

Institution Name: Fayetteville Technical Community College
Program Type: Medical Laboratory Technology
Degree Type: Associate of Applied Science

Program Effectiveness Data

The following is the most current program effectiveness data. Our programmatic accreditation agency, the National Accreditation Agency for Clinical Laboratory Science (NAACLS), defines and publishes this information. Click [here](#) to go directly to the [NAACLS](#) webpage. Data on this page is updated annually in the fall semester.

Graduation Rate: The number of students who complete the program compared with the number of students who begin the second year of the MLT program. The three-year average benchmark established by NAACLS is 70%.

Graduating Class	Percent Graduating
2022	PENDING*

*Data will be posted after the first graduating class completes ASCP testing.

Credentialing Examination: The number of students who pass, on the first attempt, the American Society for Clinical Pathology (ASCP) Medical Laboratory Technician (MLT) certification examination, compared with the number of graduates who take the examination within twelve months of graduation. The three-year average benchmark established by NAACLS is 75%.

Graduating Class	Percent Pass
2022	PENDING*

*Data will be posted after the first graduating class completes ASCP testing.

Job Placement: The number of students who obtain employment in the clinical laboratory or closely related field within 12 months of graduation. The three-year average benchmark established by NAACLS is 70%.

Graduating Class	Job Placement Rate
2022	PENDING*

*Data will be posted after the first graduating class completes ASCP testing.
