	-----------	--------	-------	--------

SMALL UNMANNED AERIAL SYSTEMS FOR PUBLIC SAFETY

This course will provide public agency representatives the needed information on how to develop and leverage a UAS program for enhancing their public service. During the course students will also learn what authority they have when responding to unauthorized or unsafe drone operations. An intermediate level of UAS piloting proficiency will be demonstrated through a course ending hands-on practical exam. Upon course completion students will be prepared to take the Federal Aviation Administration Part 107 Certification Exam. **NOTE:** This course is intended for public safety personnel and these professionals may qualify for a course fee waiver. *Class size is limited to 12 students. **Textbook Requirement:** Remote Pilot Test Prep 2020 (Test Prep Series). **With questions, please contact your instructor at johnsden@faytechcc.edu.**

Instructor: Dennis Johnson

F,Sat	8:00am-4:30pm	May 07-May 14	Fee: \$70	24 hrs	90890	EDC 16
-------	---------------	---------------	-----------	--------	-------	--------

UAV ENGINEERING AND MAINTENANCE

This course introduces students to the scientific principles associated with both the design and build phases of small unmanned aerial vehicles (UAV). Students will be familiarized with the parts and components that make up UAV's. Following schematics students will connect all electrical components while developing an understanding of how everything works together to produce an aerial vehicle. Students will learn how to register their UAV online through Federal Aviation Administration (FAA) Drone Zone. This course ends with an overview of the current FAA UAV maintenance rules and regulations. **NOTE:** Class size is limited to 16 students. **Supplies:** Students will need to bring basic hand tools. A list will be provided at registration. **With questions, please contact your instructor at johnsden@faytechcc.edu.**

Instructor: Dennis Johnson

BUILDING/CONSTRUCTION

ELECTRICAL – BASIC ELECTRICAL WIRING (RESIDENTIAL)

This course will provide an overview of electrical wiring techniques and is suitable for students with no prior knowledge of electrical theory or installation. While electrical fundamentals such as Ohm's law will be examined, emphasis will be placed on the design and installation of residential electrical systems. Topics will include an overview of home electrical systems, circuit design, electrical tools and test equipment, cable and wire types, calculation of circuit capacity, mapping and tracing circuits, troubleshooting, and electrical inspections. ***This course provides hands-on training. PRE-REGISTRATION IS REQUIRED. For more information please call (910) 678-8494.***

Instructor: Eddie Evans

T,Th	6:00pm-9:00pm	May 25-Jun 17	Fee: \$70	24 hrs	61112	CBI 124

BUSINESS

A TO Z GRANTWRITING – ONLINE

A to Z Grant Writing is an invigorating and informative course that will equip you with the skills and tools you need to enter the exciting field of grant writing! You will learn how to raise needed funds by discovering how and where to look for potential funders who are a good match for your organization. You will also learn how to network and develop true partnerships with a variety of funders, how to organize a successful grant-writing campaign, and how to put together a complete proposal package. This course speaks mainly to nonprofit organizations, schools, religious institutions, and municipalities seeking grants from foundation, corporate, government, and individual donors. It is also an excellent primer for individuals wishing to become grant-writing consultants or community grant-writing volunteers. No matter who you are or what level of experience you have, you will find the A's to Z's of writing and submitting successful proposals here! For more information including the fee amount, please visit www.LearnFTCC.com. **PRE-REGISTRATION IS DUE BY 5:00 P.M. ONE WEEK BEFORE THE CLASS START DATE.**

FUNDAMENTALS OF SUPERVISION AND MANAGEMENT – ONLINE

If you have recently been promoted to a supervisory or management position or want to learn how to become a more effective manager, this course will help you master the basics of business by learning the language of management. You will learn how to make a successful transition from employee to manager and you will learn how to manage your time so that you can deal with the constant demands of a managerial job. You will learn the skills required to delegate responsibility and motivate your employees. A large part of a manager's job involves getting things done through other people, and this course will help you understand how to influence and direct other people's performance. Finally, you will learn how to solve problems and resolve conflicts so you can accomplish your job more effectively. This program/course is a good choice for those looking for project management experience and those aspiring to obtain a PMI credential. It is also an excellent choice for existing PMI credential holders looking for an approved activity for PMI's continuing certification PDUs. For more information including the fee amount, please visit www.LearnFTCC.com. **PRE-REGISTRATION IS DUE BY 5:00 P.M. ONE WEEK BEFORE THE CLASS START DATE.**

PROPERTY MANAGEMENT

Property management is a well-respected profession that can be quite profitable. Whether you are interested in residential or commercial property management, you will find many different types of jobs available. Instruction will include an overview of property management, the manager-owner relationship, leases and tenant relations, managing residential property, managing commercial property, legal issues in property management, as well as marketing your management services. This information will also be helpful to those interested in managing their own property investments. **NOTE:** This does not qualify as a real estate license course.

Instructor: Lena Hutton

Sat	9:00am-1:00pm	Jul 10-Aug 14	Fee: \$70	24 hrs	90001	CEC 118
-----	---------------	---------------	-----------	--------	-------	---------

TENANTS AND LANDLORDS

This workshop is designed to answer the questions you've always wanted to ask about leasing and/or renting property. It will help both tenants and landlords understand leases and their rights under NC Statute 42. You will better understand when the landlord can enter the property without the renter's/lessor's permission, how to handle requests for repairs, and what a "timely manner" for repairs is considered. Learn what can and cannot be done with a security deposit and if it comes to it, how small claims court can assist both tenants and landlords. **NOTE:** This does not qualify as a real estate license course. *This is a self-supporting course; fee-exempt status does not apply.*

Instructor: Lena Hutton

CREATING WEB PAGES – ONLINE

Create and post your very own Web site on the Internet using HTML in this extensive, hands-on, eight-week workshop. First, you will learn about the capabilities of the World Wide Web and the fundamentals of web design. Then, with your instructor's patient guidance, you will plan the content, structure, and layout of your Web site, create pages full of neatly formatted text, build links between the pages and to the outside world, and add color, backgrounds, graphics, and tables. You will also learn critical and timely information on securing the best possible location in search engine listings and powerful no-cost or low-cost web marketing strategies. For more information including the fee amount, please visit www.LearnFTCC.com. **PRE-REGISTRATION IS DUE BY 5:00 P.M. ONE WEEK BEFORE THE CLASS START DATE.**

NETWORKING (INTRODUCTION) – ONLINE

Introduction to Networking explains computer networking basics in terms that you can easily understand using concepts common to everyday, non-computing experience. A brief introduction to networking history provides context and explains how networks have become so important to businesses and individuals. The course emphasizes networking fundamentals, which explains the software and hardware that makes networking possible. The course stresses understanding how and why networks work rather than focusing on memorization of terms or numbers. Upon completion of the course, you will be capable of performing basic computer networking tasks such as DSL connectivity or configuring connections to an Internet Service Provider (ISR). This course will give you the foundation you need to begin training for CCNA certification or employment in a computer networking career. For more information including the fee amount, please visit www.LearnFTCC.com. **PRE-REGISTRATION IS DUE BY 5:00 P.M. ONE WEEK BEFORE THE CLASS START DATE.**

COMPTIA COMPUTER TECHNICIAN SUPPORT PROGRAMS

A+ CERTIFICATION: HARDWARE (BASIC) – ONLINE **SARA**

(First course in the online series)

Time to roll up those sleeves and dive inside the personal computer! This basic CompTIA A+ certification preparation course teaches you about the hardware common to virtually every personal computer, including microprocessors, RAM, power supplies, motherboards, BIOS, CMOS, the expansion bus, and input/output devices. You will learn how things work, how to configure everything, and how to troubleshoot in real world environments. This course gives you the knowledge upon which you will base the rest of your CompTIA A+ certification studies. Plus, this course helps you take that first step to becoming an excellent PC technician. So what are you waiting for? **REQUIREMENTS:** a PC that you can take apart and put back together again. This can be anything from an ancient Intel 286 to a newer 486 or beyond. Because of the dangers of electro-static discharge (to the machine, not the student), we do not require you to tear apart your own primary computer. For more information including the fee amount, please visit www.LearnFTCC.com. **PRE-REGISTRATION IS DUE BY 5:00 P.M. ONE WEEK BEFORE THE CLASS START DATE.**

BECOME A PHYSICAL THERAPY AIDE – ONLINE

Prepare for a rewarding career as a valued member of the physical therapy (PT) team while learning all about the human body, specific disorders, and the way physical therapists (PTs) treat these disorders. We will begin by exploring the history of physical therapy and the relationships between physical therapists, physical therapist assistants, and physical therapy aides. You will receive training on how to communicate effectively with other health care professionals and patients. You will come to understand medical terminology and anatomy and physiology used in the field of physical therapy, the medical documentation that physical therapists use, and the principles of ethics and laws that affect the PT aide. Along with infection control, you will also learn proper body mechanics and how to safely move patients. We will also cover how to help patients walk with assistive devices like walkers, crutches, and canes. Furthermore, you will learn when PTs use physical agents like heat, cold, ultrasound, and electricity. By the time you finish this eight-week course, you will have gained valuable knowledge and be well on your way to becoming an important member of the physical therapy team! For more information including the fee amount, please visit www.LearnFTCC.com. **PRE-REGISTRATION IS DUE BY 5:00 P.M. ONE WEEK BEFORE THE CLASS START DATE.**

BECOME AN OPTICAL ASSISTANT – ONLINE

If you think you would like to become an optical assistant, this is the course for you! We will take a comprehensive look into the diverse world of optical assisting, and you will see why optometry is such an interesting field and how rewarding it can be to help people solve their vision problems. We will cover optical assisting in private practice, healthcare clinics, the military, teaching facilities, and in retail sales. You will discover the personal and professional skills needed to work in a front and back office and in an optical dispensary and lab. You will become familiar with all the things optical assistants must know about frames, styles, lenses, contact lenses, and working with people. You will also discover how our amazing eyes work and come to understand some common eye conditions. In addition, we will delve into specialty areas that optical assistants can work in such as refractive surgery centers, low vision clinics, and vision training practices. And finally, we will cover how to become certified and licensed, which will open up even more opportunities for you! FTCC ONLINE MEDICAL ICD-10 CODING, PART I **SARA**

This course is the first course in a two-part, instructor-led program that prepares students to work as medical coders in a physician's office or hospital setting. Medical coders utilize medical records and patient charts to find diagnostic and procedural information that can be put into numerical codes and used by insurance companies and third-party payers for payment. This specific course provides an introduction to the medical coding industry and explores topics such as medical terminology, anatomy, physiology, pathophysiology, medical records, medical ethics, ICD-10 coding, and more! Topics covered in this course provide foundational knowledge used in the everyday job duties of medical coding professionals. Throughout the course, students will have a structured, online learning environment and access to an instructor who is certified through AAPC and currently works in the field of medical coding. For more information about this course and its requirements, please visit www.LearnFTCC.com. **NOTE:** The course textbook will be an e-book accessed through FTCC's library. **PRE-REGISTRATION IS REQUIRED BY 5:00 P.M. ONE WEEK BEFORE THE CLASS START DATE.**

MEDICAL ICD-10 CODING PART I-HYBRID

Whether the student is new to medical coding or transitioning from ICD-9-CM to ICD-10-CM/PCS, this course helps prepare the student to code accurately and effectively using the ICD-10-CM/PCS code set with a complete understanding of relevant medical terminology and anatomy. The course will help the student by making unfamiliar medical language more approachable, and carefully sequenced medical terminology lessons help the student to understand the vastly increased anatomy necessary for accurate coding, including the locations of hundreds of arteries, muscles, nerves, and other anatomy. Students are responsible for the cost of the textbooks. This course is hybrid and students are required to complete a portion of the class online through Blackboard weekly. To register for this class please visit www.LearnFTCC.com. **This course is hybrid and students are required to complete a portion of the class online through Blackboard weekly. For more information please call (910) 678-0032.**

PHLEBOTOMY – HYBRID

This course prepares the student to draw blood specimens from patients for the purpose of testing and analyzing blood. The job of a phlebotomist includes maintenance of equipment used in obtaining blood specimens, the use of appropriate communication skills when working with patients, the selection of venipuncture sites, the care of blood specimens, the entry of the testing process into the computer, as

well as clerical duties associated with record keeping of the blood tests. The course consists of theory and clinical experience in performing blood collections. Emphasis is placed on safety and proper selection of collection sites and the care of the collected specimen. Upon successful completion of this program, the student should be prepared to take the National Phlebotomy Certification Examination. The course requires the student to comply with FTCC's Immunization policy. Please note that some clinical facilities also require a criminal background check prior to attending clinical rotation. If a student cannot meet the criminal background check requirements, he or she will not be able to complete the program and will be dismissed from the course without a refund. This course is Hybrid (Blended) which requires students to attend course on certain dates and complete online assignment utilizing Blackboard platform. Clinical will be required during this course and students can expect to attend additional dates to meet this requirement. **An insurance fee of \$14.50 is due prior to entering the clinical site. Textbook Requirement: The Phlebotomy Textbook, 3rd Edition. Photocopies of the following are required: Picture ID, high school credentials, and CPR card (must be the American Heart Association's Healthcare Provider CPR card and cannot expire during class dates). For list of requirements and information, please call (910) 486-3923 or email us at healthprograms@faytechcc.edu. Pre-Registration is required.**

PROFESSIONAL MEDICAL CODING & BILLING, PART I – ONLINE **SARA**

This course is the first course in a two-part, AHIMA-approved program that prepares students for the Certified Coding Associate (CCA) and Certified Professional Coder (CPC) certification exams. Medical coding is the process of assigning formal, standardized codes to diagnoses and procedures performed or identified by physicians. Medical coders utilize medical records and patient charts to find diagnostic and procedural information that can be put into numerical codes and used by insurance companies and third-party payers for payment. The Professional Medical Coding and Billing Part I course helps students learn medical terminology, anatomy and physiology, pharmacology, healthcare information management, healthcare delivery systems, reimbursement methodologies, and ICD-10 coding. Topics explored in this course are important as they prepare students for learning the remaining elements of ICD-10 coding, which will be covered in the Online Professional Medical Coding and Billing Part II course. Reference books are included in this course. For more information about this course and its requirements, please visit www.LearnFTCC.com. **PRE-REGISTRATION IS REQUIRED BY 5:00 P.M. ONE WEEK BEFORE THE CLASS START DATE.**

SERVSAFE FOOD SAFETY TRAINING **SARA**

The restaurant and food service industry’s pre-eminent food safety training, the ServSafe program is recognized and accepted by more federal, state, and local jurisdictions than any other food safety program. It prepares the industry to prevent food-borne illness, reduce liability risks, lower insurance costs, and improve food quality. Effective training means your entire operation will be more efficient, profitable, and have a better understanding of health department inspections. ***ALL Food establishments are required by law to have a certified food protection manager (CFPM) at the food establishment during all hours of operation per section 2-102.12 of the NC Food Code. In order to meet this, an ANSI accredited program must be taken. Textbook Requirement: ServSafe Course Book with Online Exam Voucher.**

Due to the impact of COVID-19, these classes may change from traditional to a hybrid or online setting. The Corporate and Continuing Education Division will make contact with all students registered for these courses one week prior if the course format changes.

SIGN LANGUAGE TRAINING

SIGN LANGUAGE I

Sign language bridges the gap between those who can hear and those who cannot. Many of you have had the experience of seeing a deaf person signing and were amazed. You then think to yourself, it would be wonderful if you could communicate with the hearing impaired. Here is your chance. Our dynamic instructors will introduce you to the process and basic structure of American Sign Language (ASL) to provide a basic understanding of, and ability to use, the language.

Instructor: Sarah Gonzalez

T	6:00pm-9:00pm	Jun 01-Jul 20	Fee: \$70	24 hrs	90982	HTC 151
---	---------------	---------------	-----------	--------	-------	---------

Instructor: TBA

Sat	9:00am-1:00pm	Jul 24-Aug 28	Fee: \$70	24 hrs	90981	HTC 151
-----	---------------	---------------	-----------	--------	-------	---------

SIGN LANGUAGE II

In this course, you will continue the study of the process of signing, the basic structure of American Sign Language (ASL) and be provided with an in-depth understanding of the language. You will also work on increasing your ability to use the language more fluently, building on your receptive and expressive skills. **PREREQUISITE:** Sign Language I or equivalent experience.

Instructor: Sarah Gonzalez

T	6:00pm-9:00pm	Jul 27-Sep 14	Fee: \$70	24 hrs	90983	HTC 151
---	---------------	---------------	-----------	--------	-------	---------

Instructor: Garris Egbert

Sat	9:00am-2:00pm	Apr 24-May 22	Fee: \$70	24 hrs	90851	HTC 141
-----	---------------	---------------	-----------	--------	-------	---------

SIGN LANGUAGE III

This course is for the intermediate student with ASL structure and grammar introduced for the development of receptive signing skills. This introduction to interpreting methods and ethics will prepare you for advanced study in sign language. **PREREQUISITE:** Sign Language I and II or equivalent experience.

Instructor: TBA

Sat	9:00am-1:00pm	Jun 05-Jul 17	Fee: \$70	24 hrs	90984	HTC 151

CUMBERLAND GROW INITIATIVE

Contact Marvin Price today to get started!
(910) 678 - 9799 Office
pricem@faytechcc.edu

Cumberland GROW Initiative is a program designed to support local individuals with employability barriers and to assist local employers in the construction and trade industry with employable, skilled and certified individuals. Areas of focus are Plumbing, HVAC, Electrical, Forklift, Carpentry & Cabinetry, Welding and HRD.

In 11 weeks (or less than 90 days), earn a total of 334.00 contact hours, 33.40 Continuing Education units and 3 industry credentials i.e. NCCER Core, OSHA 10 and Forklift certification.

All students must follow the attendance policy and any other credential program requirements to successfully earn credentials at the conclusion of the 11-week program.

Contact us TODAY if you answered yes to any of these questions!

- Are you interested in earning highly portable industry credentials?
- Do you want to gain entry-level hands-on experience?
- Would you be interested in enrolling into a paid internship program?
- Would you like to interface with industry leaders?
- Do you want to achieve your career goals?

Complete Your Continuing Education Teacher Renewal Credits Here!

Our classes are informative and they're offered through a convenient and highly interactive online environment! Choose from a variety of online courses, built to address the needs of today's educator and assist you in meeting your continuing education requirements.

INTEGRATING TECHNOLOGY IN THE CLASSROOM – ONLINE

In this professional development course for teachers, you will learn the secrets of technology integration in the classroom and gain the skills needed to effectively use wikis, podcasts, and blogs. In this course, you will discover simple ways to integrate technology to enhance your subject material and meet your course goals. Additionally, you will explore quick-and-easy, standards-based solutions for more interactive lesson plans, exciting WebQuests, and challenging assignments. This course also covers the power of Web resources, Word, Excel, and PowerPoint. Furthermore, you will learn how to design your presentation station, identify kid-friendly Internet search tools, teach keyboarding and word processing, and develop standards-based, integrated lesson plans in reading, writing, science, math, social studies, music, and art. Finally, you will delve into ways to reach special needs, GATE, and English language learners. Whether you are new to the integration process or already use emerging technologies in your classroom, this course is a must for today's educators who often have to produce more and more in less and less time. By the end of the course, you will have a reservoir of ideas for integrating all types of technology into your lesson plans across the curriculum! WEDDING/EVENT PLANNING

CORPORATE & SOCIAL EVENT PLANNING

Are you interested in learning more about planning meetings/seminars, product launches, galas, trade shows, retirement parties, and more? The objectives set for this course will allow you to expand your knowledge by learning in-depth terminology for the corporate world. You will also learn how to design events, set budgets, plan and execute decisions successfully, review performances, and charge for services. Take your event planning business to the next level and become a corporate event planner! Your instructor will help you develop a philosophy of success that will prepare you to start an organized event planning business or elevate your current business and teach you how to prepare essential business forms.

WEDDING & EVENT PLANNING: PARTS I & II

With weddings and special events becoming larger and more complicated to coordinate, many people are turning to the services of professional event planners for help. If you enjoy working with people, are detail-oriented, have good communication skills, and a lot of patience, this may be the ideal business for you! Whether you are interested in establishing a home-based business, working part-time, or beginning a new career, training to become a certificate-holding professional Wedding & Event Planner may afford you many opportunities to earn supplemental income. The main topics covered during this course will include wedding history, etiquette, traditions, how to coordinate and direct weddings for couple of any faith, select sites and vendors (caterers, florists, photographers), choose a name for your business, how to write a business plan and obtain a business license, and prepare a wedding/event planner's notebook. Your instructor will also help you develop a philosophy of success that will prepare you to start an organized business with very little start-up expense and the potential to earn an excellent income. This course should be of interest to those who are considering a career in the wedding/event business or those who are already working in the services dealing with weddings, such as florists, caterers, or other event/wedding services.

GRE PREPARATION

If you are ready to go for that advanced degree but have never taken the Graduate Record Exam (GRE), PLEASE prepare for it. No one should go into the exam cold and not knowing what it is all about. Moreover, the GRE exam has changed, and the new format should be reviewed before you take the exam! Your admission into advanced degree programs may well depend on your score on this exam. This course is designed to help you prepare for all parts of the re-formatted general exam to include a review of the verbal, quantitative, and written sections of the exam. You will also learn useful test-taking tips and hints. **Textbook Requirement:** *The Official Guide to the GRE General Test*, Third Edition, by ETS. **Supplies:** Please bring a notebook, pencils, and a calculator to class each session.

PREPARATION FOR THE SAT

Get ready for the SAT—one of the most important exams you will ever take. This comprehensive preparation program is designed to help you meet the challenges of the exam format. You will receive a thorough overview of the SAT and become familiar with every question type that appears on the exam. The course will cover both math and verbal skills. Practice will include math skills and review of test questions including algebra, geometry, percentages, pictorials, and quantitative comparisons. Verbal skills will also be covered with special emphasis placed on the critical reading section which includes single and paired passages, sentence completion, analogies, and vocabulary enhancement. The text includes in-class and home-study materials. **Textbook Requirement:** *SAT Prep Plus 2021*, by Kaplan. **Supplies:** Please bring a notebook, pencils, and a calculator to class each session.

ART

ACRYLIC PAINTING TECHNIQUES

Are you looking to explore your artistic side using acrylics? During this course, your instructor will offer a variety of ideas and techniques that you can apply to many different surfaces. You will be able to create hand-painted decorative pieces to share! **Supplies:** Students will need to purchase some supplies and you may wait until after the first class meeting to purchase.

Instructor: Susan Keels

W	1:00pm-4:00pm	May 05-Jun 02	Fee: \$45	15 hrs	90007	CEC 139
---	---------------	---------------	-----------	--------	-------	---------

ACRYLIC POUR PAINTING

Acrylic pouring is a fun and easy way to create one-of-a-kind works of art. It is a painting technique where acrylic paint is mixed with a type of pouring medium and then poured onto a surface in a variety of ways in which you will learn about throughout this course. During the paint-pouring process, the paint colors interact in unpredictable yet always fascinating ways. All of the techniques you will learn are straightforward and simple, which will enable you to enjoy the creative process! **Supplies:** Students will need to purchase some supplies and you may wait until after the first class meeting to purchase.

INSPIRED BY THE GREATS

Monet’s light, Van Gogh’s movement, Klimt’s sparkle and Kahlo’s emotion....all are integral components of these famous artists’ work. Understanding and appreciating these elements can make you a better artist and a well-rounded painter. In this course, we will study 8 different painters and their notable styles, while trying our hand at our own interpretations of these artistic styles. Each week we will study a different artist and breakdown their particular painting or drawing style. Utilizing this breakdown, we will attempt to use that particular technique in our own work. Students can expect a lot of growth in their own style as well as an improved appreciation for all artwork styles. Special emphasis will be given to each student’s personal style and development within the new painting techniques. **Supplies:** Students will need to purchase some supplies and this cost is kept at a minimum. Please e-mail your instructor for a list of required supplies at roxannerothenberger@gmail.com.

Instructor: Roxanne Rothenberger

JEWELRY MAKING AND SILVERSMITHING (BEGINNING)

Learning to create jewelry through the technique of silversmithing is one of the most rewarding methods to create a one-of-a-kind work of art. This course is designed to cover the fundamentals of silversmithing to include silver soldering, sawing, forming, filing, and texture creation. While this course is designed for the beginning student, your instructor will work to meet the needs of students from a variety of jewelry making backgrounds. Emphasis will be placed upon soldering techniques as you work on various projects. **Supplies:** You will be provided with the basic copper and wire needed to practice the metalsmithing skills on your first project; however, please be prepared to spend between \$60-\$150 in supplies, depending on the project you choose to complete. You are also welcome to provide your own metal of choice at your cost if you prefer not to use the provided copper. Basic hand tools are available in the FTCC studio for novice students. Please contact the instructor with questions by e-mailing transformationartsgail@gmail.com.

JEWELRY MAKING: EARRING DESIGNS

Every jewelry ensemble is complete when you add the earrings! In this class you will learn to make earrings in various metals and shapes and wire wrap beads to make multiple designs. You will also make your own earring wires and head pins to personalize your jewelry. Join Muriel as she guides you through the steps to making beautiful jewelry! **Supplies:** Students will need to purchase some supplies that will not exceed \$45. A list will be provided during the first class. Students are encouraged to bring their own tools but there are some available for student use in the classroom. There is also copper wire and metal available in the classroom for practice. The added cost will be in the purchase of sterling silver wire and/or metal.

Instructor: Muriel Roux

W	6:00pm-9:00pm	Apr 07-May 26	Fee: \$80	24 hrs	90946	CEC 145
W	6:00pm-9:00pm	Jun 02-Jul 21	Fee: \$80	24 hrs	90023	CEC 145

JEWELRY MAKING: GLASS FUSING DESIGNS

Glass fusing is a beautiful method of creating art that is used to join glass pieces together by partly melting the glass at high temperatures. During this class we will cover the simpler rules of coefficients as well as the use of different types of glass such as the frits, stringers, noodles, and confetti. We will thoroughly discuss the different kilns and kiln temperatures used for all projects to begin with basic fusing, decals, and we will finish with embossing. All levels are welcome to this class! **Supplies:** You will be provided with the basic copper and wire needed to practice the metalsmithing skills on your first project; however, please be prepared to spend between \$60-\$150 in supplies, depending on the project you choose to complete. Please contact the instructor with questions by e-mailing transformationartsgail@gmail.com.

OIL PAINTING (BEGINNING)

This course is designed to introduce the basic elements of oil painting to students with little or no experience. Students will work with oil colors and explore the many ways oil paint can be used. Basic care and handling of materials will be covered as well as studio safety. Instruction will be done on a variety of materials, and specific exercises will be given so that students can explore color, light, texture, transparency/impasto and composition. The class projects will concentrate on developing technical skills and aesthetic goals in regards to handling oil painting media. Special emphasis will be given to personal style development while adhering to proper technique.

Supplies: Students will need to purchase some supplies and this cost is kept at a minimum. Please e-mail your instructor for a list of required supplies at roxannerothenberger@gmail.com.

Instructor: Roxanne Rothenberger

PAINTING WHAT YOU SEE

Painting a lasting piece of artwork is a process and, in this class, we will explore the steps within that process to guide you from concept to creation and the final step of preserving your work of art. “Seeing” is step one, followed by learning to develop a pleasing composition. During this class, we will focus on preparing your canvas, then applying your composition to that surface, while also exploring color, color theory, color harmony, complimentary colors and identifying the color of your light and shadows. There are many other factors which will impact the result in your artwork to include the edges, different mediums, quality paint brushes and paint to apply to the canvas. Join us as we create timeless art pieces to preserve and enjoy together! **Supplies:** Please email your instructor at rpotter@nc.rr.com for the supply list.

PORTRAITURE DRAWING

Creating a portrait that can display the likeness, personality, and even the mood of a person is no easy feat. In this course, however, you will gain the skills to do just that. The instructor will guide you through exercises designed to increase your anatomical and realistic drawing abilities. By applying the principles, elements, techniques and conceptual approaches of portrait drawing, you will gain confidence in your ability to create a beautiful portrait. Special emphasis will be given to anatomical structure as a tool in portrait drawing. **Supplies:** Students will need to purchase some supplies and this cost is kept at a minimum. Please e-mail your instructor for a list of required supplies at roxannerothenberger@gmail.com.

----	---------------	---------------	-----------	--------	-------	---------

POTTERY (BEGINNING)

If you have always been fascinated watching potters and thought it looked like fun, come and learn just how much fun it really is. Pottery is not difficult to learn, but it takes patience and the willingness to get a little dirty. As a beginning student, you will learn basic throwing techniques with emphasis on making functional forms such as mugs, bowls, and vases. You will learn how to trim, decorate (if desired), and glaze your pieces. If you are interested, you can also work on hand-built pieces. **Supplies:** Students will need to purchase their own clay (available from FTCC bookstore). Glazes are provided.

Instructor: Carson Aubin

“STEAL” LIKE AN ARTIST

There are so many amazing art mediums in the world...where do you even start? Have you ever walked through a museum, been inspired and thought you would love to learn that style? Maybe you have browsed social media and saw an acrylic pour painting, or a beautiful, colorful landscape and thought.....I could do that! Join Roxanne as she guides the class each week to explore a different style of painting. Each week you will be introduced to a different technique of painting, a short history and then have the opportunity to practice each technique. Some techniques we will explore include pop art, landscapes, abstract expressionism, realism, acrylic pouring, fauvism and student's choice! Special emphasis will be given to developing each student's personal style and development. **Supplies:** Students will need to purchase some supplies and this cost is kept at a minimum. Please e-mail your instructor for a list of required supplies at roxannerothenberger@gmail.com.

FINANCIAL PLANNING

ESTATE PLANNING

Estate planning is a subject no one likes to think about, but one that requires thoughtful consideration. If you fail to plan for the settlement of your estate, the state subjects your assets to probate, a potentially time-consuming, expensive, and public procedure that could make an already difficult time impossible for your heirs. Fortunately, good estate planning can help out during your lifetime and help your family later. Join us! Topics will include wills, gifts, and joint ownership.

Instructor: Tracey Henderson

T 1:00pm-3:00pm Jul 13 Fee: \$20 2 hrs 91346 NC 7A

Due to the impact of COVID-19, these classes may change from traditional to a hybrid or online setting. The Corporate and Continuing Education Division will make contact with all students registered for these courses one week prior if the course format changes.

LIVING IN RETIREMENT – NEW!

This seminar is designed for working professionals who are within 10 years of transitioning into retirement AND for those who are currently retired. The instructor will provide guidance to help you live comfortably during your retirement. Topics will include: sources of retirement income (including Social Security), estate planning, types of retirement accounts, and portfolio construction or realignment. Feel free to bring questions! Civilians and military personnel are welcome.

Instructor: Jonathan Proffitt

T 10:00am-12:00N Jun 22 Fee: \$15 2 hrs 91405 NC 7A

Due to the impact of COVID-19, these classes may change from traditional to a hybrid or online setting. The Corporate and Continuing Education Division will make contact with all students registered for these courses one week prior if the course format changes.

MUTUAL FUND INVESTING

Some of the fastest growing investment vehicles are mutual funds. This course will help you understand how mutual funds work and how they can be used to meet almost any investment goal. While geared to the beginner, this course can be helpful for those already using mutual funds.

Instructor: Isaac Allen

T 3:00pm-5:00pm Jun 08 Fee: \$20 2 hrs 91347 NC 7A

Due to the impact of COVID-19, these classes may change from traditional to a hybrid or online setting. The Corporate and Continuing Education Division will make contact with all students registered for these courses one week prior if the course format changes.

PREPARING FOR RETIREMENT – NEW!

Are you a working professional looking to begin planning for retirement? If so, sign up for this seminar to make sure that you are on track to accomplish your financial goals. The instructor will discuss and answer questions about the following topics: what retirement is, sources of retirement income (including Social Security), estate planning, types of retirement accounts, and portfolio construction. Please note that this seminar is targeted towards those who are about 10-30 years away from retirement. Civilians and military personnel are welcome.

Instructor: Jonathan Proffitt

T 10:00am-12:00N May 25 Fee: \$20 2 hrs 91406 NC 7A

Due to the impact of COVID-19, these classes may change from traditional to a hybrid or online setting. The Corporate and Continuing Education Division will make contact with all students registered for these courses one week prior if the course format changes.

ROTH IRA

A Roth IRA is an individual retirement plan that bears many similarities to the original IRA except that it is not tax deductible. It is important that people understand the details of a retirement investment so they may reap the most benefits. In this course, the instructor will explain the best retirement investment method that is appropriate for each individual and explain the benefits and risks involved with a Roth IRA.

Instructor: Isaac Allen

Th 3:00pm-5:00pm Jul 08 Fee: \$20 2 hrs 91348 NC 7A

Due to the impact of COVID-19, these classes may change from traditional to a hybrid or online setting. The Corporate and Continuing Education Division will make contact with all students registered for these courses one week prior if the course format changes.

SOCIAL SECURITY RETIREMENT SEMINAR

Social Security is an important part of retirement planning. In this seminar, you will learn about the benefits and programs available from the Social Security Administration. Emphasis will be placed on students understanding the Social Security Administration website, how to retire comfortably with their social security benefits, and how to determine whether they are able to retire with social security or if they will need extra support.

Instructor: Jonathan Proffitt

T 12:00N-2:00pm Apr 06 Fee: \$10 2 hrs 91255 CEC 143

FLORAL/GARDENING/LANDSCAPING

COMPOSTING WITH VERMICULTURE

Composting is the natural process of decomposition and recycling of organic material into a humus-rich soil amendment. Vermiculture is a method of composting with various species of worms who eat your decomposing food waste. Why not try both? Join Cheryl Garrett to learn how to start and enjoy the experience of doing it yourself! Learn different ways to build a "Brown & Green" composting bin and also how to set up an earth worm bin to eat your garbage and enhance your gardening soil. In this class, you will begin to see why composting in the world today is a necessity.

Instructor: Cheryl Garrett

Sat 10:00am-1:00pm Jun 05 Fee: \$30 3 hrs 91351 HEC 109

DAYLILIES

Come learn from the master of Daylilies what makes them so special! Roger will teach you everything you ever wanted to know about these beautiful flowers. From seeds, to transplantation, to grafting, you will learn it all in this class.

Instructor: Roger Mercer

Sat 10:00am-1:00pm Jun 19 Fee: \$30 3 hrs 91352 HEC 109

FLORAL DESIGN (BEGINNING)

This beginning level course will include lecture, demonstration, and hands-on practice in the principles and elements of floral design. You will be taught designs for special occasions or locations, as well as many tips and tricks the professionals use to create beautiful arrangements.

Supplies: Supplies will be discussed on the first night of class.

Instructor: TBA

Th 6:00pm-9:00pm Apr 08-May 13 Fee: \$65 18 hrs 91296 HEC 109

GARDENING FOR DUMMIES: FROM A TO Z

This course is designed to help the new gardener know what steps to take to set up a home garden. Students will receive clear information on what planning needs to be done before that first seed goes in to the soil. Students will be able to discuss their personal garden goals with the instructor and receive feedback to plan their home garden!

Instructor: Cheryl Garrett

INDUSTRIAL SEWING

The Furniture Upholstery classes are offered to provide training to students that will allow them to increase their skills from novice to professional. For additional information, please call (910) 678-8431.

COMMERCIAL SEWING MACHINE TECHNICIAN

Operating an industrial sewing machine is a skill that can be learned with proper training and then used for obtaining employment. During this course you will learn to setup, operate, and maintain industrial sewing machines. Emphasis will be placed upon the mastering the skill of sewing straight lines, corners, curves and welts. Upon completion of this course, you should be able to thread, operate and perform basic maintenance repairs to industrial sewing machines. This is an excellent course for those interested in working professionally in the sewing industry or learning furniture upholstery. **Supplies:** Students will be required to provide their own tools to include scissors, nippers, straight pins, long tweezers, measuring tapes and additional items. Practice fabric is provided. However, students may desire to bring their own fabric for projects.

Instructor: Carolyn Hunt

T,Th	1:00pm-5:00pm	May 11-Aug 17	Fee: \$180	116 hrs	90037	311 Williams St.
------	---------------	---------------	------------	---------	-------	------------------

DRAPERIES & WINDOW TREATMENTS

Are you interested in learning the professional skill of sewing draperies and window treatments? During this course you will learn the proper method and technique for sewing fabric on an industrial sewing machine to make window treatments. Emphasis will be placed upon learning to operate the machine, setup, threading, sewing straight lines, curves and performing basic maintenance. This is an excellent course for those interested in working professionally in the sewing industry or learning furniture upholstery and/or window treatment design. **Supplies:** Students will be required to provide their own tools to include scissors, nippers, straight pins, long tweezers, measuring tapes and additional items. Practice fabric is provided. However, students may desire to bring their own fabric for projects.

Instructor: Carolyn Hunt

M,W	1:00pm-5:00pm	Apr 12-Apr 28	Fee: \$70	24 hrs	90878	311 Williams St.
M,W	1:00pm-4:00pm	May 03-Jun 28	Fee: \$125	48 hrs	90038	311 Williams St.

FURNITURE UPHOLSTERY (BEGINNING)

Do you have a desire to learn how to restore furniture by replacing the upholstery? During this course you will be given an introduction to the safe use of inside and outside upholstery tools, materials and techniques to re-upholster small seats on chairs, footstools and small pieces of furniture. Students may progress to sewing additional types of covers for re-upholstery, how to re-tie and tie springs, brace the frame and how to secure the webbing – all part of the upholstery process. Upon completion, students should understand techniques of upholstering small pieces of furniture. **Supplies:** Please bring the following tools the first day of class: tape measure, fabric scissors, needle-nosed pliers, wire cutters, upholstery nail remover, tack remover. NOTE: Students who have not sewn on the industrial machines will need to start with a small cushion, pillow, bench cushion or wingback chair in order to gain the basic skills. **Please bring your project to the first day of class and contact the instructor with questions before by calling (910) 494-5468.**

Instructor: Milagros Whitted

T	9:00am-1:00pm	Apr 06-May 11	Fee: \$70	24 hrs	90930	311 Williams St.
T	6:00pm-9:00pm	May 04-Aug 17	Fee: \$125	48 hrs	90040	311 Williams St.

MOTORCYCLE

MOTORCYCLE: BASIC RIDER COURSE

Learn safe motorcycle riding under the direction of Motorcycle Safety Foundation (MSF) certified instructors. This beginning course is designed for riders with little or no experience. Based on extensive data, research, and field tests, this course combines classroom and on-bike experience to give overall understanding of motorcycling and prepares the student with basic riding skills. Motorcycles are provided. **Students will need DOT-approved helmet, gloves, eye protection, long-sleeved clothing, long pants, and sturdy, over-the-ankle, leather footwear.** You must be able to ride a bicycle and lift and keep the motorcycle upright. For registration and more information about this course, please visit www.LearnFTCC.com and search under the "Instructor Led" tab at the top of the screen. **BECAUSE CLASS SIZE IS LIMITED, PRE-REGISTRATION IS REQUIRED.** Students have the option to purchase \$2.00 accident insurance to cover class activities. **Accident insurance can be purchased at the Neill Currie Continuing Education building on FTCC's Main Campus. Please call (910) 678-8488 for class availability; for all other questions please call (910) 678-8446. NOTE: The North Carolina Motorcycle Safety Education Program requires 100% attendance. You must be in attendance and in your classroom seat at 5:30pm when the first class begins. Failure to be on time will result in your slot being denied and your registration fee forfeited.**

MOTORCYCLE REPAIR & MAINTENANCE

With the popularity of motorcycles and ATVs comes the opportunity to earn a living in motorcycle repair and maintenance. Maybe you already have some automotive repair experience and want to see if this is something that might interest you. During this hands-on class, emphasis will be placed upon two-and four-stroke engines, calibration and synchronization of carburetors, braking system safety and maintenance, what to do when the lights and power fails, repair of frame and suspension, and which oils are best at preventing damage. This course is also open to those who own a motorcycle or are considering buying one and want to learn how to do some of their own repair and maintenance. **NOTE: This class is 100% hands-on and held on location at The Cycle Shop. With questions, please contact Patrick Morrison at 910-497-3686 or email cycleshop104@gmail.com.**

Instructor: Patrick Morrison

MUSIC/DRAMATIC ARTS

BEGINNING PIANO I/PRACTICE ASSISTANCE

The class is best suited for a beginner who knows nothing about music! However, any level student may attend this class and receive practice assistance. In this course, the student will learn simple rhythms, dynamics and begin the early steps of reading music from the staff. We will learn Penta Scales and begin the work of developing hand coordination. With the help of the instructor, students will write out goals and will receive mini one-on-one lessons while getting some good uninterrupted practice done! **Supplies:** All students need to bring a set of headphones. Keyboards are available in the classroom, but they only have 76 of the standard 88 keys, and the keys are very lightly weighted. Students have the option of bringing their own keyboards and x-stands. **Textbook Requirement:** *Adult Piano Adventures All-in-One Piano Course Book 1* by Faber & Faber.

Instructor: Sylvia Morris

W	6:00pm-9:00pm	May 19-Jul 07	Fee: \$75	24 hrs	91356	CUH 366
W	6:00pm-9:00pm	Aug 11-Sep 29	Fee: \$75	24 hrs	91357	CUH 366

BEGINNING PIANO II/PRACTICE ASSISTANCE

The curriculum for this class is best suited for a student who is ready for page 50 and beyond in Faber and Faber's *Adult Piano Adventures All-in-One Piano Course Book 1*. However, any level student may attend this class and receive practice assistance. Students will be reading music on the staff, learning more about music form and continue building coordination with scales. With the help of the instructor, students will write out goals and you will receive mini one-on-one lessons while getting some good uninterrupted practice done! **Supplies:** Students will need to provide their own keyboard, x-stand, bench, music rest and a set of headphones. **Textbook Requirement:** *Adult Piano Adventures All-in-One Piano Course Book 1* by Faber & Faber.

Instructor: Sylvia Morris

T	6:00pm-9:00pm	May 18-Jul 06	Fee: \$75	24 hrs	91358	CUH 366

COMMUNITY EMERGENCY RESPONSE TEAM

The Community Emergency Response Team (CERT) in cooperation with the Department of Homeland Security provides the basic training to help our citizens take care of themselves and then help others in their communities for the first three days following a disaster. This course consists of 20 hours of training in such areas as disaster preparedness, fire suppression, medical triage operations, search and rescue, disaster psychology, and terrorism. The course is designed to be of value to private citizens, businesses, churches, and schools that want the skills and knowledge required to prepare and respond to a disaster. After receiving this training, you will have a greater understanding of what you need to do to prepare yourself and your family for situations such as Hurricane Katrina or 9/11. For additional information, please contact the CERT Commander for Cumberland County, Marlin Scott, by e-mail at tanzabug@aol.com. **Pre-registration is required. Please see the registration instructions in the catalog.**

HOW TO HOMESTEAD

With the cost of living going up, the idea of “homesteading” to become more self-sufficient is turning into a popular topic! During this course the instructor will teach you what you need to do to raise crops and food to help cut costs and reduce trips to the Store. Key topics will include growing crops, raising farm animals, bee keeping, worm farming and how all of these things work together to make everyone more self-sufficient. Join Dennis as he teaches you the art of living the simpler life through self-sufficiency. **NOTE:** Students do not need to purchase any supplies for this course. With questions, please contact your instructor at johnsden@faytechcc.edu.

Instructor: Dennis Johnson

INTERMEDIATE BILLIARDS

After taking Billiard Fundamentals, join us for Intermediate Billiards. This course will build on the skills you have and incorporate the diamond system, learning how to measure the ball on the table, and the technique of kicking. This course will help you hone your game and make you a better billiards player! **PREREQUISITE:** Students should have mastered skills learned in Billiard Fundamentals before moving on to the intermediate-level course. **Supplies:** Supplies will be discussed at the first class meeting.

Instructor: Dwight Lovick, pbiq Certified Instructor

OPIATE OVERDOSE FIRST RESPONDER

The United States makes up about 5% of the world’s population, yet the US consumes approximately 80% of the world’s opiate-based pain pills. With such high consumption, opiate abuse and addiction has become the most pervasive hidden epidemic in our culture. This workshop has been created to train families and friends of opiate users to respond to an overdose with Naloxone, a first-line medication that reverses the effects of opiates and saves lives. The participants in this course will learn about the history of opiate use in the US and locally, how to recognize opiate use and abuse, risk factors, and much more.

Instructor: Stephanie Dixon

ROADSIDE SURVIVAL

Two hundred million licensed motor vehicle drivers in the US expose themselves routinely to a significant risk while betting that they will not become stranded when they drive. Would you like to become one of the drivers who has the ability to help yourself if something were to happen? If so, come join Walt as he walks you through easy solutions to many issues that may befall you as a motor vehicle operator. His experience will help you learn how to address problems such as tire blowouts, overheated engines and dead batteries. One part of the class will be spent in the classroom learning theory, and another part of the class will be spent outside with your personal vehicle putting all you have learned into action!

Instructor: Walt Brinker

PHOTOGRAPHY

Photography is one of the most popular ways to express your creativity! Whether you enjoy capturing beautiful photos as a hobby or as a profession, our photography instructors have the experience and professional background to take you to the next level. You'll notice we offer a variety of classes that will introduce you to the basic functions of a camera, to editing the images you've captured, with tips on how to run a successful photography business. With questions regarding these classes, please call (910) 678-8431.

DIGITAL PHOTOGRAPHY FUNDAMENTALS

Would you like to have more control over your camera? Frustrated because you can't make your camera work for you? This course will expand your ability to use your DSLR (digital single lens reflex) camera. You will gain an understanding of photographic terms, expressions, and techniques. Instruction will include basic camera controls, setting your camera up for optimal quality, using your camera in a variety of situations, using various modes to capture photographs in various situations, and the use of manual controls. We also cover art and composition as well as equipment selection. **NOTE:** Not recommended for point-and-shoot cameras. You will need to bring your camera and owner's manual on the first night of class. If you have questions about the class, please email the instructor.

Instructor: Johnny Horne, jhorne@fayobserver.com

DIGITAL PHOTOGRAPHY (INTERMEDIATE)

Have you ever heard someone say, "You have an eye for photography"? This is a trait that you must have, but many who are interested in photography simply were not born with the skill of finding the perfect light or angle when taking a picture. In this class, you will be given instruction on how to look for that artistic angle and capture that very moment before it passes. **PRE-REQUISITE:** Digital Photography Fundamentals or equivalent experience. **Supplies:** You will need to bring your camera on the first class meeting. A digital single-lens reflex camera is recommended, but is not required. If you have questions about the class, please email the instructor.

Instructor: Tony Wooten, tonywooten4@gmail.com

DISCOVER DIGITAL PHOTOGRAPHY

This course introduces the technology that has catapulted the photographic world into the 21st century. You will explore a broad overview of the basics of digital photography including equipment, software, and practical uses. We will discuss different types of digital cameras, from phones and tablets to digital SLRs, all of which offer a wide array of photographic options. We will also help you decide what type of equipment fits your needs, and you will have hands-on exercises so you can explore the areas that interest you. A discussion of digital photography would not be complete without digital editing options. We will explore a number of software packages, and you will learn how to compose your shots when you know you have digital editing available to you. You will also find out about your digital storage options—on the camera, the computer, and even beyond into cloud storage and online backups. Digital photography plays a big part in social media communication and image sharing, and we will discuss the basics of posting images online and some pros and cons of uploading to the Internet. Whether you are new to photography or a long-time photographer looking to move comfortably into the new world of digital work, this class provides opportunities for putting digital photography to use. This course serves as an excellent introduction before taking Secrets of Better Photography where we focus our time on camera settings, features, and the mechanics of taking better pictures. For more information including the fee amount, please visit www.LearnFTCC.com. **PRE-REGISTRATION IS DUE BY 5:00 P.M. ONE WEEK BEFORE THE CLASS START DATE.**

YOGA (BEGINNING)

Yoga has been recognized medically for the many benefits that it promotes and is often recommended by various medical treatments to supplement medical conditions such as depression, combat stress-related conditions, arthritis, diabetes and many more. Yoga, with its gentle movements, will enhance health by strengthening your body and improving oxygen flow, promoting a healthy mind, body, and spirit. Each lesson includes deep breathing and movement exercises that can be modified to accommodate any fitness level and medical needs. Yoga provides a unique, individual experience that will develop flexibility and stamina, increase awareness to help you identify stress and coping strategies, improve balance and concentration, and promote a more healthful lifestyle. **NOTE:** Please wear comfortable clothing, socks, and bring your yoga mat, towel, and water.

HOW TO REGISTER

Instrucciones de inscripción en español, disponible en <http://www.faytechcc.edu/continuing-education/registration/>

SPECIAL INSTRUCTIONS:

- **Pre-Registration is Required!**
You may register for Corporate & Continuing Education classes on a first-come, first-served basis. Please register well before the beginning date of your class. We require pre-registrations to be in a week before the start date (applies to all methods of registration). If you wait, your class may either be full or canceled due to low enrollment.
- **Payment Options:** We accept VISA, Mastercard, cash, moneyorders, and checks. Make checks payable to FTCC, including a pre-printed in-state address and your driver's license number on the check.
- **Active-duty Military Personnel** using mail-in registration for courses marked by an asterisk (*) will show military unit rather than home address.
- **Register for online programs** through walk-in registration or at www.LearnFTCC.com.

FEES:

- Registration fees for Corporate & Continuing Education courses vary with the type of course. Note: fees are subject to change. See course listings and contact the program for current fees.
- All personal interest classes are self-supporting; no fee-exemptions apply.
- Students are responsible for buying books, supplies, and kits.
- Students may purchase accident insurance to cover class activities at the CE registration office, located in the Neill Currie Building #218, 2201 Hull Road.

POLICIES:

- Admission is open to anyone 16 years of age or older (Additional requirements for College and Career Readiness and other select programs).
- FTCC does not practice nor condone discrimination, in any form, on the basis of race, color, national origin, religion, sex, age, handicap, or political affiliation.
- FTCC reserves the right to cancel any class due to insufficient enrollment, inadequate facilities, or if qualified instructors are not available.
- CE classes are not offered for college credit and are non-transferable to Curriculum programs leading to associates degrees, diplomas, or certificates unless stated otherwise. CEUs (Cont. Edu. Units) may be awarded for successful completion of specific courses at the rate of one CEU for each ten hours of class participation.

ONLINE REGISTRATION

Search and register for select classes within minutes using our simple online registration process! Pay with your VISA or MASTERCARD. Check course listings within this catalog for the  symbol to register online.

- Visit www.faytechcc.edu
- Scroll to the bottom and click on WebAdvisor
- Choose "Continuing Education"
- Enter a search word from the course title

WALK-IN REGISTRATION

You may register in-person at the following location:
