Why are unrestricted gifts so important?

FTCC Foundation's mission is to foster and promote the growth, progress and general welfare of Fayetteville Technical Community College, provide supplementary financial support to the College and its students, and advance and enrich the services provided for students, the community, alumni, faculty and staff of the College. While designated gifts are most appreciated, unrestricted gifts allow FTCC Foundation to meet the most critical needs of the College, as identified by the President.

Quotes From 2019 2020 Scholarship Recipients

"I am excited at the prospect of returning to the work force in a new career field and with the skills and knowledge that I've learned here at Fayetteville Tech. It is because of donors like you that I have been able to maintain a respectable grade point average and focus intently on developing those skills and cultivating that knowledge. You've also made it possible for me to acquire tools and materials that will be essential to how successfully I can apply the knowledge and skills I've immersed myself in learning these last few months."

Don Anderson, FTCC Scholarship Recipient

Program: Plumbing / Electrical Systems Technology / Building Construction Technology

"While being a full-time student, I am only able to work part time, which is just enough to pay for living cost. This scholarship is allowing me to further pursue my dreams of becoming a Radiologist and keeping me out of debt. With the money I will be receiving from the scholarship, I should be able to pay for the rest of my schooling and books. Thank you for this wonderful opportunity."

Alberto Lago, FTCC Scholarship Recipient

Program: Radiography

"I am a retired U.S. Marine, and this is a different career path than the one I was part of for my twenty years of active duty. Learning new, yet inspiring material about Information Technology, I hope will help me in this new progression of my life. As I also have children attending college at the same time as I am, this scholarship will help to soften some of the financial burden that is part and parcel of being an adult learner."

Lee Jean, Sr., FTCC Scholarship Recipient

Program: Information Technology / Systems Security & Analysis

"I truly appreciate the generous educational scholarship. With this scholarship, I am able to focus on my studies and not have to worry about trying to work and raise children while my husband is deployed."

Grace Perron, FTCC Scholarship Recipient

Program: Nursing
