

Certified Medication Aide

Course Description

This course prepares graduates to meet the training requirements for becoming qualified as a Medication Aide. The course will cover the six rights of medication administration for non-licensed personnel. Topics will include medication administration via the oral, topical and instillation routes, medical asepsis, hand hygiene, terminology, and legal implications. Upon successful completion, students will be able to take the competency exam and demonstrate skills necessary to qualify for listing on the North Carolina Medication Aide Registry.

Program Hours: 29 hours
