## Student Spotlight - Zykria Best

As we near graduation, the Success Coaches are honored to feature the story of one of our spring 2022 graduates!

My name is Zykria Best, and I am 22 years young. I have been a student at FTCC for two and a half years. I felt like quitting a million times. I've cried in frustration until all I could do was either pray or sleep. I never thought I could make it to my graduation day, and yet, here I am. I owe my accomplishment to the success coaches, particularly Timothy Scott, and to my family for supporting me. Mr. Scott's patience is admirable because I know that I was not one of the easier students. I changed my program seven times, and he was there for every one of them. I strongly recommend using the school's resources to your advantage, particularly the success coaches. I wish I could pay them back for all the help they gave me.

Thank you to Zykria for sharing her story with us! Would you like your success story to be featured in a future issues of *Trojan Tips*? Reach out to your success coach!
