

**MILITARY & VETERANS PROGRAMS**

**MVP  
SPOTLIGHT**

My name is Kendon Julien and I am 29 years old. Originally from St. George's, Grenada, I currently serve as an active-duty Army soldier. While serving in the military, I also attended Fayetteville Technical Community College as a full-time student. I started my educational journey working towards my degree in November 2023. I am proud to say that my degree, an Associate in General Education, will be completed December 2024. I am now preparing to transfer to Fayetteville State University to pursue a Bachelor's degree in Cyber Security.

Balancing my studies with my military duties has been a huge milestone for me. I accomplished this to show every active-duty soldier that it is possible to chase your dreams, no matter how challenging, as long as you stay consistent and committed to reaching your goals.

I am passionate about numerous things outside of school and the Army such as fishing, drawing, producing and engineering music, and working as a travel agent. Looking forward, I plan to run three successful businesses. In addition, I plan to establish a fourth LLC dedicated to my dream which is creating a dog breeding program for Alaskan Huskies and Tibetan Mastiffs.

My biggest supporters on this journey have been my mother, my siblings, Mr. Martin Robinson, Mr. Jack Brown, Mr. Alon Gordon and Ms. Brashayla Morris. Coming to the United States as an immigrant from Grenada, my family and I faced trial after trial, but we persevered to build a life here. I am proud to be the second of my mother's four children to pursue a college degree, and our story is a testament to the strength and determination we share as a family.
